Relief Committee's Work Systematized and Every-One Is Supplied.

BUILDING BEGINS

Gen. Greely Succeeds Gen. Funston in San Francisco—Three Looters Are Shot.

RELIEF POURS INTO CITY

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN FRANCISCO, April 23.—San Francisco had another earthquake shock at 10:39 o'clock tonight which lasted three seconds. The oscillations were from East to West. No damage was done so far as at present reported.

The new San Francisco that will rise from the ashes of the old, today was in its first stages of rebuilding. After five days of confusion and almost superhuman effort on the part of citizens of California's metropolis, the great task of sheltering, feeding and otherwise caring for the homeless thousands, order has been established and attention turned to the future.

Throughout the great business center, where the devastation by fire was the most complete, dangerous walls were razed, buildings that had not been disintegrated by fire were inspected with a view of reoccupancy, and ground was cleared for the immediate construction of buildings in which to resume business at the earliest possible time.

Confidence has been restored. The assurance of insurance companies, the measures taken by the financial institutions, the prompt and reassuring words that have reached the business men of San Francisco from eastern financial centers, all these things have dispelled the feeling of uncertainty.

Had Temporary Setback.

The generally encouraging situation temporarily suffered a setback early today, because of a chilling rain which fell in the late hours of last night and during the forenoon on the thousands protected only by canvas coverings and even less impervious shelterings. While the rain caused considerable suffering for the time being, conditions were quickly ameliorated by the prompt action of every relief committee, as well as by the voluntary acts of householders.

One good effect can be credited to the rain. It extinguished the fire which broke out with renewed vigor in the coal bunkers north of the Ferry building just after midnight.

Homeless people were fed today in a systematic manner. From the water front, where the boatloads of provisions docked, there was an endless procession of carts and drays carrying food to the scores of sub-stations established throughout the city and the parks. At these stations food and drink, comprising bread, prepared meats and canned goods, milk and a limited amount of hot coffee, and even fruit, were served to all those who applied. About 1,500 tons of provisions are moved daily from the water front.

Relief Committee Has Less Trouble.

Large supplies of blankets, tentings and other material to provide coverings for those who have been scantily supplied are reaching the supply stations rapidly. Barracks have been completed at several points, and in these many people have found comfort and shelter against the inclemencies of the weather. The situation in the congested camps, such as Golden Gate park and the various public squares throughout the city, has been considerably relieved by the departures of many people for points on the other side of the bay. While the number of people leaving the city is nothing like the vast crowds that packed the ferryboats during the last two days following the earthquake, the number was sufficiently large to satisfy the relief committee that its task will become less difficult from day to day.

General health conditions are satisfactory. While the number of cases at the various hospitals has increased each day, sickness is mostly due to exposure and worry. The most encouraging feature is the absence of anything like contagion or an empidemic of disease of any nature whatever. The somewhat unsatisfactory sanitary arrangements in the various camps, the lack of a variety in diet and the exposed situation of so many people necessarily develops ailments, and in some places there have been a few cases of such diseases as measles and chickenpox, but probably not more than would develop under ordinary circumstances in a large city. The primary causes of disease are removed as fast as possible.

Greely Succeeds Funston.

Gen. A. W. Greely took command of the Federal troops at this post, superseding Gen. Frederick Funston, who will act under Gen. Greely's orders.

Gen. Greely has established headquarters at Fort Mason, just east of the Presidio reservation, on San Francisco bay.

Gen. Greely was on the way east to attend the wedding of his daughter and learned of the fire while in Chicago. He immediately returned to San Francisco. Maj.-Gen. Greely is commander of three divisions, including the Pacific division, commanded by Gen. Funston.

The heavy rains of last night and today did not weaken the walls left standing in the burned area. Menacing walls are dynamited as fast as possible. Danger from falling walls is decreasing every hour. Gen. Funston has placed his dynamite corps at the disposal of the building committee and they are throwing down dangerous walls along Market street. When this thoroughfare is safe the dynamiters will devote attention to side streets, keeping up the work until they have covered all the streets in the business quarter.

Legal business will be resumed in San Francisco tomorrow morning. All the superior judges will open their 12 departments in the Jewish synagogue, Cali-

RELIEF FUND IS NOW $240,000 AND GROWING

Benefit Performances and Other Plans Expected Greatly to Augment Amount.

Pittsburgh's offering to date to San Francisco and the stricken communities of the Pacific coast has nearly reached the quarter million mark, and with scores of benefits planned for the present week and many societies, churches and organizations actively engaged in raising contributions, the conservative prediction is made that Greater Pittsburgh's contribution will be in excess of $300,000.

EXPECT FUND OF A MILLION TO START ON

Chancellor McCormick Tells of Plans for Greater W. U. P.

WILL HAVE NEW SITE

All Departments to Be Grouped Probably in the Vicinity of Carnegie Library.

NEW OFFICE FOR DR. LINHART

Amid the greatest enthusiasm of about 200 graudates assembled at the Union club last night for the annual smoker, Chancellor McCormick reviewed the growth in the past year and gave definite utterance to the plans and hopes for the greater Western University of Pennsylvania. That it is expected to have a fund of at least $1,000,000 available for use by the first of next December, that a site is under consideration in the Bellefield district, and that prospects are the brightest for the future expansion of the institution were brought out in his very optimistic address. He also announced the appointment of the Rev. Dr. S. B. Linhart, president of Blairsville college, and former pastor of the Forty-third Street Presbyterian church, as his assistant. It is said Dr. Linhart may also be called to the pastorate of the Morningside Presbyterian church.

The smoker last night was held instead of the annual banquet, which by unanimous consent was postponed until commencement night, June 12, so that this year's graduating class may be given opportunity to attend. The graduating exercises in all the departments, except pharmacy, will be held that afternoon at the Nixon theater and the banquet will follow, likely at the Union club.

Took a Shot at Brashear.

At the smoker the president of the alumni association, F. W. Miller, presided, and impromptu addresses were made by Dr. John A. Breshear, Dr. A. E. Frost, Dr. Walter Riddle, Dr. George C. Johnston, the Rev. Dr. S. B. Linhart, Dr. C. F. Scott, H. S. Calvert, Dr. J. C. Lange and others. The greatest good-fellowship prevailed and the evening was enlivened with numerous selections by the university glee, mandolin and banjo clubs and the "Pickaninny Trio." One of the "hits" by the glee club was:

Prof. Brashear, he has a gun,
The same that caused the students fun;
But why didn't he the earthquake see?
Because, skidoo, it was 23.

Dr. McCormick's speech was distinctly the feature of the evening and it aroused in those who heard it even greater loyalty and devotion to their alma mater than they had felt before. Dr. McCormick said:

> It is the policy of the board to fit the university, in faculty and in equipment to do the work demanded of it in this great community. This year at least $20,000 in addition to its regular income will be required. Most of this has already been secured and the remainder will be provided before the close of the year. The advancement has been marvelous. Ten additions have been made to the faculty, adding immensely to the usefulness of the university in permitting the enlargement and multiplying of courses as well as adding vastly to the efficiency of the teaching force.
>
> During the past year, moreover, laboratories in psychology and in mining have been created, and more than $5,000 added to the equipment in the various departments, especially in mechanical engineering; through Dr. Brashear $75,000 has been subscribed to complete the observatory and fit it for its work. New interest and enthusiasm have been aroused, bringing the departments more closely together and the whole institution into contact with sister institutions.

New Athletic Committee.

> In athletic matters the trustees have created a new committee, bringing the athletic department more closely under the control of the university; an amateur basis of athletics has been adopted, and steps have been taken to the securing of a physical director who will be able to take entire charge of athletic matters, both coaching and management; the university has joined the Intercollegiate Athletic association of the United States, thus placing itself in line with measures of reform.
>
> The growth of the university in its student body has been commensurate with the faculty and increased equipment. We number this year 911, as against 812 last year. Three departments, collegiate and engineering, the medical and the pharmacy, have this year the largest attendance in their history. Every department is alive with interest and with enthusiasm, and everything is in readiness for the unification of the institution as soon as a new location can be secured.

The chancellor further announced that

WALTER WELLMAN LEAVES TODAY TO PREPARE FOR DASH TO POLE

New York Motor Club Gives a Farewell Reception to Journalist and Explorer—President Sends a Message Wishing Success.

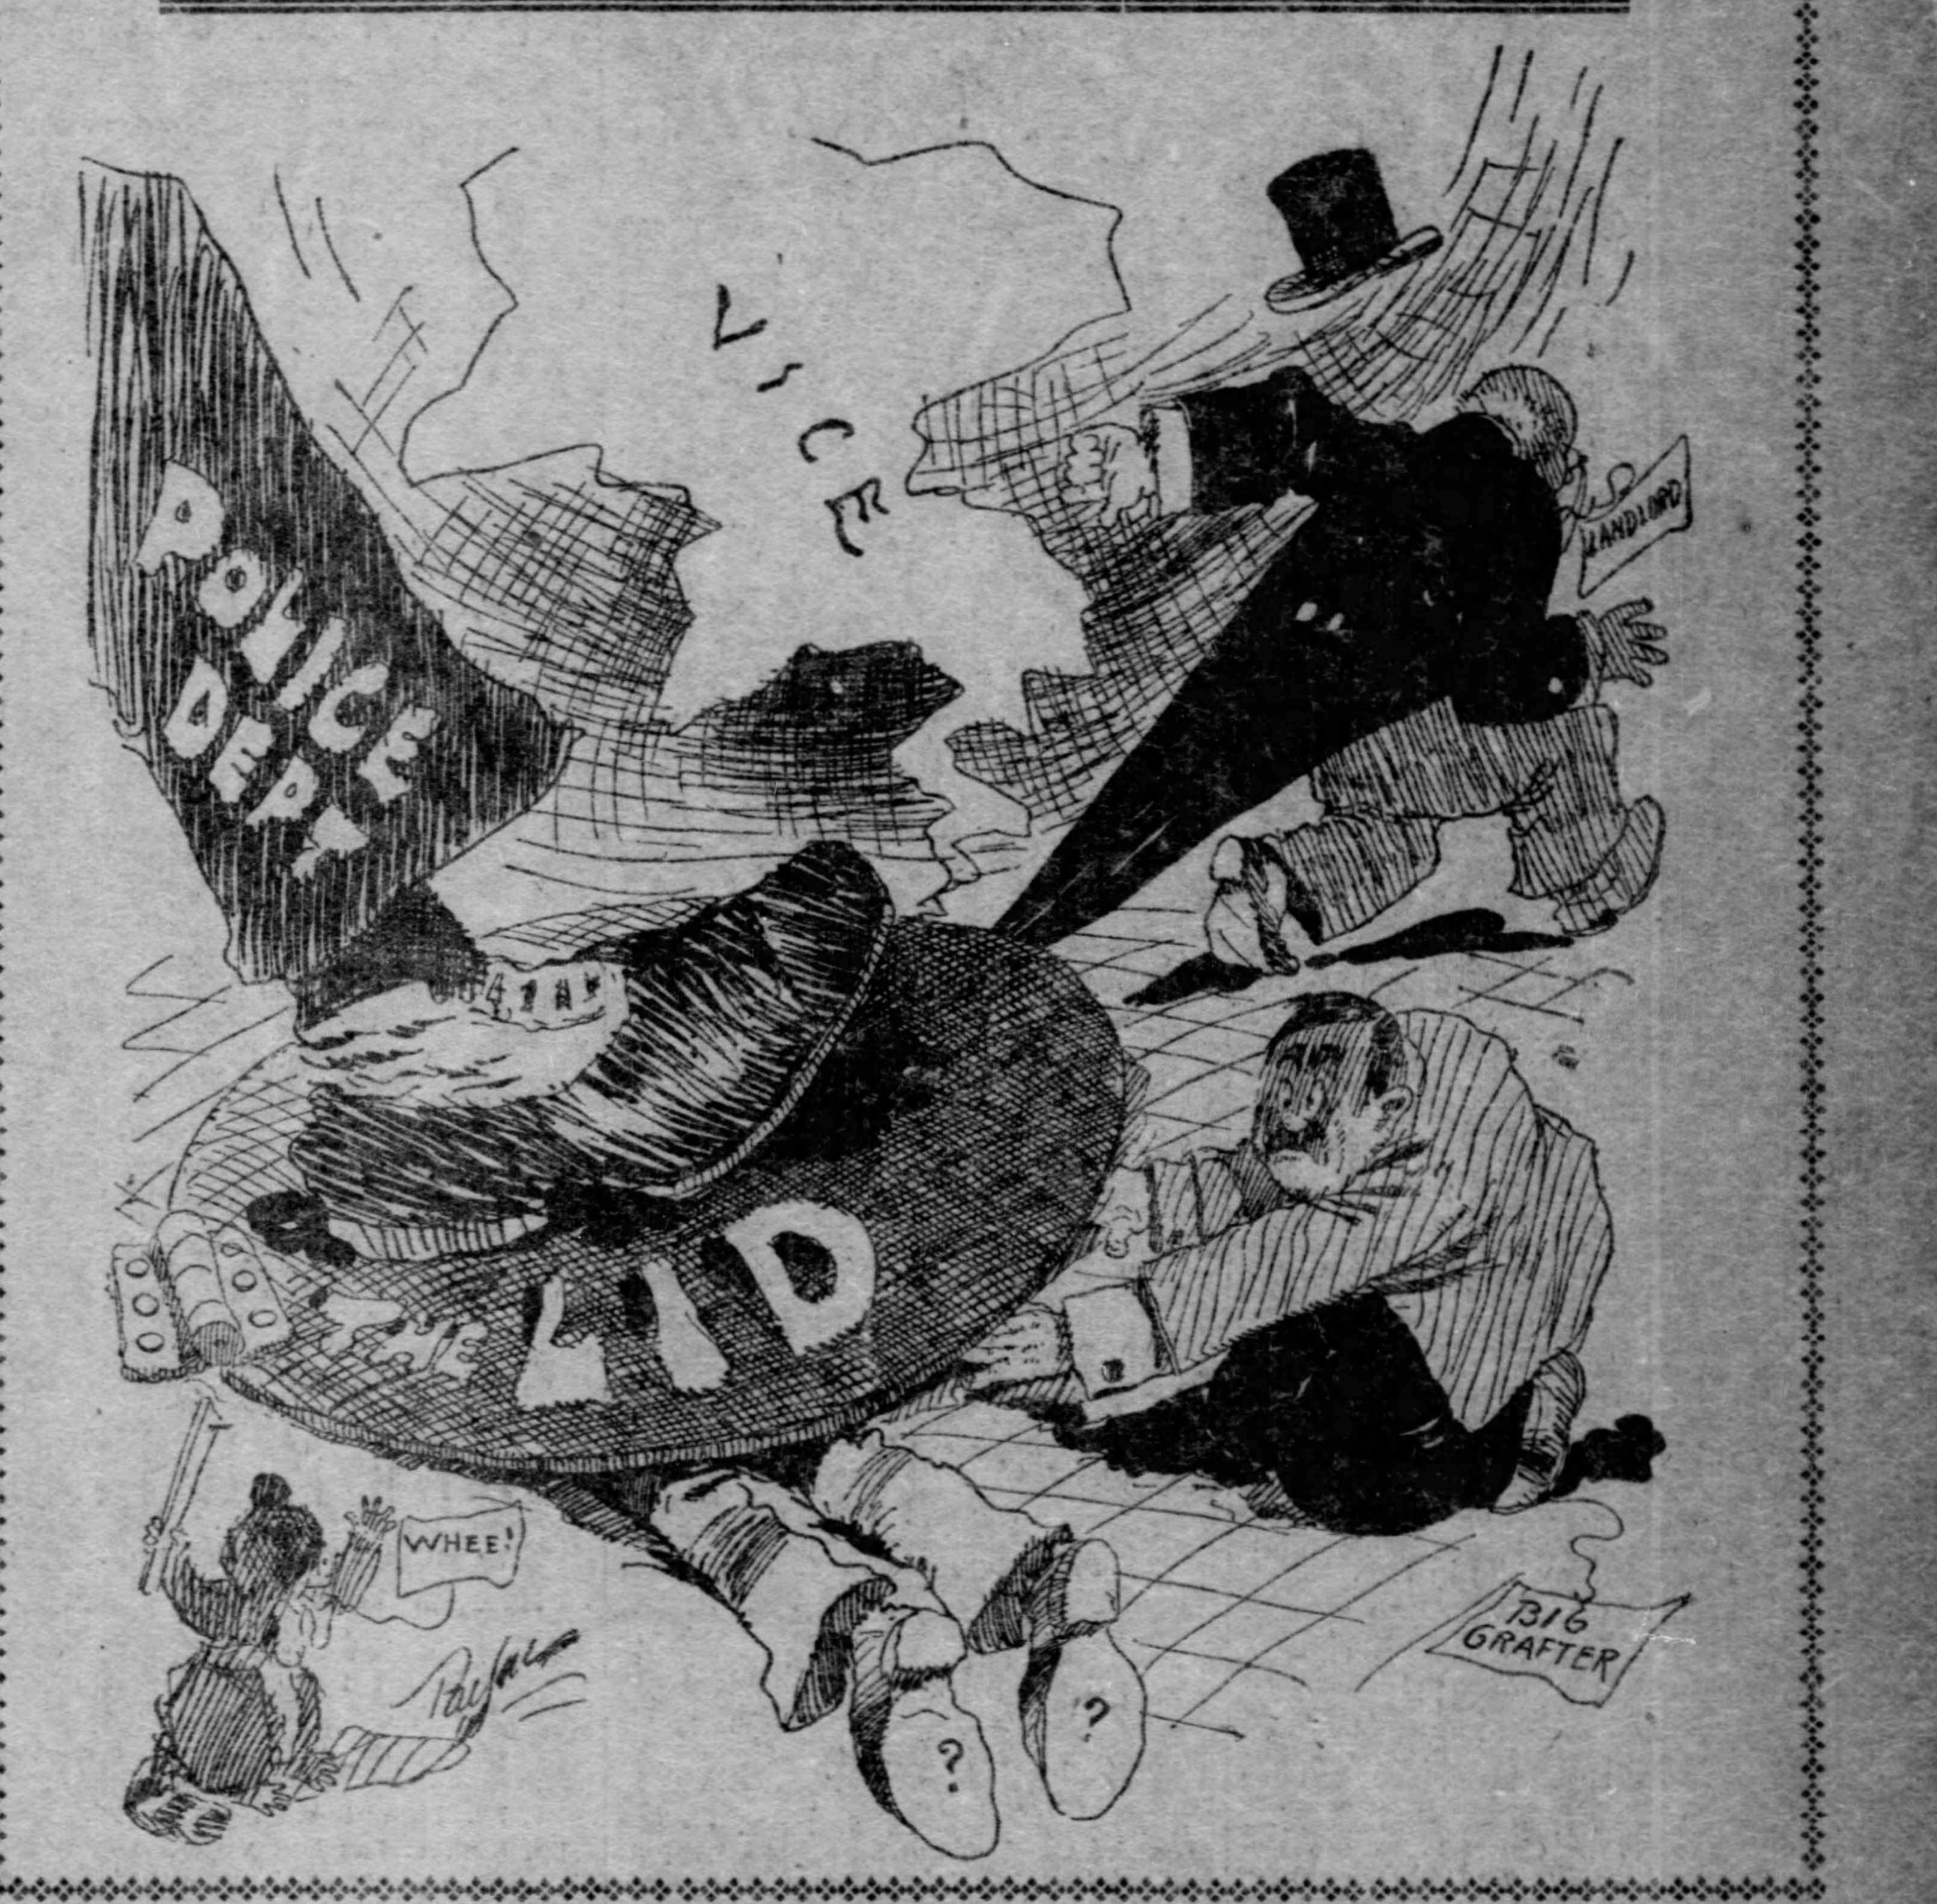
[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, April 23.—A farewell reception to Walter Wellman, who is to attempt the discovery of the North Pole with an airship, was given by the New York Motor club in the Waldorf-Astoria tonight. Mr. Wellman sails for Europe tomorrow on the Kaiser Wilhelm II. The explorer will be accompanied by Maj. Henry Hershy, who represents the weather bureau and the American Geological society in the expedition, and William Smith, a wireless expert, who is to be one of five men in the airship on its flight to the pole.

The expedition will start from Tromsoe, Norway, about June 20, on the Frithjof, the ice steamer used by the Zeigler relief expedition, for North Spitzbergen, from which place the airship expedition will start at a date not yet determined.

Mr. Wellman received the following telegram from the White House: "My Dear Mr. Wellman: I earnestly wish you all success in your enterprise and trust for your safe return. With regards, believe me, yours sincerely, Theodore Roosevelt."

Let It Catch Whom It May



WOMAN KNOCKS A THIEF DOWN AND HOLDS HIM

Nervy Hoboken Female Tires Out a Till Rifler and Captures Him for the Police.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, April 23.—After chasing a burglar over several fences and through streets until she had tired him out, Mrs. Walter Clarner of Hoboken fought him, knocked him down and then sat on him until the police arrived.

The woman caught the burglar in the act of rifling the money drawer in the office of H. L. Smith, at 510 Fourth street, next door, for whom Mrs. Clarner's husband is superintendent. She rushed in and grabbed him, but he broke away and ran through the rear door to the yard.

Mrs. Clarner followed, and when the thief jumped the fence she was not far behind. A number of other fences were scaled, until Fourth street was reached, and down this the chase continued. Recorder Stanton held the prisoner for the grand jury.

WILL START NEW COMPANY.

Mammoth Electrical Construction Concern Is Being Organized by Banking Firm.

NEW YORK, April 23.—(Special.)—To further facilitate the development of electrical construction work and to finance new electrical enterprises, Kean, Van Cortlandt & Co. has purchased control of the Westinghouse, Church, Kerr & Co. The company will be re-organized with a capital of $12,000,000, of which $7,000,000 will be in ready cash. George Westinghouse is to be on the board of directors.

John F. Wallace, the Panama engineer, whose resignation from the commission was announced several months ago, is to be the president. It is understood its vice president will be a banker, to be named by the banking house of Kean, Van Cortlandt & Co.

HIGH FINANCE AT WARREN.

Man Appropriates Fine Team, Trades It for $100 Bargain Money and Decamps With Horses and Money.

WARREN, O., April 22.—(Special.)—Samuel Banner, whose home is said to be in Pittsburgh, cleaned up $100 this afternoon and got away with a team of horses without being caught. He appeared with a team of fine black horses and a buggy and offered to trade them for John A. Pinkard's horse and a buggy and $100 to boot. Pinkard agreed.

After the money had been turned over, the stranger suddenly disappeared, taking with him the horses. It later developed the horses traded belonged to J. M. Risher of this city.

TRAINING SHIP FOUNDERS.

Captain and 33 of Crew of Belgian Vessel Are Drowned Off English Coast Near Dover.

DOVER, ENGLAND, April 23.—The Belgian training ship Count de Smet de Naeyer foundered off Prawle Point today. Her captain and 33 of those who were on board were drowned.

The remainder of the crew were picked up by a French bark and taken to Dunkerque.

Oldest British Subject Dies.

LONDON, April 23.—The death was announced in County Tyrone, Ireland, today of George Fletcher, the oldest British subject, so far as known. He was 118 year old. King Edward recently presented Fletcher with a gold snuffbox.

DRAWS REVOLVER TO PROVE WATCH IS OVERBID ON

John Nagy from Columbus Proves His Dissatisfaction With Auction Methods.

John A. Nagy, a Hungarian from Columbus, O., dropped into a Liberty avenue auction house last night and looked on while many glistening articles were sold at rockbottom prices to apparent customers who stood about the room. A watch was held up and Nagy liked its appearance. He bid and bid and bid.

The watch was knocked down to Nagy, but when he inspected it closer he didn't like the appearance of it. He protested against paying. He was assured that the watch was what it was represented to be and that it was his duty to pay the money and depart with the timepiece in peace.

Suddenly Nagy's hand went back to his hip pocket and he drew the proverbial, ugly-looking revolver. There was a scattering of the habitues, and the auctioneer, I. Levinson, yelled and ducked. Policeman Philip Eckert rushed in and seized Nagy just when, Levinson thinks, the weapon was about to get into real action.

At the central station Nagy shed $141 in bills. He was locked up, but still insisted that the watch wasn't worth the money.

SAYS BROOKLYN IS DOOMED.

Ohio Man Saw Destruction of San Francisco and Predicts International Conflict.

EAST LIVERPOOL, O., April 23.—(Special.)—John L. Griffin says that in a vision revealed to him three years ago, he foresaw the destruction of San Francisco by earthquake and fire. The chapter which he wrote at that time has been seen by persons who vouch for its accuracy.

The next great city to be destroyed, according to his vision, is Brooklyn. Then will follow a war, in which the navies of all nations will go under. Griffin was a coal miner for many years and later a leader of the Volunteers of America. He is now a house painter.

IS SHOT DOWN IN STREET.

West Virginian Kills Man Who Was "in His Way" and Wounds Another for Mentioning It.

BLUEFIELD, W. VA., April 23.—(Special.)—James Grey today shot and killed Alex Kadie at Natoka, giving as his reason that Kadie "was in his way." Just after the shooting Grey walked down the street and when Edgar Johnson pointed him out as the man who had shot Kadie, Grey fired at Johnson, the ball taking effect in the thigh.

Officer Mustard was attracted by the shooting and after a chase assisted by citizens the man was caught and hurried to Bramwell. A lynching is feared.

BOY MEETS QUICK DEATH.

Carries Dynamite Caps in His Pocket and When They Explode He Gets Fatal Injuries.

FRANKLIN, PA., April 23.—(Special.)—Harold Carmichaels, aged 17, was killed this afternoon by the explosion of several dynamite caps which he had in his pocket. He and Frank McClaren found the caps, which were being used by a railroad contractor.

Carmichael placed several of them in his pocket and then exploded another. The concussion discharged those in his pocket, killing him. McClaren was only slightly injured.

BOLD STAND OF A CANDIDATE FOR MINISTRY

W. E. Lewis Startles Presbytery by New Interpretation of the Confession of Faith.

W. E. Lewis, candidate for licensure before the Allegheny presbytery, yesterday caused a sensation among the Presbyterian divines when he said: "I accept the declaratory statement with a liberal interpretation. I do not believe God predestines anyone to be lost."

The Rev. J. H. Ralston, moderator of the presbytery, was examining Mr. Lewis on the confession of faith. Satisfactory answers were given until he was asked if he believed in God's eternal decree. Mr. Lewis replied in the language quoted above. The moderator, ministers and laymen were astounded. There was a long conference. Then a copy of the revised confession of faith, adopted by the general assembly, was secured. There it was found the doctrine of God's eternal decree is held in harmony with the doctrine of His love for all mankind. Mr. Lewis accepted this and the examination proceeded to a satisfactory termination.

W. J. Snyder and Samuel Mayne were also licensed to preach. The examination was held in the chapel of the Western Theological seminary. J. R. Langhner, D. W. McCloud and F. O. Wise were examined in experimental religion, and were taken under the care of the presbytery.

The Rev. A. W. Verner was appointed moderator of the West View session, and the Rev. T. Ross Paden was appointed chairman of the evangelical committee in place of the Rev. J. Allison Platts, resigned. The Rev. Charles A. McCrea was named to take the Rev. Mr. Paden's place on the committee. The next meeting of the presbytery will be held in the Glenshaw church, on the third Tuesday of June at 9 a. m.

"TWENTY-THREE" FOR SNOW.

For First Time in 23 Years Yesterday's Record Shows Fall of the Beautiful for April 23.

It was "twenty-three" for the weather elements yesterday.

The dawn of April 23 was delayed in an effort to break through a light snow storm, the first in 23 years to occur on April 23.

The snowfall yesterday belonged exclusively to this vicinity, none of "the beautiful" falling in any other section of the country. Records of the weather bureau show a light snowfall on April 20, 1883, and quite a blizzard on the 22d of the same year, but for April 23—a clear record for 23 years.

ALLEGHENY MAN PAYS EXPENSIVELY FOR DIAMOND

CLEVELAND, O., April 23.—(Special.)—James Penrose of Allegheny finds it hard to follow the honest paths of life. Last Wednesday he struck Cleveland after serving an eighteen months' sentence in the Western Pennsylvania penitentiary. On Thursday he grabbed a pin from the cravat of James Hanna of Columbus while riding on a street-car. Today Penrose was sentenced in police court to $50 and costs and three months in the workhouse.

City Not Under Martial Law.

SAN FRANCISCO, April 23.—San Francisco is not under martial law. There has been a general misunderstanding among the troops themselves. Mayor Schmitz is at the head of all patrolling and is merely assisted by the troops. Almost all of the stories of rash violence on the part of the troops are flimsy rumors.

DEATH MAY HAVE BEEN THEIR FATE

Returned Traveler Brings News That Causes Alarm for Lives of Homestead Couple.

PITTSBURGHERS HEARD FROM

Tidings of the probable death of Mr. and Mrs. August Miller, of Homestead, in the earthquake at San Francisco, were brought home yesterday by John J. Rattigan, a Homestead merchant, who barely escaped the disaster in San Francisco, and who witnessed scenes of terror in Los Angeles. Mr. Rattigan was in San Francisco the day before the earthquake and saw Mr. and Mrs. Miller at the Lick hotel, which was destroyed.

Many telegrams have been sent from Homestead, but no trace of the Millers has been found. Mr. Rattigan left San Francisco at midnight, just a few hours before the earthquake, which was felt while he was on board the train bound for Los Angeles. The train swayed to and fro. Los Angeles, he said, was in a state of terror when he arrived there. Many jumped from windows when the repeated quaking of the earth was felt.

A post card was received from Mr. and Mrs. George Munhall and John Lowry, Sr., of Homestead, by J. K. Lowry, the card stating, "We are all O. K. Have just had an earthquake which shook down half of the town of San Jose This was at 5:10 and the ground is still shaking."

Ward Riggs Is Safe.

The Rev. E. H. Ward, D. D., rector of the St. Peter's Protestant Episcopal church, has received a message from his wife's mother, Mrs. E. P. Taylor, and an uncle, Capt. W. A. Taylor, in San Francisco, stating that they are safe, but had suffered heavy loss of property.

A message was received from Ward Riggs, a Pittsburgher who was thought to have perished with his wife in San Francisco's disaster. A postal from Tracy, Cal., was received yesterday by his brother, Cooper Riggs, assistant manager of the Colonial hotel. Ward Riggs escaped the horror through a train delay. He had boarded a train at San Jose for 'Frisco the night before the earthquake, but was delayed at Tracy junction until further progress was impossible. Mr. Riggs was assistant manager of the Duquesne hotel for eight years and left Pittsburgh two weeks ago to engage in fruit farming on a ranch he had purchased in southern California. On the postal received yesterday he says he intends to "stick to the state."

Robert L. Sleeth of 301 South Lang avenue, returned from California yesterday, the earthquake causing him to terminate his visit abruptly. Mr. Sleeth is 80 years of age.

Loses Automobile in Fire.

Mrs. J. I. Nevin of 618 Aiken avenue, who returned Saturday night from California, having missed the earthquake in San Francisco by three days, received a telegram from her son at Los Angeles stating his $2,500 Darracq automobile was destroyed in the garage in San Francisco by fire. Mrs. Nevin, accompanied by her daughter, son and a schoolmate of her son's left San Francisco on April 15 to go to Colorado to see the Grand Canyon. She and her daughter came on home and her son and his friend returned to San Francisco to get the automobile.

Mrs. F. Beerman, 405 Grove street, received a telegram stating her daughter, Mrs. J. H. Schroeder of 3126 Twenty-second street, San Francisco, had escaped injury.

Mrs. Kate Gracey of Hazelwood, who is visiting her son William in San Francisco, telegraphed to friends here the family had escaped unharmed.

Miss Sadie Carnahan, Walnut street and Shady avenue, has received a message stating that Mr. and Mrs. W. E. Carnahan, Fifth and South Highland avenues, and Shepherd Brickell, a nephew, are safe. The party was at the St. Francis hotel in San Francisco.

Westinghouse Loses Heavily.

The Westinghouse Electric and Manufacturing Company received word from District Manager W. W. Briggs in San Francisco, stating that the entire block in which the Westinghouse interests were located was destroyed by fire, entailing a heavy loss. All of the company's employes were unhurt.

A number of McKeesport people are arranging to go to San Francisco to view the ruins. In the party will be William Nagle and wife, Mr. and Mrs. Robert Caughey and children, Mr. and Mrs. T. Gardner, and Charles Wyant.

A message was received stating that Charles S. Wieland and wife and William H. Nisbet are safe in San Francisco. The mother of Mr. Wieland and Mrs. Nisbet live at 326 Marshall avenue, Allegheny.

Alexander Graham, 961 Forty-fourth street, learned through a newspaper of the safe arrival of his daughter, Essie, in Chicago from San Francisco, accompanied by Mrs. Catherine Walker and daughter, 4929 Hatfield street. They are on their way home.

H. J. Smith, 69 Allen avenue, was apprised by wire of the safety of his son, Edward M. Smith, foreman of a glass plant in San Francisco, who escaped to Oakland.

Actor Wilson Is Located.

William Rothwell, superintendent of the deed registry department at the Allegheny city hall, received a letter from his sister-in-law, Mrs. James Rothwell, at Los Angeles, giving details of the Pacific coast horror. Mrs. Rothwell fears for the safety of a sister, Mrs. S. M. Pickett, living in the heart of the ruined district of San Francisco, where her husband conducted a shoe store. Mrs. Rothwell says Mrs. Pickett's husband was in Nevada opening a branch store and has been unable to get word of her sister.

Attorney K. E. Wilson got a telegram from his brother, James D. Wilson, with the "Babes of Toyland" company, dated, Reno, Nev., stating the company is on its way from San Francisco to New York. Wilson said he had lost all his belongings by fire.

Mrs. Allen Kirkpatrick of Braddock received a telegram from her nephew, Col. John Kirkpatrick, manager of the Palace and Grand hotels, San Francisco, stating he and his family are safe at their summer home, Pleaston, near 'Frisco. The two hotels were destroyed by the earthquake and fire.

Harold Weick, a Tech. student, received word that his three sisters are safe in Almeda, across the bay from San Francisco.

Many Inquiries for Missing Persons.

Mrs. Mary A. Weaver, 4409 Mifflin street, is anxious for news of her son, W. E. Weaver, who was a stereotyper on the San Francisco Call. S. H. Totten of the Park building has not yet received any word from his son, Frederick J. Totten, who lived at 811 Page street. A. A. Bush of 120 Brushton avenue, is seeking information of relatives of his wife in San Francisco. J. Ackerman, 9 Sycamore street, Etna, has asked for aid in locating his brother, J. J. Ackerman, who was in business at 2357 Market street. Miss Alma Johnston is making inquiries for her brother, Dr. Hugh J. Johnston, who had an office in the Spreckles building. The Rev. E. D. Bevier, pastor of the Presbyterian church of Fayette City, was in Pittsburgh yesterday, asking aid to locate his brother, the Rev. H. N. Bevier, pastor of the Memorial Presbyterian church, San Francisco.

Among the refugees at Los Angeles from Western Pennsylvania are the following: Dr. and Mrs. Sheldon, Pittsburgh; Mrs. R. C. Emich, Allegheny; Mrs. S. H. Lindley, Wilkinsburg; Mr. and Mrs. H. S. Blachley and two sons, Wilkinsburg; Mrs. H. B. Morris and daughter, Wilkinsburg; Miss Ethel B. Morris of Waynesburg.

A telegram from H. A. Buck, general agent of the Pennsylvania lines west at San Francisco, was received at noon by Passenger Traffic Manager Ford. The telegram was dated Friday. Mr. Buck said the company's office and fixtures are an entire loss, but that all men are safe and the correspondence and records were saved from the fire.

Peter Harvey, Pacific coast agent for the Baltimore & Ohio, who was located in No. 1 Hobart building, San Francisco, sent a telegram to General Freight Agent Brockenbrough in which he said that he is safe but that the office and contents were lost.

SENATE INCREASE THE NATION'S RELIEF FUND

Grand Sum Given by the Government to San Francisco Sufferers Equals Two Million and a Half Dollars.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, April 23.—The senate today increased to $1,500,000 the second appropriation of funds in behalf of the sufferers from the California earthquake and this legislation like all of the same character that has preceded it, was enacted without comment of any kind.

During the consideration of bills affecting the interests of the District of Columbia in the house today the committee rose and Speaker Cannon laid before the house the joint resolution passed by the house on last Saturday appropriating an additional million dollars for the relief of the sufferers in San Francisco and other California cities, with the amendments of the Senate making the amount of the appropriation $1,500,000.

Mr. Tawney (Minn.) explained the meaning of the senate amendment, stating that the second amendment would enable the secretary of war to pay for the movement of troops, the mileage of officers and the transportation of supplies made necessary by the calamity in San Francisco without waiting on the regular appropriation bill. Without debate the senate amendments were concurred in.

RELIEF FUNDS INCREASE.

Surgeons and Nurses Go to Attend Injured and Subscriptions Continue to Come.

CHICAGO, April 23.—One hundred physicians, surgeons and trained nurses left tonight over the Chicago & Northwestern railroad for San Francisco.

NEW YORK, April 23.—That the contributions state relief will exceed $3,500,000 is now assured. The state legislature today passed a bill appropriating $250,000 to the relief fund. The city of Buffalo today appropriated $50,000.

PHILADELPHIA, PA., April 23.—The amount of money collected in Philadelphia up to this evening aggregated more than $350,000. The citizens permanent relief committee today wired Gov. Pardee to draw upon Drexel & Company, this city for an additional $50,000.

BOSTON, April 23.—Today's response by the citizens of Massachusetts included more than $100,000, making the total of the general fund to date $424,000.

Adolphus Busch Sends $100,000.

ST. LOUIS, April 23.—A contribution of $100,000 was tonight telegraphed to the Red Cross society by Adolphus Busch, St. Louis millionaire brewer. Mr. Busch and family were caught in the San Francisco disaster and suffered severely before making their way to Oakland. They arrived home today.

EXPECT A MILLION FUND

Continued from First Page.

by reason of the enlarged demands made upon his time, made necessary by the increased activity in all the departments, the trustees at a meeting just held had elected the Rev. Samuel B. Linhart, president of Blairsville college, as the secretary of the university, and as the chancellor's assistant.

Dr. Linhart Well Equipped.

Dr. Linhart has had a special preparation for the important office to which he has been elected. He received a business training of five years in the great banking firm of Mellon & Sons, was graduated from the University of Wooster in 1891, from the Western Theological Seminary in 1894, and comes to the university after eight years of vigorous and successful administration as president of Blairsville college. So that he is splendidly equipped in learning, in business affairs, and in executive capacity for the work he will do in the university. With this addition to the executive department of the university more rapid progress than has heretofore been possible will be made in the plans for the larger institution.

Regarding the new university the chancellor spoke quite fully and freely of the expectations of the board. He said in part:

> It is our hope that by the first day of December next we shall be able to secure the $1,000,000 necessary to provide for the removal of the university from Allegheny to Pittsburgh. The money for the observatory has been secured so that it will go on to completion. The Pennsylvania College for Women has secured its endowment, and the way is now clear for the university to receive the united support of the people of the entire city. For more than 100 years the university has been in existence, and for nearly 100 years it has existed under its present name. The record that it has made is a magnificent one. With its eight departments, all splendidly manned, with its equipment to which additions are being made rapidly, and with its splendid body of more than 900 students, it is an institution of which the city and the community round about may well be proud. It cannot, however, do its work scattered as it is in various parts of the city, and with an endowment of only $500,000.

Time for Pittsburgh to Act.

The time has come for the city of Pittsburgh to turn its thought to the Western university, to give it a campus sufficiently large to accommodate all the departments, and to bring it up to the place where it shall stand in its proper position along with Columbia, Pennsylvania, Chicago and Washington. The community which forms the constituency of the university is not inferior to any of these, and the university should no longer continue in any second place. It is not right that Pittsburgh should any longer delay in this matter or should depend upon some single benefactor, but on the contrary, the time has surely come when every good citizen will turn in and make his contribution to the accomplishment of this most important cause.

Upon the alumni more than upon all others rests the responsibility, and they more than all others, can accomplish results. A good beginning has been made already in securing the amount required, and with enthusiastic support of the alumni and friends there is no question whatever that the while sum can be secured by December 1. It is only, however, by believing in the university, by recognizing the splendid work it is doing, by talking about it, by interesting the people in it, and by getting under it one and all, each lifting his share of the load, that the chancellor and the trustees will be able to realize their plans. They have the utmost confidence in both the willingness and the ability of the people of Pittsburgh to cooperate in a cause so worthy and in a cause so essential to the highest welfare of the city as the development of the university in all its work.

PROMINENT MEN HURRY TO SCENE OF DISASTER

ODGEN, Utah, April 22.—Secretary of Commerce and Labor Metcalf, the President's special representative, Congressman McKinley who is hurrying back to his native state, Archbishop Riordan, returning to assist in relief work; Dudley Evans, president of Well Fargo; Grand Exalted Ruler C. R. Brown of the Elks, who will see to the relief of Elks in distress, and L. W. Crippen, correspondent of the London Times, passed Odgen, westbound, on the Overland limited tonight.

Real Reason for Killing Riordan.

SAN FRANCISCO, April 23.—While it was reported last night that J. B. Riordan was shot because he had a bottle of whisky in his pocket, it develops today that when women were prevented from getting provisions at a store and appealed to soldiers, Riordan grabbed a gun from one of the guardsmen and called him a tin soldier. He was immediately shot.

DIED.

Sanitary work is going forward as rapidly as possible. Many cesspools have been dug and refuse is hauled away and burned promptly. There is so far little sickness in camp. No contagious disease has appeared.

The St. Paul Lutheran church, near Jefferson square, is utilized as an emergency hospital. In the main auditorium about 45 patients are lying on mattresses which have been spread on the floor. There are 19 physicians and 29 nurses employed. The patients are mostly suffering from exhaustion, nervous strain or slight wounds.

At Fort Mason there was little misery on account of the cold rain. About 8,000 persons are encamped there and on account of the sandy and sloping ground, sanitation is not bad. Food is plentiful and of a fair variety. The health of the refugees at this place is as good as can be expected under the circumstances. There is some sickness but there is no danger of epidemic.

The contagion hospital at Harbor View park, established for cases of measles, mumps and scarlet fever and other contagious diseases, reports little business. What few patients they have are well along toward recovery and happy.

Food Never More Plentiful.

Food was never more plentiful in San Francisco than today, and the only trouble is its proper distribution. The committee on feeding the hungry reports the most satisfactory progress in the huge task, and has already established 52 food stations where all the hungry may secure rations.

Besides the government and the general food committees which are doing heroic work, a large number of independent organizations are attacking the food problem. The committee of the whole has designated a sub-committee of seven which is directing the relief work so far as food is concerned. Dr. Vorsanger is chairman. The headquarters of the bureau is in the city hall.

From all points news of approaching relief trains is coming in and already sufficient provisions have accumulated at the Oakland pier to supply the needs of the city for more than a week. Plain food of every description is plentiful and luxuries are beginning to arrive. Immense catle trains are rolling northward from the prairies of the southwest and chickens and eggs are coming from nearby towns. The most pressing need is for vegetables.

The lines of applicants at the various food stations are blocks long and remain so until closing time. Every one receives rations for a single person as many times a day as he asks. The spirits of the people is buoyant in the face of distress, and neither disorder nor complaint is evident along the bread line. Volunteer distributors are issuing the provisions under military protection.

The committee has secured two main warehouses, and all provisions as they reach the piers are carted there. These are the J. A. Folger building and the Moulder school house. Depots for government supplies are at the Presidio, the Folsom street dock and Fort Mason.

Insurance Board to Meet.

T. C. Cooper, attorney for the fire insurance underwriters, says there is no disposition to raise any question as to their liability for earthquake damage. The insurance board is to meet to formulate plans for the speedy payment of losses. Lost or burned policies will be honored. Gov. Pardee, after a conference with financiers, has agreed to declare legal holidays from day to day, as long as emergency demands. This will give the banks an opportunity to reorganize their forces.

Street railway officials announce that cars will be operated from the Ferry building through some of the ruined streets, and within a few days temporary service will be established over the greater part of the city. Construction of an entire system will be begun shortly. Mayor Schmitz issued a special permit to operate an overhead trolley system and people will be carried free of charge. This will facilitate the transfer of homeless people across the bay, where temporary homes can be provided while reconstruction is in progress. Offer of big sums for some Market street property have been refused with contempt.

Big financial interests say that considering the extent of the catastrophe, there is absolutely no panic of any kind now. Instead everyone is cheerful, even enthusiastic, over the prospects for the future. The citizens have banded together in determination not only to reconstruct, but to establish a far more beautiful city than the one they lost.

Three Looters Shot Dead.

Three men were detected by guards of the sub-treasury in Commercial street attempting to tear away bricks near one corner of the building. When ordered to throw up their hands they tried to escape. The guards at once shot them dead.

Plans will be immediately formulated to pay workmen so they can be set at work clearing up and constructing. It is estimated that $20,000,000 worth of new building contracts will be let as soon as the contractors are ready to accept the work.

Plumbers are being summoned from all sections of the state. Their tools are sufficient credentials to secure free transporation on any railroad. Nurses are urgently needed, as well as doctors. Cemetery associations have given the free use of cemeteries for the burial of the dead.

CHICAGO, April 23.—Henry Wark, a publisher, of Philadelphia, who arrived with his wife and daughter from San Francisco, believes that fully 2,000 persons met death in the earthquake and fire that destroyed the western metropolis.

"I saw whole buildings fall on crowds of people and crush their lives out," said Wark. "No one will ever know how many people met death last week in San Francisco, but the total number will undoubtedly be higher than the first estimates."

WILL APPOINT AUDITOR.

Close Account Is to Be Kept of Disposition of Funds and Supplies Sent to California.

WASHINGTON, April 23.—President Roosevelt today telegraphed to Miss Mabel T. Boardman of the Red Cross central committee suggesting that an expert auditor be appointed to supervise the receipt and distribution of all money and supplies forwarded to the California sufferers.

Miss Boardman replied that Judge Morrow, president of the California Red Cross branch, would at once engage the services of such an auditor, and would select a treasurer whose accounts will be subject to audit.

COUNTY PROHIBITION TICKET IS NAMED

FAIRMONT, W. VA., April 23.—(Special.)—The Marion county Prohibitionists met here today and named the following tickets for the fall campaign: For house of delegates, A. F. Millan, Mannington; U. A. Clayton, Fairmont; G. S. Basnett, Amos. For county commissioner, C. E. Parrish, Worthington. For county superintendent of schools, U. E. Merger, Fairmont.

'Frisco Merchants in Oakland Park.

OAKLAND, CAL., April 3. The city council has opened West Oakland park to the manufacturers and merchants of San Francisco. These firms will be allowed to erect temporary buildings for the transaction of business. No charge will be made. San Francisco banks are securing temporary banking rooms in Oakland.

DISASTER DULLS MIND OF YOUTH

Passes Through City and Is Still Suffering Oculity from Experiences in 'Frisco.

REFUGEES ON THEIR WAY HOME

The first rush of refugees from San Francisco passed through Union station last night, enroute to New York and eastern points, and consisted of F. Graves Henderson, his wife and children, whose rooms at the Palace hotel were unoccupied at the time of the accident; L. J. Davids, a traveling man, and James Swain, who was the custodian of a boy, aged about 14, who was still dazed or suffering from fright.

The latter case was pathetic, though little could be learned about the lad and his destination, other than it was New York. The boy's custodian seemed to be a sort of hospital attendant. He stated the boy, who was in a party of eastern students, whose tutor had died in the wreck of a downtown hotel, had escaped death by rushing, sleepy-eyed, into the streets. Wandering aimlessly, the lad escaped the slightest injury, but from fright and lack of good food had apparently fallen into a state of stupor. The doctors stated that his only hope was immediate removal from the scenes which served to make his malady worse, and on his identification, telegraphic orders were received from the family to bring him east.

"The boy's father hurried to Chicago to meet his son at the station there," said Mr. Swain guardedly, "but because of a disordered schedule, he missed us and I have kept right on to New York."

L. J. Davids, who is in the employ of the United Fruit company, on his way to Philadelphia, exhibited a bandaged face and arm cut by shattered glass.

"At the moment of the earthquake, I was returning up Market street in a cab from a little dinner given by a coterie of Elks. The cab was overturned, the driver injured under the hoofs of the horse, and I found myself in the street, having pitched through the heavy glass in the cab window. I wish to complain bitterly of the unnecessary severity of the military, who seemed to take pleasure in shooting up the streets like a bunch of cowboys and forcing unnecessary toil on those unable to bear it. In the exodus of keepers of disorderly houses in the cheap lodging house district south of Market street, I saw members of the militia force the women to yield up their gems and valuables, certain of immunity.

"I do not intimate that this was countenanced by commissioned officers, for it was one of those gallant fellows who rescued me after I had been prodded with bayonets and forced to work until I fainted of exhaustion due to lack of medical attendance. My case once brought to the notice of the regular authorities, I was attended by army physicians, and, as I had all my money in my pocket, had little difficulty in leaving the ill-fated city.

Find Brother-in-Law Fighting Fire.

F. Graves Henderson, connected with a Sacramento valley mining company with home offices in New York, had a narrow escape from death in the Palace hotel, on the third floor of which they maintained a suite of three rooms. On the night preceding the earthquake Mr. Henderson, accompanied by his family, attended a lecture at the University of California in Berkeley, and at its conclusion was prevailed on by relatives who live on Vernon street, in Oakland, to stay with them because of the five miles of travel over the ferry back to the Palace hotel. As Mr. Henderson expressed it, he stopped off at Pittsburgh to "eat his first square meal since Wednesday that was not accompanied by haunting visions."

"Shortly after the first shock—when the rumors began to fly thick and fast, I went to the Union National bank, which gave a view of the city of San Francisco, and saw the spurts of smoke puffing up while the city was yet bathed in the sunrise. Soon a pall settled over the city, and, to ease my wife's fears regarding a young brother who is a clerk in the Palace hotel, I made my way back and found him among the fire-fighters. In his hand he unknowingly clutched a bit of tapestry from the lobby hangings, and was running around with it trailing behind him."

Mr. Henderson exhibited a few square feet of heavy tapestry which he will keep as a souvenir. He and his family left for New York on a night train.

CLERGY GRACE BANQUET OF KNIGHTS OF ST. GEORGE

St. Augustine's Hall Scene of Delightful Gathering in Connection With Silver Jubilee.

The silver jubilee banquet of the German Catholic Knights of St. George was held last evening at St. Augustines' hall, Thirty-seventh street. The hall was elaborately decorated with red, white and blue bunting, and the papal colors, white and yellow. Over the table around which the principal speakers sat, were draped the papal banner and "Old Glory." The tables were decorated with white carnations.

About 600 guests were present. Over 60 clergy, representing all the Catholic religious orders in Allegheny county, were guests at the banquet. The following were the speakers of the evening:

Andrew Wittman, the first president of the organization, gave a history of the order which was founded in 1881, in St. Philomena's church, Fourteenth street and Liberty avenue, and is now spreading to the various cities of the United States. "Our Holy Father," was the subject of the Very Rev. Mgr. Joseph Suehr's address; "Our Most Rev. Archbishops and Bishops," the Rev. Father Vincent, O. C. C.; "Our Country," F. W. Immekus; "Our Jubilee," the Rev. Louis Woelfel; "Our Parochial Schools," the Rev. Father Joseph Anton, O. M. Cap.; "The Pennsylvania State League of German Catholic Schools," John Vorndran; "The Order of the Knights of St. George," Charles Huhn, grand first vice president. Archbishop Sebastian Messner of Milwaukee, was present, but did not speak. A special requiem mass for deceased members of the order was celebrated at St. Augustine's church yesterday morning. The celebrant was Father Sebastian, rector of St. Michael's church, and the sermon was preached by Father Hyacinth, the ex-provincial.

Piles Cured

Suffering for Years and Bedridden from Piles, a Contractor of Marion, Indiana, Is Cured by Pyramid File Cure.

Trial Package Mailed Free to All Who Send Name and Address.

"I was troubled with piles for several years before I would let it be known. But at last they became so severe that I could not walk and I had to take my bed. I tried everything and anything the doctors prescribed, and took their treatments for a long time. But nothing ever did me any good. I had seen your ad in different newspapers, so I got a 50-cent box and began using them. From the very first I got quick relief and by the time I was starting on my third box I saw I was cured. I have not been troubled with them since. Now you can use this as you please, because it is genuine. Yours, T. A. Sutton, Stone and Cement Contractor, Marion, Ind."

Instant relief can be gotten by using the marvelous Pyramid Pile Cure. It immediately reduces all congestion and swelling, heals all sores, ulcers and irritated parts.

The moment you start to use it your suffering ends and the cure of your dread disease is in sight.

The Pyramid Pile Cure renders a surgical operation unnecessary. Don't hack to pieces those tender muscles which must be intact if a satisfactory cure is to be obtained.

The Pyramid Pile Cure is put up in the form of "easy-to-use," specially made suppositories. They are soothing, painless, instant and certain.

A trial treatment will be sent you at once by mail, in plain, sealed wrapper, without a cent of expense to you, if you send your name and address to Pyramid Drug Co., 3562 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular-size package of Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

She says it's "THE BEST."

Local Relief Committee Makes Remittance to the National Red Cross Society.

CITY MAY DONATE $10,000

In accordance with President Roosevelt's wish, the committee of 21 in charge of the Pittsburgh California relief fund remitted $25,000 yesterday to the National Red Cross society. Mayor Guthrie said he received no instructions from Mayor Schmitz or Gov. Pardee where to send relief funds. Robert Pitcairn was elected vice chairman of the committee. Mayor Schmitz's call for architects was turned over to the Western Pennsylvania Engineers' society and the Pittsburgh Association of Architects.

Select Councilman Toole will introduce an ordinance appropriating $10,000 to the relief fund.

A message received from Santa Barbara, Cal., yesterday, carried an interview with Lawrence Phipps, saying he had not received the telegram from the Carnegie hero fund authorizing him to use its second $25,000 donation in sending a boatload of provisions to San Francisco. Mr. Taylor says he has again wired Mr. Phipps and Cashier Vail of the Central bank of Santa Barbara to draw upon the fund for $25,000 for relief purposes.

Two hundred boxes of oranges donated by the California Fruit Growers' association were auctioned by the Union Fruit Auction Company yesterday for $2,542. Connolly & Fanning bought in two boxes at $200 each and J. S. Crutchfield paid the same price for a box. Norman McHattie of Beaver Falls paid $100 for a box.

Major William Andrews of the Salvation Army placed collection boxes yesterday at all prominent street corners and in front of public buildings, and expects to raise $10,000 in small contributions for the general relief fund.

The Leader department store will give two per cent of its gross receipts from sales in its grocery and provisions departments today to the general fund. Chalfant & Lenhart of Brownsville will donate 20 barrels of Brownsville water crackers.

Large quantities of supplies are being received by Pickerings, who will send a special relief train to San Francisco, which is in accordance with a telegram from President Roosevelt, and will be consigned to Dr. Edward T. Devine of the Red Cross.

President William Price of the Diamond National bank has agreed to act as treasurer for the local Red Cross relief fund. He received contributions of $25 from "cash" and Albert L. Brahm, and $5 from W. Rock.

Miss Jennie C. Simpson, principal of the Forbes street school, started a fund yesterday to give the school children an opportunity to contribute. Other schools are taking similar steps.

The loss of denominational property was taken under consideration at the various ministerial association meetings and committees appointed to learn the extent of damages and arrange plans for contributions.

The Chicago & Northwestern railroad will carry free relief supplies. So will the Union Pacific railroads.

CAPTAINS SAVE WATER FRONT.

Gallant Fight Made by Skippers and Passengers Who Man the Hose.

LOS ANGELES, April 23.—Saved from destruction by fire at San Francisco, the steamer State of California arrived at Port Angeles last night. She brought a list of passengers from the stricken city, as well as a lot of freight. Myron Hume, one of the passengers, credits Capt. Thomas of that vessel, Capt. Alexander of the steamer Santa Rosa and the captain of the ferry boat Ukiah, with the saving of the San Francisco water front. Lines of hose were laid from the steamers and skippers and passengers made a gallant fight.

The State of California also brought news of two steamers wrecked at the Union Iron works in San Francisco. One was the Columbia, a big passenger boat on the ways. The earthquake caused her to topple off and roll over on her side. She was practically wrecked. The steamer City of Pueblo was lying at the dock when a huge crane falling, struck her and smashed her so that she sank.

NEARLY $2,000,000 HAS REACHED RELIEF COMMITTEE

SAN FRANCISCO, April 23.—The finance committee of the general relief committee reported today that it had received contributions amounting to $1,724,536, of which $172,000 is the local subscription. In addition $366,000 has been promised locally. Provisions have been hauled from along the water front to various distributing stations at the rate of 1,500 tons a day.

JUSTICE SHAW LOSES HIS WIFE

Searches in Vain for Her Among the Thousands Who Swarm Camps and Streets.

OTHERS' FORTUNE IS BETTER

[BY ASSOCIATED PRESS TO THE GAZETTE.]

LOS ANGELES, CAL., April 23.—Gen. M. H. Sherman, vice president of the Los Angeles-Pacific Railroad Company, returned to Los Angeles from San Francisco. He left this city for the coast metropolis last Wednesday morning on a special train, and took with him as guests the members of the supreme court who had been holding court in Los Angeles. Chief Justice Beatty and Associate Justices Lorrigan, McFarland, Henshaw, Shaw, Sloss and Angelotti. Justices Lorrigan and McFarland were accompanied by their wives.

Gen. Sherman chartered the train immediately after the receipt of news of the earthquake in order to reach his wife, daughters and nieces who were at his San Francisco home. The several justices of the supreme court went on like missions.

Relating his experiences of the trip, Gen. Sherman said:

"The saddest experience of all fell to Justice Shaw. The apartments at which Mrs. Shaw was staying had gone down in the flames, and the only information that he could get was that she had taken a few of her belongings and gone away. All Thursday and Friday and until Saturday noon Justice Shaw searched the burning city, now afoot, now in a vehicle, but only once did he find trace of his wife. That was when he found that she had mingled for a time with the unhappy refugees in one of the parks.

"Sick at heart, he returned to Los Angeles absolutely without word. His last chance was that he might find her here. But at a late hour no word had reached him and he stated that it is his purpose to depart again for San Francisco to renew the search unless trace is found in the meantime."

Justice Henshaw went to Redwood City, 30 miles away, where he found his wife and family unharmed. Chief Justice Beatty's heart was made glad by the finding of his wife safe in San Francisco. Associate Justice and Mrs. McFarland went to their home in San Francisco and found their daughter safe.

Gen. Sherman states that in all his traveling through the burning city he did not see one corpse; that the military preserved splendid order. He believes that beyond any question the ruined city will be rebuilt at once.

NEW GRANITE EDIFICE.

Braddock Has Largest Bank Building in the United States.

Braddock National Bank Will Open It With Large Public Reception.

DATE NOT YET ANNOUNCED

Within the next few days Braddock will have the honor of possessing the largest and finest bank building in the United States—a Colonial-columned granite and marble edifice built by the Braddock National Bank, to be occupied by this bank and the Bessemer Trust Company, which was recently organized by the former's stockholders.

When finished, this magnificent banking abode will be thrown open to the public during an informal evening reception.

The great bronze-trimmed Italian marble interior was planned throughout wholly and exclusively for the banking and trust business, with safe deposit vault, etc., and to provide capacity for a continuance of the extraordinary growth which has characterized the Braddock National Bank from the very day it commenced business, November 29th, 1882.

A revelation of the Braddock National's continuous progress is found in the fact that it earned and paid its first dividend just seven months after it was established; has amassed entirely from its earnings, surplus and undivided profits amounting to over $500,000.

It is one of the few banks in the United States which have always paid regular semi-annual dividends.

Its stockholders are all residents of Braddock, North Braddock, Swissvale, Edgewood, Homestead and Pittsburgh, and are among the strongest people financially of Allegheny county.

John G. Kelly is president; Robert P. Duff, vice president; George A. Todd, cashier, and A. H. Wooldridge, assistant cashier.

The directorate is composed of Mr. Kelly, Mr. Duff, Andrew W. Mellon, James B. Corey, Thomas J. Kenny, Jr., Charles A. Anderson and Hon. John Dalzell.

The Germania Savings Bank,
Wood and Diamond Sts., pays 4 per cent.

You can always depend upon it. Pilene positively cures Piles. All druggists sell it.

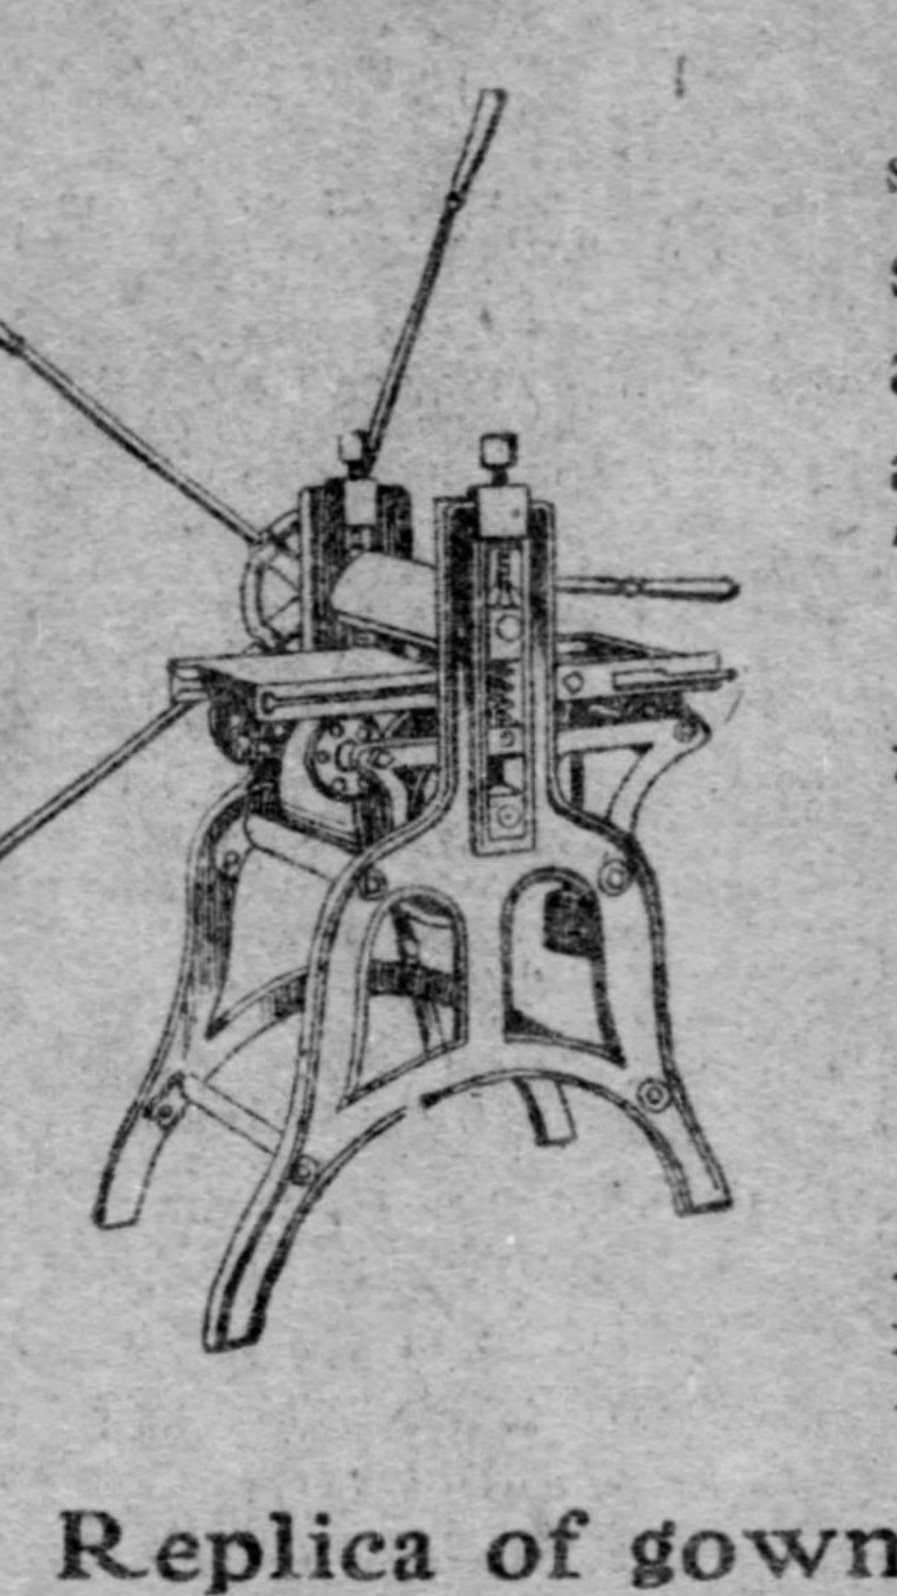
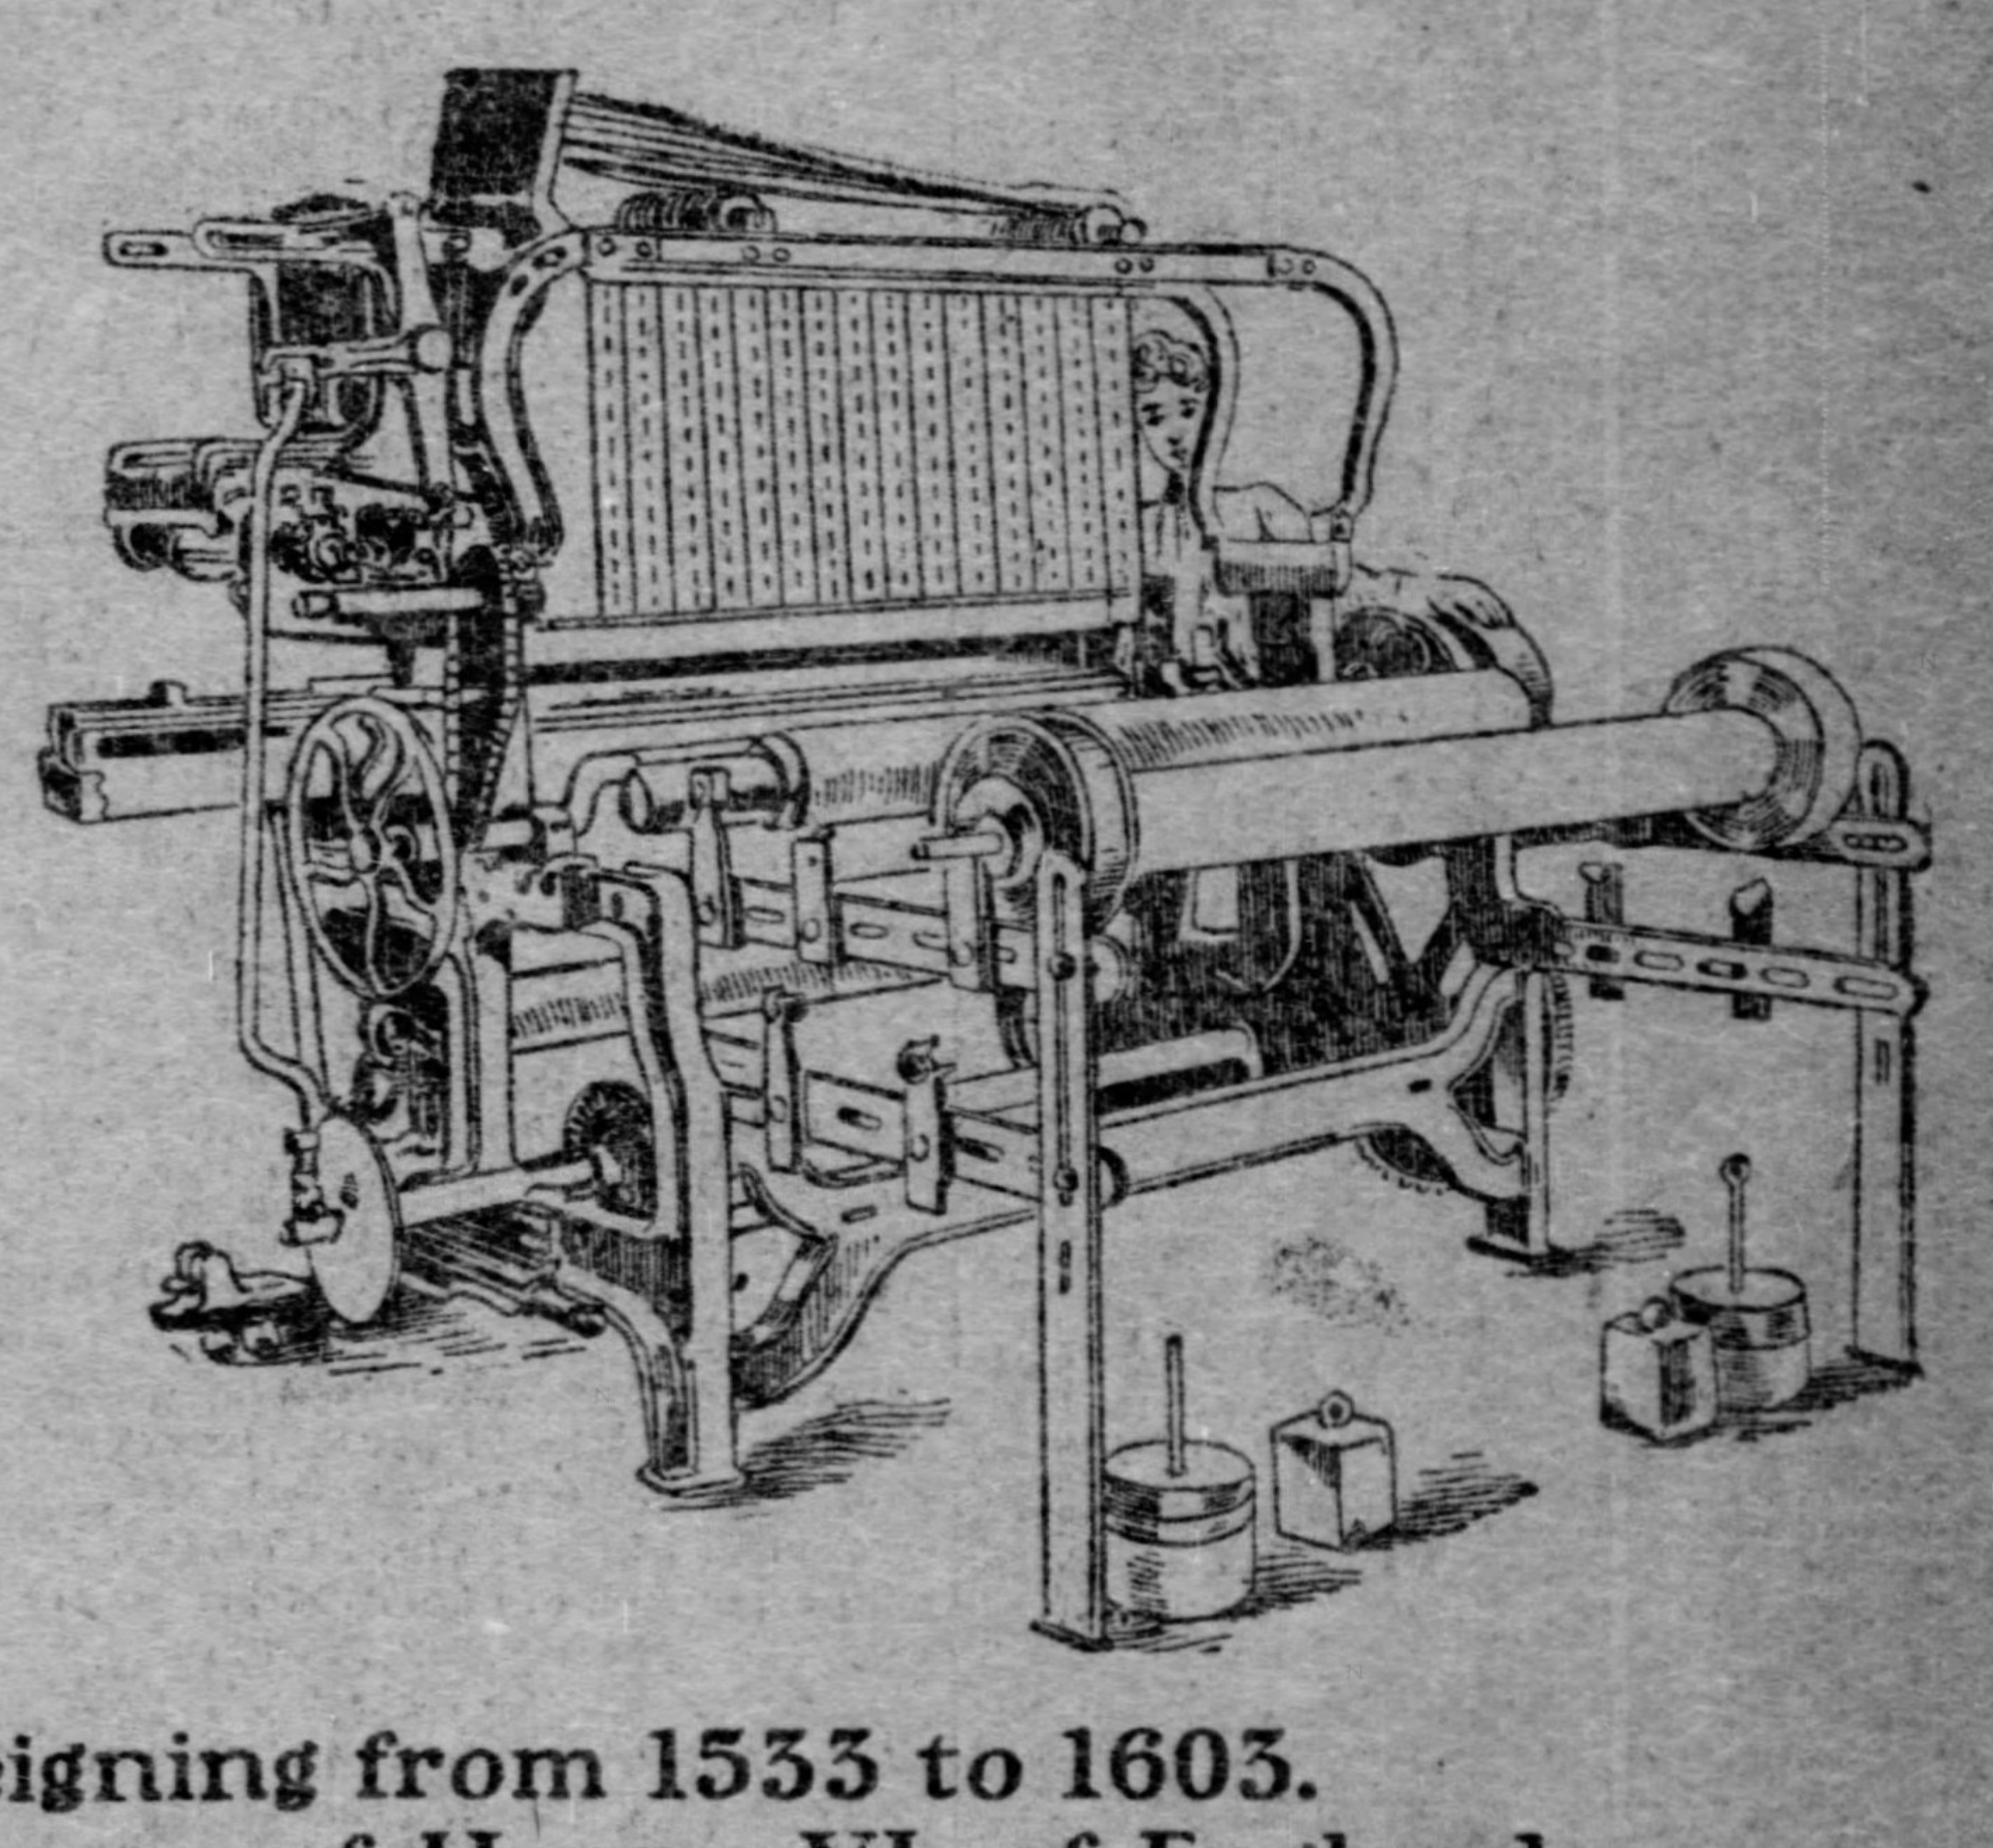
Tuesday, April 24, 1906. *WEATHER—Fair.* Penn Avenue and Fifth Street.

Retailing and Manufacturing Side By Side.





This Industrial Exhibit never had a counterpart in this city. No attempt was ever made to show, by machinery in operation, the various products that are carried in a great divisional store such as this one at the corner of Penn Avenue and Fifth Street, but manufacture is not alone among the features of this industrial display. There are others, notably:

An Exhibit of Replicas of Historical Gowns Worn By Women Who Have Helped to Make History.

Of course this particular exhibit will have particular interest for everybody, but women will have the most interest in it.

Replica of gown worn by Marie Antoinette, Queen of France, executed by the French people, 1793.

Replica of gown worn by Mary Stuart, Queen of Scots, 1542-1587—beheaded by Queen Elizabeth.

Replica of gown worn by Queen Elizabeth of England, reigning from 1533 to 1603.

Replica of gown worn by Mary of Anjou, 1429-1481—Queen of Henry VI. of England.

Replica of gown worn by Margaret of France, 1492-1549—wife of Henry III.

The Lady Gainsborough gown, a replica of that worn by one of the notables painted by the famous artist.

These replicas will be on view in the French Salon, second floor, west. The effective surroundings given them makes the exhibit altogether unique.

Among the machinery in operation we wish visitors particularly to take notice of the Press for Printing Engraved Cards (shown to the left) which is in operation at the Stationery Counter. One singular feature regarding the printing of engraved cards is that no one has, as yet, invented any speedier way of printing these cards than was first thought of when copper plate printing was introduced. The same slow process is used today, but it is a process in which perfect work is assured. To the right is a silk loom in operation. This will prove an interesting study to women, as it is seldom a silk loom is set up in Pittsburg. The silk that comes from that loom we sell at 90c a yard. Perhaps you would enjoy having a dress of which you could say: "I saw the silk woven for the dress I have on."

A Spring Jacket, $5.00.

From Lines That Sold for $10.00, $15.00 and up to $20.00.

Five dollars for a $20.00 Jacket! Wouldn't pay for the cloth in it. Of course every woman who comes to this sale this morning is not going to get a $20.00 jacket for $5.00. She runs the chance, though.

We go by the calendar, not by the weather. This is just the time when women need a coat the worst and they are likely to need a coat every day up to the first of June, after that, some, also.

We want to lower our coat stock so low that the Midsummer will see no cloth coats here.

All fine cloth. Several styles. All of them either silk or satin lined.

And there be carpers who say it takes big money to dress well.

Do You Know How to Knit and Crochet?

We are demonstrating this week, as one of the features of this big Industrial Exhibit, the latest patterns in knitting and crocheting, free of charge. Models in latest styles, such as afghans, sweaters, jackets, shawls, slipper, booties, baby jackets, etc., are on exhibition in the Art Needlework Division, third floor, West.

An expert, Mrs. Gerkins, from Germany, will teach any stitch either in knitting or crocheting. These lessons are free any time during the day.

We will have from day to day important sales in this Art Needlework Section, and some of them are as follows:

A Souvenir Pillow Top, representing the glare of Pittsburgh mills by night, regular price 50c, special for this occasion, top and bottom complete..........35c

Stamped White Shirtwaist Patterns—designed for shadow, eyelet and French embroidery, including 3 yards of plain material, regular price $1.25, special for this occasion, complete..........55c

Many other specials which cannot now be mentioned.

With each purchase of yarn we give either bone or wooden knitting or crochet needles free.

The Burson Seamless Hose.

These stockings that we began showing last week have caught the fancy of women mightily.

It is something altogether out of the ordinary to find a first-class shaped stocking without a seam. The Burson stocking has no seam anywhere, it is an absolutely seamless stocking.

For comfort it exceeds by far any other sort of a stocking manufactured.

For long wear, subject to hardest knocks, it is unrivaled. Daily, until further notice, women can examine this admirable stocking at the Stocking Counter.

And they will be rather surprised to see how really inexpensive they are.

Special Sale of Framed Pictures.

While looking at the Industrial part of picture making in our Picture Galleries, fourth floor, West, we should like very much if you would turn your attention to the very low prices we submit for neatly framed pictures. We are making special prices during this exhibit.

For example, we are making frames and mats for holding cabinet pictures and marking them as follows:

1 opening, special price	15c
2 openings, special price	25c
3 openings, special price	35c
4 openings, special price	45c
5 openings, special price	55c
6 openings, special price	65c

Pastels—

Here is an illustration of the exceptionally modest prices that we are now quoting for handsome pastels:

Pastels framed in handsome gilt frames—glass sizes 14x22—regular $6.00 pictures, Industrial Exhibit Price..........$3.50

Game Pastels, in oak frames, the kind that we sell regularly for $3.00 each—Industrial Exhibit Price..........$2.00

Pastels, sizes 18x40, handsomely framed, regular $10.00 pictures, our Industrial Exhibit Price....$5.00

Christy Pictures—

The Christy Picture is always a thing of beauty and a joy forever.

Christys, framed in neat oak frames, 1½ inches wide, at the popular price of, each..........$1.25

Pretty Colored Pictures, the well-known "Stoke's" girls, for the price of, each..........25c

Fancy Sofa Pillows 55c Each.

We have 1,000 Fancy Sofa Pillows with satin covers.

Some are ruffled, some have plain edges. All are in bright Spring colors.

These pillows are filled with soft, downy silk floss.

They are worth, some 75c, others $1.00.

All who go to the Fourth Floor, West, today can purchase any of the pillows for 55c each.

$2.00 and $2.50 Umbrellas $1.25.

Sizes for Men and Sizes for Women. All Black, No Colors.

The fabric is a fine tape edge union taffeta, the frames are paragon, the rods are steel.

The handles on the men's umbrellas are silver trimmed naturals, silver trimmed horn and plain natural wood.

On those for women the handles are silver and pearl, gold, horn with silver trimmings, trimmed naturals and plain and natural wood.

If the foregoing isn't a fine rainy-day value, then we don't know what value means.

Here's another for women: $3.50 all silk black and colored umbrellas—fine union taffeta and peau de soie with tape edge—various colors—fine natural handles, and the price is only $2.50 each.

Another line for women—all colors with white borders—natural handles, $2.00 value—special at $1.50 each.

Women's Neckwear Specials.

At the Women's Neckwear Counter today we will sell these neck dressings for the considerate underprices mentioned.

Women's Stock Collars, 25 different patterns, 50c grade, special, each..........25c

Women's Hand Embroidered Collar and Cuff Sets, all $1.50 values, special today, a set..........75c

Gerrotte Embroidered Collars, the very latest thing that Fashion has espoused, each..........25c

Boxes of Ruching containing pieces of ruching worth 35c, and we will give you the box for..........25c

Two Specials in Women's Knit Underwear.

On the second floor, in the division selling Women's Woven Underwear there is a machine that shows how the weaving is done. It is an intricate affair and is worthy of study.

During the sale we are going to have daily various special sales of Summer underwear, something like the following:

Women's 75c low-necked Swiss ribbed lisle vests, each..........60c

Women's low-necked cotton vests, some without sleeves, others with short sleeves, choice..........15c

Mon Reseda.

Bossard-Lemaire today is considered the parfumeur par excellence in Paris, and the south of France, where perfume lovers and connoisseurs are all the time in search of some odor which is both subtle and novel.

We have just received from Paris the gem perfume of this season—the fragrant Reseda, manufactured by Lemaire, the most delicate perfume that has yet been imported into this city. We have it in two ounce bottles. The price is $2.50.

Making Collars and Cuffs for Men.

This store is famous for its Collar and Cuff Sales, which it holds during January and July. During our Industrial Exhibit there will be on view, in the Men's Haberdashery, the modus operandi of making these collars and cuffs. You will see a man cutting the collars out, you will see women operating sewing machines and putting the collars in readiness to wear. From the expert work required on these collars you will naturally wonder how we make them to sell for such small prices.

The collars will be sold for $1.25 a dozen, or 11c each. The cuffs will be sold for $1.70 a dozen or 15c a pair.

Men's Pleated Bosom Shirts, 55c.

We are not going to ask men to buy a lot of old style shirts, but neat negligee shirts, made of good percale, shirts that sell in regular retailing for $1.00 each.

All fresh, new goods, that have never been out of their boxes until this exhibit began.

Desirable light grounds with neat black or blue figures or stripes.

Each shirt has one pair of separate cuffs.

Men's French Shape Four-in-Hands, 25c Each.

Every man ought to have a good variety of neckties when they can be bought for prices such as these.

These Four-in-Hands are French shape, which means that they have no lining, but are of the same material all the way through.

The material is poplin silk in pretty plain colors.

About any color or shade you could ask.

To the Electors of the Borough of Emsworth: Notice is hereby given that in pursuance of an ordinance duly approved on the 6th day of April, A. D. 1906, an election will be held on Tuesday, the 22nd day of May, A. D. 1906, at the regular voting place of the said borough of Emsworth, between the hours of 7 o'clock a. m. and 7 o'clock p. m., to obtain the assent of the electors to an increase of the bonded indebtedness of said borough in the sum of thirty-five thousand dollars ($35,000.00), or such portion thereof as may be necessary for the following purposes, to-wit:

For sewer improvements for house drainage purposes..........$25,000 00
For street improvements..........5,000 00
For funding certain outstanding floating indebtedness, to-wit; For note due Real Estate Savings and Trust Company of Allegheny..........2,000 00

STATEMENT.

The percentage of the proposed increase to the last assessed valuation is 4.503 per cent., making a total indebtedness, including this increase, of 6.368 per cent of the last assessed valuation.

Last assessed valuation..........$777,245 00
Gross amount of existing debt..........16,500 00
The amount of the proposed increase, including the two thousand dollars ($2,000 00) of floating indebtedness, which is included in the gross amount of existing debt, is..........35,000 00
The total amount of indebtedness, if the increase is carried out, will be..........49,500 00

The purposes for increasing the said debt are as above stated.

The above proposition will be submitted to the electors of the borough of Emsworth at the said election in such a manner that each and every elector will have opportunity to vote for or against the said proposition to increase the debt for the purposes above named.

By order of council.

W. A. HATTMAN,
Burgess.

In connection with abatement of the Nine Mile run nuisance the agent of the state department of health suggests the necessity for sewage disposal after the manner in vogue in Europe. This is a serious and expensive matter, but is the only final solution. If streams are to be protected to make their waters safely potable, all sewage must be kept out of them.

Warning is sounded to prepare for the canker worm again this season—the familiar "army" worm. These pests wrought much damage to growing crops and orchards last year and the naturalists promise worse invasion this year. Trees can be protected by wrapping; fields, however, can be saved only by plowing ditches around and running oil into them. The remedies are not as expensive as the worm invasion.

In our news colmns we print some analysis of the vote of last year in the various congressional, senatorial and legislative districts. It will be found interesting. We do not expect the vote of this year to run on last year's lines, not by any means. At the same time Republicans should be informed as to what would hapen if they should again cross party lines to the same extent. The vote is well worth some study.

The cold weather which Pittsburgh has been experiencing is unseasonable and unwelcome. It is not general throughout the country. There is a danger to health in such an unexpected drop in the temperature, for though the atmosphere is bracing, there is a chill in the air which nips the unwary and lays the foundation for a cold that may continue into the summer months. It is wise, just now, to dress according to the thermometer rather than the calendar.

Partisans of Cipriano Castro, arrived in New York, deny he has permanently abdicated from the presidency of Venezuela. They admit, however, that other officials are on their way to New York. There is good ground to believe Castro has played the game to the limit, has got cold feet, and, in common with his closest official associates, is preparing to get away with the plunder. It remains to be seen if Venezuela will fare better under another ruler; it cannot fare worse.

Attorney General Carson's bill, asking a perpetual injunction to prevent the railroads collecting the $10 deposit on mileage books, contains some very substantial reasons. The first is that it compels the purchaser to give bail for his conduct; the last that it is a discrimination against one class of passengers. Both these acts are illegal. The practice is offensive from every public point of view and the people anticipate a favorable outcome for the attorney general's suit.

The Philadelphians who propose forming an organization to oppose the new "deformed spelling" might direct their activity into some more useful channel. That fad is to be so short-lived, anyway, that energy is wasted in hastening its demise. The evolution of the language cannot be hastened or retarded by any such arbitrary methods. Not much has been heard of spelling reform since the newspapers turned from its discussion to more interesting and important subjects.

Mayor Weaver's declaration of war against the Mack-Vare-Van Valkenburg combination has started something in Philadelphia again. The opinion prevails that the combination named is trying to get into the saddle vacated by Durham and McNichol, while on that side it is charged the mayor wants to be a boss on his own account. By the time the "reform" factions have washed their linen in public, the Quakers may conclude the old organization was not the only menace in town.

Active work to prevent the pollution of Nine Mile run was begun yesterday when an inspector of the state department of health notified residents along the stream to close their sewers draining into that warterway. It is apparent, however, as Superintendent Moore of the bureau of health declares, that it will be necessary ultimately to establish plants for the disposal of sewage, to prevent its pollution of streams. When this is done throughout the country, a long step will have been taken toward stamping out the dreaded typhoid.

Not only will the new San Francisco be a finer city architecturally, we are told, but it will be a cleaner city morally. The earthquake and fire have laid in ruins acres of buildings in the section formerly given over to the forces of evil. Chinatown, picturesque but wicked, is destroyed, and with it scores of structures where white slaves were imprisoned. The authorities have declared that never again will such a plague spot be permitted to exist in their city. If they adhere to their determination, the purification by fire will have been complete.

Kentucky again comes to the front with the unusual. It is now noted that a Baptist minister died the other day at Harrodsburg at the advanced age of 104 years. This is beyond the scriptural limit, and the announcement is hard to believe, coming from Kentucky. The important feature connected with this blue grass Methuselah is that he has a record of marrying 1,200 couples. This is to his credit, whether or not the joined affinities were a credit to themselves. We shall now expect Kansas—remarkable and always surprising Kansas—to come forward with a record that will make Kentucky go hunting for something else that will commend her to the attention of the outside world.

Going Higher.

Things are beginning to happen in this city. Saturday night's raid was the beginning of one series; the investigation of the market leases opened another lead. Several councilmen have been made the subject of serious charges. One former councilman has discovered a "hold" order against his liquor license. The finger is pointing toward some large property holders and landlords, bringing to mind the once interesting case of Musgrave.

Public opinion is on the side of the administration. Law has been defied for so long in this city the spirit of fair play demands that it shall have an inning. There will be some unpleasant consequences, in the nature of things, but there have been unpleasant consequences to many people in the system that has prevailed. It has been a long lane before the turning has been reached.

Yesterday the market investigation committee heard its first testimony. More of the same kind is promised today. Members of council are involved in this score, too. If they are guilty there is additional reason for making their punishment exemplary, for their offense includes violation of a solemn oath, besides graft. Pittsburgh has been remarkably free from the exposures that have torn up so many other cities, but its turn may be coming.

Books While You Wait.

Those enterprising advertisers who promise to perform all kinds of wonderful feats, from resoling boots to making a suit of clothes "while you wait," are completely outclassed by Chicago's lightning publishers who have already placed on the market books describing and illustrating San Francisco's earthquake and fire. Boston, New York and Philadelphia, which hitherto have laid claim to some activity in the production of books, must sadly admit that the literary center of the country seems to be shifting to the Illinois metropolis. Mr. Dooley, in one of his learned disquisitions, speaks of Kipling, the poet of timeliness, ever ready to dash off an effusion at a moment's notice, and declares that he keeps his clothing arranged by his bedside like a fireman's. When an alarm is received he "jumps into his poetic pants and is down the ladder befor the bell's done striking."

That is the way with Chicago. Her authors sleep beside their faithful writing machines, with reams of white copy paper arranged in orderly piles. When the alarm sounds and Chicago's rough writers start instantly to work; they do not spend hours looking out of the window, trying to think of the exact word to express a delicate shade of meaning. While William Dean Howells is endeavoring to corral an elusive adverb or planning a devious rhetorical route in order to avoid a split infinitive, a Porkopolis author will inscribe 1,000 words of choice Chicagoese, without pausing once to take breath. As one of Chicago's own litterateurs has said: "People nowadays want their reading red hot off the griddle." If the Atlantic Monthly were published in Chicago, instead of Boston, it would no doubt have got out an "extra" on the San Francisco disaster. Ever since she started dealing in pork, Chicago has believed the pen mightier than the sword. This is the age of speed, of subways instead of stage coaches. Chicago is the original home of quick lunch, instantaneous water heaters and lightning literature. Her snapshot historians were not caught napping. It may be, however, their works will lack literary finish. We must ask Henry James about that.

Chance for Kansas.

Since the bill to repeal the duty on denaturized alcohol "for use in the arts" has passed the house of representatives there is quite a stir about it. It is opposed by the wood alcohol makers who are largely represented in northern Pennsylvania and it is opposed by the Standard Oil Company, because the imported product will come into competition with gasoline for driving machinery. As usual there is no public sympathy for the Standard Oil Company and the wood alcohol manufacturers are overshadowed.

There is ground for the lack of sympathy with Standard Oil, for if the petroleum is hurt the oil producers, not the pipers and refiners, will suffer most. Those who are urging the bill to passage make claims for alcohol, for lighting and as a prime mover, that would make it a very likely competitor for gasoline. They advocate its admission free of duty for that very reason. We doubt some of the claims made.

Admitting the claims, however, they appear to make the best possible argument for retaining the duty. This cheap foreign alcohol, for which so many virtues are claimed, is chiefly made from potatoes and corn stalks, which can be made to yield marvelous quantities of spirits. There is no country in the world that can produce as many corn stalks as this, and few that can rival it in the output of potatoes. Why not make the cheap alcohol "for use in the arts" in this country, maintaining whatever tariff is necessary to encourage the industry?

Here is a suggestion for Kansas. A little more than a year ago the Sunflower state set out to demolish the Standard Oil Company by legislation. Kansas has got the worst of the conflict. The Twin Territories have developed such a production of oil that Kansas is a mere side issue. When it comes to corn stalks, however, Kansas can beat Standard Oil and the world. It is in the game when the play is for potatoes and watermelons. Why does it not establish an "alcohol for the arts" industry and drive Standard Oil out of the market? If Kansas will take up the gage of battle on this line the whole country will stand by and cheer. It will retain a tariff to shut out the pauper alcohol of Europe. It may almost forget Burton and his mileage. Now, Kansas do your duty and your cornstalks.

Order and Relief.

While Pittsburgh and the remainder of the country are rolling up the relief fund—this city has passed the quarter million mark—order is coming out of chaos in San Francisco, so the money may be used to the best advantage. President Roosevelt offers a good suggestion to give charge of this work to the American Red Cross. It has an effective organization trained to the business.

Order has been maintained in the ruined city by the army. It was a fortunate circumstance that troops were quartered in the Presidio, under so capable a commander as Gen. Frederick Funston. The soldiers have preserved order and dispensed relief most satisfactorily. One or two complaints have been heard of excessive severity of the guard, but no soldier has made such a serious error as the shooting of a prominent merchant, carrying a Red Cross flag, by members of the citizens' patrol. In fact, the army has made an excellent record. It is useful in time of peace as well as in war.

Praise is due the citizens of Oakland for their heroic efforts and sacrifices in behalf of their suffering neighbors. The manner in which they have opened their doors, giving food and shelter to the homeless, inspires new confidence in human nature. True, Oakland is just across the bay and might suffer a similar catastrophe, but that does not detract from the extreme generosity and hospitality shown the refugees. All honor to Oakland.

Insurance Will Aid.

Insurance experts, after a thorough inspection of San Francisco's burned district yesterday, estimated the total loss at $350,000,000, while the insurance loss will approach $175,000,000, and we are told that "without this assistance San Francisco would have vastly more cause for mourning." That is evident. There are few persons nowadays who do not take advantage of the benefits afforded by both life and fire insurance, and yet, here and there, somebody is met with who reiterates the old, exploded notion that "all insurance is gambling, and therefore wicked." It is not unlikely that among the many persons who have joined in the recent absurd hue and cry against all corporations there are some in San Francisco who are now to receive compensation from corporations for a substantial part of their losses.

The entire nation is responding nobly to the crying necessities of the ruined city, but what a strain upon even its enthusiastic philanthropy would be imposed in the raising of such an amount as the insurance companies are called upon to pay! Trite, but timely is the saying: "Insurance comes in mighty handy."

If Castro Comes.

President Castro of Venezuela, who is now enjoying a self-granted vacation from the cares of office, is said to be contemplating a visit to this country. The report possibly is put out as a "feeler" to test the public sentiment. Most persons who have given any attention at all to Castro's career consider him a sort of minor international nuisance, never happy unless he is making trouble for somebody else. In a recent magazine article he declared the longing of his soul was for peace and that he was ever ready to make generous concessions in order to prevent bloodshed, but in view of his actions, the statement was popularly regarded as made for publication only and not in good faith.

There is no clique of agitators in this country to prepare a welcome for Castro as they did for Gorky, nor is there much of the dramatic or romantic about the Venezuelan. We have diplomatic relations with his country, it is true, but the exact status of Castro, who has relinquished the reins of office, is not clear. As he told his fellow citizens, he desires to be regarded as a private personage. There are plenty of lessons he might learn from a sojourn in the United States, but it is doubtful whether he is in a receptive or docile mood. If Castro comes he need not expect us to make a hero of him. Since the object of his coming would probably be to bask in the sunshine of admiration, he would save traveling expenses by remaining at home and spending his vacation after the fashion of our own ex-presidents; casting bait upon the waters.

An Indiana critic has discovered 14 grammatical errors in Poet Laureate Austin's latest effusion, but he does not go so far as to nominate James Whitcomb Riley for the job.

Congress will not adjourn in May, though fences are tumbling down. Many a candidate can win more votes by voting right in Washington than by hustling at home.

The Phoenix, which has been much overworked of late in the columns of contemporaries, will now retire to rest on the perch until next time.

What is one earthquake, more or less, in the eternal scheme of things? San Francisco has begun rebuilding before it is done burning down.

Lake Michikamau is full of fish. That should aid in making a summer resort of it if there was any transportation.

When anybody starts to tell you how he sympathizes with the sufferer, ask him how many dollars' worth.

If Mr. Castro is wise, he will come unaccompanied and avoid possible unpleasantness.

Boston may be more cultured than Chicago, but she can't turn out books so rapidly.

Oregon has been shaking, too. In Arkansas it is the people only who shake.

Only One Answer.

A question laterally attached to the San Francisco story, to be answered by those who are making war on war: What forces of peace, what arm of the civil government could have controlled the situation as the national military, under command of Gen. Funston, has controlled it? Soldiers of the "peace army," what is the answer?—New York Sun.

Quiet Observations on Timely Topics

Why Are School Teachers a Drug in the Matrimonial Mart?

By
ERASMUS WILSON.

Why don't teachers marry? That's the question everybody is asking, including the teachers themselves.

Nor is it a joke, but a serious question, and one that should be discussed seriously.

There must be a good and sufficient cause for this condition of affairs, yet no successful effort has been made to discover it.

Were it known it could be so changed as to change the results, since all results have peculiar, fixed causes. Or, as the rule states, like causes produce like results.

⁂

It cannot be said that a great majority of school ma'ams are not marriageable, for they are intelligent, good looking and inclined to be industrious.

Is it the fault of the profession? Is there something about it that unfits them to become efficient wives? Or is it because the majority of those who drift into the profession are by nature unfit to become wives, home builders, and mothers of men?

No doubt you are ready to say that some of the best women you have ever known were school teachers. Nor can you say you have known of many of them, if any, going to the bad.

All this only adds to the wonder why more of them do not marry.

Teachers themselves discuss this question, but they seem, like others, to have failed to get a satisfactory answer.

⁂

Miss Catharine Goggin, one of the brightest of Chicago's many bright teachers, was asked this plain, p'ump, question by a Record-Herald reporter the other day:

"Is it because teachers are wedded to their profession that they do not marry?"

"No," came the positive answer, "it is because they never have had the chance. I know a number of teachers who would have married had they been given an opportunity. Yes, maybe I am one of them. Nearly every teacher loves her profession; but, seriously speaking, I do not believe it is devotion to their work that keeps them from marrying. After a woman has been in the school room for awhile she cannot help but acquire the habit of dictating to those around her. She learns to govern; not to be governed. She is in constant contact with weaker minds, with minds inferior to her own. What is the result? Her ways become fixed and set; she cannot be molded to suit any man. Her individuality has become too strongly developed. A man does not want to run the risk of marrying a woman who has acquired the habit of 'bossing;' he would rather marry some young, submissive woman just out from under the motherwing. The average man wants the 'clinging vine' type of a wife. On the other hand, after a woman has served a long term in the school room she usually acquires the 'schoolma'am' appearance. The schoolma'am face is not attractive to most men. Yes, I am sure the reason that so few teachers marry is that they are not asked the necessary question."

⁂

There is the nearest approach to a satisfactory answer yet given to this most important question. It is rational, and philosophical as well, and seems to meet all phases of the question.

And then it applies to other professions as well as that of teaching. Women who are trained in shops and stores lose their native domestic feelings, and traits, and prefer the life in a store or shop to that of a quiet home.

These, and teachers, if not in business long enough to become confirmed in the habits peculiar to it, can break away and regain their domestic feeling, but if indulged in for a long time they become second nature, as it were, and it is next to impossible for them to regain a love for housekeeping and to take delight in the duties of wife and mother.

⁂

Dr. A. E. Winship of the Journal of Education, devotes considerable space in the last issue of his paper to a review of Miss Goggin's answer to the all-important question, winding up with the following conclusions:

"The proportion of women teachers who are prosperous, comfortable and happy is much larger than the proportion of married women who are prosperous, comfortable and happy in Chicago or in any other city.

"A larger proportion of the women teachers who marry are prosperous, comfortable and happy in their married life than of any other class of women who marry.

"If women teachers were as ready to marry, for the sake of marrying, as other women as a whole they could marry as readily, and could marry better than other working women.

"No woman whose chief ambition in life is to marry ought to be a working woman of any kind. She should take life easy, devote her time and thought to being 'fetching,' and accept the first respectable chance that comes her way. That is what many married women did. Whoever will do that will find marrying easy.

"More women teachers have been pestered by the attentions of marriageable men than have never had a chance to marry.

"Trying to make perfect boys in school may make them foolishly critical of men; demanding negative virtues in boys may give them foolish notions of the negative requirements in men.

"The memories a man has of the women teachers he had as a boy may prejudice him against the women teachers he meets as a man. It is possible that women teachers are shunned by marriageable men, who would otherwise like them, because of the school habits of their predecessors.

"It is better for a woman never to marry than to wish that she had never been married."

⁂

"Beware of business women, ye who are looking for wives," is an old warning, older than the Weller warning to "beware of vidders."

A business woman is sure to have ways of her own, and to be so set in them that she cannot, or will not give them up.

No man, unless he is a weakling, wants to be bossed by a woman, and two bosses of the same job rarely get along well.

And they do say that a bossy woman is bossier than any man can be. Of this you may judge for yourself.

And as a rule, a woman's way in business is different from a man's way, for she is governed by instinct, or acts almost wholly on impulse, while man works by rules which he has reasoned out.

Impulse and instinct are sufficient guides for women in their native domestic sphere. Indeed, in the diversity of her duties as wife and mother, she cannot do otherwise than act upon impulse, for in most instances she must act on the instant, which allows no time for reasoning, or even for taking a second thought.

Hence a woman's first thought, and a man's second thought, are said to be their very best.

Time to Get Busy.

The Democrats desire fusion. Of course. But will Pennsylvania Republicans again assist them in electing candidates? We think not. Time has demonstrated that the well-meaning people who voted for Berry last fall did nothing in the way of reform. Mr. Berry, who talked so much about what he would do when able to "lift the lid," appears to have found everything in good condition. Republicans who voted for Berry simply assisted the Democracy of Pennsylvania in gaining a foothold which they expect to use effectively during the coming presidential campaign. It is time for all good Republicans to realize this fact, and get busy!—Scranton Tribune.

Elkins Law Doing Well.

The Elkins law being now three years old has attained strength enough to make itself felt. It has imposed penalties of $60,000 upon the Burlington railroad and its officers, for rebating, and all railroads will now entertain sentiments of great respect for it. It will be noticed that there officials were not permitted to escape personal liability, as Paul Morton did, on the ground that the violation of the law was like a misplaced switch, deplored by all and for which no one ought to be held responsible.—Philadelphia Record.

The Exact Truth.

The Democratic Baltimore Sun avers that there is small chance of the election of a Democratic house under present conditions. This out-spoken organ asserts that the present Democratic party seeks only to profit in adversity, and that it trims its sails to catch a wind of hard times, and predicts that "as soon as the era of prosperity ends there will be a Democratic house."—Johnstown Tribune.

PAUL JONES.

O, brave, gallant spirit, now anchored above
In the sailors' snug harbor, 'midst the pure and the blest,
Naught troubles thee now in that haven of love,
Earth's empty, vain honors disturb not thy rest.

Thy once gallant form, now so silent and cold,
Lies enclosed in that coffin, hid away from our glance,
Which our warships in honor bore back to the fold
Of thy country's free soil from the fair land of France.

When passing the capes of the old Chesapeake
They gave mournful welcome in the sad, sighing moans
Of their winds and their waters, all trying to speak
To their once brave defender and hero—Paul Jones.

A united free country assembles today
To honor the remains of our hero in bliss,
Before your dear dust is once more laid away
In its last resting place—honored Annapolis.

He hears, he heeds not the canon's loud roaring,
And his country's last honors gives no pleasure or pain,
The frail dust lies sleeping, while his spirit is soaring
Up aloft with his shipmates, a brave, honored train.

Heroes of our young navy, who crowned it with glory
And made it our safeguard and pride of today,
By gallant, brave deeds, told in our history's story,
While bright pages were added by Dewey and Schley.

How inspiring the theme, as we recall the story
Of that famous engagement between those so long dead,
When our young, starry banner was christened Old Glory
By Paul Jones, in its baptism off Flamborough head.

And when the proud Briton called: "Do you surrender!"
Seeing the Bon Homme Richard sinking fast out of sight,
He knew not her daring, immortal defender
Who answered, "I have not begun yet to fight."

And is this what remains of that form once so brave,
Which now is confined in the coffin's dark gloom,
Who laid long unknown in a far, foreign grave,
And now is brought back to his country and home?

Farewell, honored dust! To thy tomb's peaceful rest,
Thy country commits thee, with honors and love,
In the land where lies sleeping her bravest and best,
As their spirits assembled, look down from above.

Then peacefully rest till the trumpet's loud call
Shall open the graves with the dust and the bones
Of the just and the unjust who'll wake one and all,
Till then rest in peace, our brave hero, Paul Jones.

Some Palatable Breakfast Food Served Hot

By PETER PRY SHEVLIN.

THE TREND OF EDUCATION.

The world now wags in wondrous ways
With things switched round a lot;
Tom once played baseball all his days—
Embroid'ry now he's got!
And Maudie, who loved needlework,
Is now where athletes maul;
At gouging she doth never shirk
In playing basketball!

Besides our fancies and our fads
The "Three R's" seem a fright,
And no longer lively lads
Think shinny games are right.
At school there's knitting and croquet—
Which girls have long passed by
To "throw the hammer," golf, when they
Don't make an auto fly!

Perhaps the knack of basketwork
May help Tom in the strife;
Perhaps in Maude's freak muscles lurk
An aid to woman's life.
But business men when letters state
These sad facts, almost sob:
"Dear sur: I'm smart, jus graduate—
Say, kin i git de job?"

PETER PRY'S PHILOSOPHY.

Many are called, but few get up—and git!

Common sense is the kind that is not very common.

Man wants but little here below, provided you give him a chance to grumble about it.

Perhaps some clergymen have "D.D." after their names to signify sermons that are "dry" as "dust."

A woman knows a gown is fashionable when the more cloth put into it, the less it really clothes her.

Ever notice that the dreamy man who is always spouting about "love" and makes the grand passion a catchword, makes the very worst husband? Usually the prosaic person lives love quietly and successfully.

A Humane Weapon.

Jim—I see that they are making bottles out of paper now.

Jack—Good. Soon the rooters will be able to throw "pop" bottles at the umpire and the opposing team without damaging them much.

Ducks as School Teachers.

Little Emily was out last Sunday to the country place of a relative and watched with wide open eyes the chickens as they timidly skirted a small pool of water, while the ducks plunged boldly in and swam around with loud quacks of pleasure.

"Why don't them chickens take a bath, too?" asked the tiny investigator.

"Oh, they don't know how to swim," said her big cousin.

"Then why don't they ask the ducks to give them swimming lessons?" asked wee Emily.

Better Qualifications.

"Yes," confided the man with the lovelorn look, "I fell in love with Ethel after seeing how artistically she arranged the roses and pansies in her garden."

"Huh!" said the man with the calculating eye, "I'm going to marry a girl after seeing how beautifully she can arrange onions and mushrooms on a beefsteak properly cooked."

All-Absorbing Work.

Blinker—It is really a shame that young fellows, after graduating from school, have to go to work right away. Gracious knows, they have enough to attend to, anyway.

Clinker—How?

Blinker—Raising a mustache. No youth can do his work and attend to the delicate operation of raising hair on his upper lip at one and the same time. It's rank cruelty to overwork 'em that way.

The Rest of the Estate.

Hawkins—The wages of sin is death.

Dawkins—And then comes the undertaker's wages.

He Was a Hero.

"Now, my poor friend," said the cadaverous reformer in the white string necktie, "I have shown you the awful effect of alcohol on the lining of the stomach. Now, I ask you, sir—I ask you what you would call a man who drinks whiskey knowing its deadly, dangerous effects? What would you call him?"

"I'd call him a hero!" said the toper proudly, throwing out his chest and throwing in a few more drinks.

Small, But Busy.

Don't pin your faith on husky men,
Despising little runts;
The microbe 's very small, but then,
Just notice all his stunts!

The Baseball Season.

"Here's a letter for you," said the sporting editor.

"That so?" queried the religious editor.

"Yes, a sport wants to know what teams comprise the Epworth league."

It Makes a Difference.

Jim—Do you consider gambing I. O. U.s as debts of honor?

Jack—Yes; but only when they are due me.

The Boorish Bachelor.

"Yes, siree," he snarled, "marriage can well be termed an 'institution for the blind.'"

A Woman's Viewpoint.

Maizie—Oh, how I love violets.

Daisie—Shame on you! Why, they are getting positively cheap at this season of the year.

Knew the Game.

The two robbers skulked in the shadows of the bridge.

"Hist!" cried one footpad in trite melodramatic fashion.

"No, whist!" corrected the follower of Raffles. "Bridge whist."

Naturally, he wished the expression to fit the high type of robbery he espoused.

Strangers Now.

Myrtilla—Sometimes on the street cars the men actually stare me out of countenance.

Miranda—Out of countenance, dear? How considerate of them!

Applies to Other Cities as Well.

San Francisco has burned because the water pressure failed. That failed because the earthquake opened joints in the water mains. If the disabled mains could have been promptly isolated the pressure could presumably have been maintained in the rest of the water system—provided the pumping station or stations remained intact. The appalling results of this unforseen failure of water carry a lesson for Chicago.—Chicago Tribune.

The Helpful Adjuncts.

Without the army and naval forces San Francisco would have been helpless in the double grip of earthquake and fire. Even the timid anti-imperalist who cannot sleep through fear of the "militarism" of the republic will now be forced to admit that a standing naval and military force within call of the big cities of the country in great emergencies or catastrophies is convenient.—New York Tribune.

CASUAL GLIMPSES AROUND THE CITY

Notes About People and Events in Which Pittsburghers Are Interested.

E. W. Ehrmann, a San Franciscan who left that city three weeks ago, registered at the Hotel Henry last night, and has had forwarded to him a large batch of reassuring telegrams and letters from his wife and family in Oakland that give a graphic description of the burning city as seen from their villa, four miles across the bay.

"To a quick recollection of the 'earthquake etiquette' that all hardened San Franciscans know, do I ascribe the safety of my wife and child from the falling plaster and chimneys of our home," said Mr. Ehrmann. "At the slightest tremor of the earth, San Franciscans jump for the nearest doorway and stand directly under the protection of the framework, which shields them in a measure from falling bricks and plaster. My wife, grasping our child, Emily, did this instinctively, and both were saved from possible injury.

"I have passed through about 15 ordinary earthquake shocks, which were mild in character, and with an accompanying sensation similar to the jar caused by the dropping of a heavy trunk on the floor above or the air concussion caused by the deep bass of a powerful organ. The last, however, was of a different variety. Only a few months ago the city of San Francisco brought on a New York expert on the 'city beautiful,' Parsons by name, and the practical remodeling of the city was being discussed and pretentious plans made. Now I am sure that the city will seize upon these plans and follow them to results in the new San Francisco."

Cleveland's Occulist Returns.

J. Kornblum, a Pittsburgh occulist, returned yesterday from his annual professional visit to ex-President Grover Cleveland, at his home in Princeton, N. J. For the last 17 years Mr. Kornblum has been Cleveland's occulist, and even though there is no call for his services in the interim, always takes at least one trip a year to examine the eyes of his distinguished patient.

"The ex-President," said Mr. Kornblum, "is no longer of the familiar rotund type pictured in the cartoons. He has reduced himself over 30 pounds, his eyes are still very good, and he is getting younger every day. He expressed great regret over San Francisco's calamity, and waxed very enthusiastic over Pittsburgh's industries and the stimulating effect they have upon the prosperity of the whole country. He intimated that he would visit this city soon."

New Italian Consul Is Named.

Joseph Natalic, the court interpreter of this city, received a cablegram from Rome yesterday telling him to take charge of the Italian consulate here until further notice. The order came from Count Guicciardini, Italian minister of foreign affairs. In later messages the Italian cabinet officer ordered Count Naselli, in charge of the Philadelphia consulate, to proceed at once to San Francisco to do all in his power for Italians as well as for Americans in that city. Lionel Scelsi will act as consul at Philadelphia until further notice.

Robert Pitcairn, resident assistant at Pittsburgh to A. J. Cassatt, president of the Pennsylvania railroad, accompanied by George L. Peck, general manager of Pennsylvania lines west, and A. M. Schoyer, general superintendent of the Fort Wayne system, left Union station last night in a private car to attend the annual meeting of the American Railway association, which opens today in Chicago. W. W. Atterbury, general manager of the Pennsylvania railroad, accompanied by several eastern officials of the road, met Mr. Pitcairn in Pittsburgh last night and joined the party. Robert Pitcairn is the president of the American Railway association, and will preside at the meeting in Chicago today.

CHARGES HE PAID FRANKEL GRAFT

Renter in Diamond Market Declares Councilman Collected $15 a Week from Him.

OTHER SECRETS ARE REVEALED

The sensational charge that Common Councilman Samuel Frankel of the Eighth ward, collected $15 a week from him for six months for a small basket stand in the Diamond market, was made under oath yesterday afternoon by Hyman Friedman, before the special committee of councils investigating the market leases.

Friedman said he paid Frankel the money to be permitted to do business in the market, and that when he stopped the weekly payments Frankel attempted to oust him from the stand by political influence with the former administration. Friedman said his stand was on the the outside of the market, and occupied a space only about nine feet long and two feet wide. He said there was no lease for the stand as it was on the pavement alongside the wall, although he says Frankel collected money from him on the strength of the claim that Frankel held a lease.

Friedman's statement that Frankel did not have a lease and attempted to oust Friedman was corroborated by D. H. Lewis, the market clerk.

Says Paid Bonus and $15 a Week.

"William Frankel first had the stand," said Friedman. "I worked for him a few weeks and he said there was not enough money in the business for him, and proposed to sell out to me. I bought him out, paying him $125 for the business and it was only a few days until Councilman Samuel Frankel, the brother of the man I had bought out, came along and told me he had a lease for the stand and that I would have to pay him $15 a week.

"I did pay him $15 a week from July until the first of December, 1904. I then learned that Frankel did not have a lease, and told him I could not afford to pay him that much. He told me he would have me put out of the stand. That was on a Wednesday. I was paying the city $4 a week rent for the stand, and after I had the argument with Frankel he went to the market clerk and paid him for that week, telling the clerk that I would have to get out. I was told by the clerk that I would have to get out. I employed Attorney James Smith to see Director Bigelow.

"I went to Frankel and offered to pay him $200 a year if he would agree to let me alone, but he refused. I was finally allowed to stay. I learned that no lease had ever been held by Frankel or any person else for the stand."

Market Clerk Corroborates Friedman.

D. H. Lewis, the market clerk, was summoned by the committee. He confirmed Friedman's statement that Councilman Frankel paid him (Lewis) one week's rent for the stand.

"Didn't you know that Friedman had the stand and not Frankel?" asked Councilman Martin, a member of the committee.

"Frankel told me he was occupying the stand, and I did not know what arrangements had been made at city hall," replied Lewis.

"Did you tell Friedman he would have to get out?" asked Martin.

"I told him that I thought he would have to get out from what I had heard from Supt. John A. Long," said Lewis. Lewis explained that only weekly rentals were collected on the outside stands, of which Friedman's was one, because no leases were granted for them.

Max Feinberg said that Councilman Frankel tried to put him out of the market when he found he had a stand there. Feinberg had a vegetable stand on the outside, next to the stand of Reich Brothers, and he said one of the Reich brothers had paid Councilman Frankel $300 to get him (Feinberg) out, as the Reichs claimed he was interfering with their business. Feinberg said he got this information from a man that worked for him later who had been employed by Reich Brothers.

Did Not Know of $300 Transaction.

Naban Reich, who had previously testified that he had paid nothing to any one except to his brother from whom he purchased the stand, was recalled and asked about Feinberg's statement regarding the $300 alleged to have been paid to Councilman Frankel. Reich said that his brother had the stand at the time referred to by Feinberg, and he knew of no money having been paid by his brother to Frankel to get Feinberg out of the way.

Feinberg said he went to Director Bigelow, and the director sent him to Supt. Long. "Supt. Long told me that Frankel had the stand," said Feinberg. "I saw Frankel and would have offered him money, but he would not talk to me."

Another interesting fact brought out in the examination of butchers was that the leases had all been made for four years until two years ago, when Director Bigelow changed the system, and ordered the leases made only for one year. The butchers said the change created great uncertainty among the stand and stall holders, as they did not know when they might be thrown out, although many of them had spent years in the market building up a trade. The members of the committee expressed the opinion that the change was made to give the stands for political favors. After that the butchers would not go to the expense of making improvements fearing they might lose their places at the end of the year. The request was made by every dealer who testified that the market leases be made for four years to remove this uncertainty. One butcher, George F. Smith, suggested perpetual leases, and that a percentage of the price paid by one butcher to another for his business, when a transfer is made, be paid to the city.

It was also developed there were four exceptions to the rule to grant one-year leases, and these four exceptions were in favor of August Eberhart, a brother-in-law of Select Councilman John J. Hughes; Bonini Brothers, of which Councilman Frank W. Bonini was a member of the firm; Louis Rosso, and to the Wilson restaurant.

Four-Year Leases to Favorites.

Charles Bonini, brother of Councilman Bonini, testified the partnership with his brother was dissolved four or five months ago. He said he had a four-year lease on the stand, and it was to run two years more. He said he had paid $1,250 bonus to the former owner of the stand.

August Eberhart, who conducts a restaurant in the market, testified he was a brother-in-law of Councilman John J. Hughes, and said he had been an applicant for a position under the former administration when he got the restaurant privilege from Director Bigelow through the influence of Select Councilman James J. Booth and Councilman Hughes. He succeeded John S. Wilson, who was ejected to make a place for him. He denied that Select Councilman E. J. Edwards had secured the stand for him, but admitted that Edwards' brother-in-law worked for him. He said he was given the place and Wilson ousted because Wilson did not keep the place clean.

Butchers Want Longer Leases.

Wilson was called and denied that he had not kept the place clean. He says he was ejected, and had no place to go until Hugh E. Jones, a butcher, gave him a stand which Jones had no use for. Wilson says he now has a restaurant at the other end of the market, and a butchers' stall. He says he pays $1,500 for the restaurant he now has, equipped with only 18 stools, while his former restaurant, now occupied by Eberhart, pays a rental of only $900 a year, although it is better located to get trade.

Joseph P. Hildorfer, Hugh E. Jones and E. A. Kimmtch, butchers, also testified. They all asked that the leases be extended for four years.

Philip Flinn said he had a four-year lease for his restaurant in the market, which would expire next July. He said he had been informed his restaurant had been leased for four years, beginning next July, to S. Zoch. Flinn pays $1,500 a year. He said he had not applied to Director Bigelow this time for a renewal of the lease because he had discovered since he signed the last one that the director of public works had no authority to grant a lease.

The investigating committee adjourned to meet again next Tuesday night.

HOLDS UP LICENSE IN SWEENEY CASE

Judge McClung Takes Action on Evidence Growing Out of Second Ward Police Raid.

In the license court yesterday Judge McClung issued an order directing the clerk of courts to cancel the order granting a license to John J. Sweeney to sell liquor at wholesale at 500 Second avenue, for the year beginning May 1, and that the matter be held for further hearing. It is said this order is a result of the evidence collected by the police during the Saturday night raids, and that other orders of a like nature will follow.

In some manner or other this order was construed to mean that all license certificates were to be held up until further orders, and liquor dealers were busy consulting their attorneys yesterday afternoon. This rumor was given further credence when it was announced at the clerk of courts' office that no certificates would be ready for distribution today, as was expected. It was announced that these certificates would not be given out for several days because the bonds had not yet been approved.

Judge McClung stated last night he had only issued one order, that in the Sweeney case. It is possible that more evidence against wholesaler and retail dealers may be brought out which will establish the fact that the applicant is not entitled to sell liquor.

Sweeney stated yesterday he had no idea why he was held up, and did not expect to know about it until he went into court. He had read the evidence of some of the women of the Second avenue district, as reported in the papers, but denied that he knowingly sold liquor to disorderly houses of any kind.

POLICEMEN GET PRAISE FOR SATURDAY'S WORK

Director Ridgway Writes Letter to Superintendent McQuaide—Policy to Give Credit Where Due.

Director Ridgway is pleased with the way the police conducted the raids on disorderly houses Saturday night, and to show his appreciation of the work he yesterday sent the following letter to the acting superintendent, Thomas A. McQuaide:

> It shall be my policy during my administration of the department of public safety to endeavor at all times to give credit wherever credit is due to the officers and men under me for all official acts and conduct especially meritorious on their part in the discharge of their duty. And, therefore, at this time I feel called upon to compliment you and your subordinates upon the very excellent record you have just made through the arrest and punishment of the proprietors and proprietresses of the disorderly houses in the "red light" district of our city. The order for these raids meant exactly what it said, and you can rest assured that I shall always stand by you in actions of this kind, so long as such orders are faithfully executed without working any injury to innocent persons.

JISKRA IS SUED.

Prominent Member of Pittsburgh Orchestra is Made Defendant in Breach of Promise Case.

Wenzel Jiskra, a talented member of the Pittsburgh orchestra, who is now taking part in the festival in Cincinnati, was yesterday made defendant in a breach of promise suit for $100,000, filed in the superior court in Chicago by Miss Elizabeth Basta of that city. A Chicago dispatch says:

Wenzel Jiskra.

Jiskra is reputed to be the son of millionaire parents in Prague and that Miss Basta came to America two years ago because Jiskra's parents objected to the match and Jiskra was to follow later, when they were to marry. Jiskra came to America a year ago and has not kept his alleged promise to marry Miss Basta. She is a resident of Chicago.

According to local musicians Jiskra came to this country about two years ago, and for two seasons has been playing with the Pittsburgh orchestra. He is a talented and able musician and is one of the few who have been able to master the double bass and do acceptable solo work on that instrument. His talent has won him great praise from local musicians. To his friends in this city word of the breach of promise suit came as a distinct surprise.

WOMEN MAY TRY FOR THE PHILIPPINE SERVICE

As an inducement for men to enter the Philippine service, the United States civil service commission will permit the wives, sweethearts or immediate female relatives of men who are to be examined on May 23 and 24 to enter the same examination. Women relatives of men already in the service may also take the tests. The salary is $1,200 a year. Local Secretary Hilary F. Smith also announces for the same date examinations for a poultry assistant at $1,200 a year, and for a saddler in the quartermaster's department at large at Jacksonville, Ind., at $540 per annum.

Widow Objects to Will.

CHILLICOTHE, O., April 23.—The widow of Lawrence T. Neal, former candidate for governor on the Democratic ticket, will fight his will. Today she filed a suit to test the will, which distributes his large estate among his relatives without mentioning her. She claims that the will was made before her marriage.

WILL NOT TALK, SAY THEY'LL ACT

Curbing of Vice to Continue, and Ridgway Expects Results to Show Accomplishment.

HOUSES RAIDED CAN'T REOPEN

That the administration is determined to continue its efforts to rid the city of the disorderly houses is considered a foregone conclusion, although Mayor Guthrie, Director Ridgway and Superintendent of Police McQuaide will not say what they are going to do. There will no doubt be more raids, but it is not believed in administration circles that many such dragnet operations will be necessary, as it is thought the great majority of the proprietresses, especially those who are in partnership with city councilmen and politicians, will take the hint and close up without further reminders that their business is unlawful.

The only definite policy that Mr. Guthrie would enunciate was with reference to the women whose houses were raided Saturday night. When asked if the police were ready to prevent them from setting in residence districts the mayor said: "If they do, the same thing will happen to them that happened downtown."

Director Ridgway said he would not say whether or not further raids were to be carried out or more informations charging illegal liquor sellings sworn out. He added:

"It would be foolish to tell what we intend to do. I will say that every means necessary will be adopted to purify the city. The question of proceeding against the owners of houses used for disreputable purposes is a matter we have not yet taken up. If we do decide on doing that, it will be known when it has been done. The policy of this department is to act, not to talk about what it is going to do."

Joseph M. Dixon, president of the Anti-Graft society, said yesterday that he and a number of the members would call on the mayor and director and congratulate them on the work accomplished. He said, however, that the police had raided only the poorer class of houses. Other members of the society were disposed to claim credit for the administration's movement to clean up the city. Commenting on this Director Ridgway said:

"It affords me much pleasure to note that the Anti-Vice league is taking credit for recent attempts to clean up the 'red light' district of our city. Without entering into any arguments with the league concerning the giving of all the credit for these raids to any particular organization or person, the claims of the league are at least the full indorsement of our recent action."

PLAN GREAT RELIGIOUS REVIVAL FOR NEXT YEAR

Steps Taken to Have Drs. Torrey and Alexander Begin Work Here in February.

Plans are under way for a religious campaign in Pittsburgh similar in character and scope to the great Torrey and Alexander movement in Philadelphia and with Drs. Torrey and Alexander themselves as leaders. While the project has been started by the evangelistic committee of the Presbytery of Pittsburgh, it is the intention to make the movement inter-denominational, and next February is the time set for its beginning. A meeting of the evangelistic committee and other ministers was held yesterday afternoon in the First Presbyterian church chapel. It was decided to send Dr. Joseph P. Calhoun, pastor of the Homewood Avenue Presbyterian church, to Philadelphia to confer with Dr. Alexander and John Converse, chairman of the general assembly's evangelistic committee on the matter. Dr. Calhoun leaves for the east today, where he will remain for a week carrying out the suggestion of the local leaders. He will report at a meeting May 7. The committee for some time has been in communication with Drs. Torrey and Alexander, who have stirred Philadelphia and all Wales and London with their religious fervor.

Those present at the meeting yesterday were Dr. Calhoun, Dr. Stephen A. Hunter, the Rev. David S. Kennedy, Dr. Frank W. Sneed, the Rev. T. Ross Paden, the Rev. J. Allison Potts, the Rev. William A. Jones, the Rev. A. D. Carlile and William C. Lilley.

TWELVE PURE FOOD CASES TO BE CARRIED TO COURT

Charged by Special Agent E. D. Miller with having violated the pure food laws by selling oleomargarine as a substitute for butter, 12 dealers were given hearings yesterday before Alderman Groetzinger and furnished bail for their appearance at court. The dealers were: L. J. Junker, Duquesne; W. H. Shipley, McKeesport; Joseph Shipley, Jr., charged with selling at three different stores in McKeesport; H. G. Given, Braddock; H. F. Levi, 1620 Beaver avenue, Allegheny; George Kelly, 2136 Fifth avenue; D. W. Campbell and J. W. Ruddell, McKees Rocks; D. W. Campbell, 3625 Butler street; O. H. Shoemaker, Market street, and Mary Broderick, 4802 Second avenue.

Court Advances Western Miners Cases.

WASHINGTON, April 23.—The supreme court of the United States today advanced the hearing of the habeas corpus cases of Moyer, Haywood and Pettibone, charged with complicity in the murder of former Gov. Steunenberg of Idaho, naming the first Tuesday in October as the date for their presentation.

Will Celebrate Burning of Mortgage.

St. Cecelia's Roman Catholic congregation of Glassport is preparing for an entertainment in connection with the burning of a $10,000 mortgage on the church property. FIXING FENCES BY REPUBLICANS

Fusionists Made Many Gaps in State Last Fall Which Will Have to Be Repaired.

LINCOLNITES AND CONGRESS

Necessity for the Republicans fixing fences in this state this fall is shown by the official vote of the last election in Pennsylvania. Outside of Philadelphia the fusionists carried 16 congressional districts, and 14 of the 25 senatorial districts where senators are to be chosen this fall. Enough counties outside of Philadelphia gave fusion pluralities to elect 108 members of the house of representatives.

While there is little chance for a duplication of the result of the last election in the coming November contest, the Republicans of many counties will find much missionary work to do. The Republicans will name a state ticket that will bring many party men who last fall deserted to Berry back to the fold. This will strengthen the legislative tickets, if good men are put forward as candidates for seats in the general assembly. In the congressional districts the Lincolnites are already awakening to the fact that if they enter into a fusion arrangement with the Democrats, Pennsylvania's representation in the national house of representatives will be endangered. By fusion the Democrats hope to elect at least a dozen congressmen.

Last fall J. Lee Plummer was the Republican and Citizens candidate for state treasurer. W. H. Berry was the candidate of the Democrats, Lincolnites, Prohibitionists and Independents. The state department has issued the official vote by counties and from it the tables given below have been compiled.

Showing in Congressional Districts.

There are six congressional districts in Philadelphia, and as the detail vote for that city is not furnished, it is impossible to show who carried the districts. For the districts outside of Philadelphia the following pluralities were given:

7—Chester-Delaware, 4,657 Fusion.
8—Bucks-Montgomery, 7,973 Fusion.
9—Lancaster, 4,796 Republican.
10—Lackawanna, 3,496 Fusion.
11—Luzerne, 8,196 Fusion.
12—Schuylkill, 5,717 Fusion.
13—Berks-Lehigh, 14,579 Fusion.
14—Bradford-Susquehanna--Wayne-Wyoming, 898 Republican.
15—Potter-Tioga-Clinton-Lycoming, 5,464 Fusion.
16—Columbia-Montour-Northumberland-Sullivan, 8,254 Fusion.
17—Huntingdon-Mifflin-Juniata-Union-Snyder-Perry-Franklin-Fulton, 1,994 Fusion.
18—Dauphin-Cumberland-Lebanon, 3,624 Fusion.
19—Cambria-Blair-Bedford, 2,878 Fusion.
20—Adams-York, 6,242 Fusion.
21—McKean-Cameron-Clearfield-Center, 3,768 Fusion.
22—Westmoreland-Butler, 502 Republican.
23—Somerset-Fayette-Greene, 377 Republican.
24—Lawrence-Beaver-Washington, 2,645 Republican.
25—Erie-Crawford, 369 Fusion.
26—Pike-Monroe-Carbon-Northampton, 8,313 Fusion.
27—Clarion-Jefferson-Indiana-Armstrong, 314 Republican.
28—Mercer-Venango-Warren-Forest-Elk, 4,978 Fusion.
29, 30, 31 and 32—Allegheny county districts, gave good Republican pluralities.

Senatorial Districts Carried.

This fall there are 25 senators to elect. They will serve four years and will have a voice in the selection of Senator Penrose's successor in 1909. The pluralities given in these districts last fall are as follows:

10—Bucks, 1,461 Fusion.
12—Montgomery, 6,614 Fusion.
14—Carbon-Monroe-Pike-Wayne, 3,896 Fusion.
16—Lehigh, 2,996 Fusion.
18—Northampton, 4,963 Fusion.
20—Part of Luzerne, Fusion plurality.
22—Lackawanna, 3,496 Fusion.
24—Columbia-Montour-Sullivan-Lycoming, 7,590 Fusion.
26—Forest-Elk-Clinton-Cameron-Clarion, 5,360 Fusion.
28—York, 5,034 Fusion.
30—Blair-Huntingdon, 651 Fusion.
32—Fayette, 679 Republican.
34—Clearfield-Centre, 2,722 Fusion.
36—Fulton-Bedford-Somerset, 305 Republican.
38, 40, 42 and 44—Allegheny county districts gave good Republican pluralities.
46—Washington-Greene, 3,104 Republican.
48—Warren-Venango, 1,543 Fusion.
50—Crawford-Mercer, 626 Fusion.

The figures for the four Philadelphia districts cannot be given. The fusion plurality in Philadelphia was over 33,000.

In Assembly Districts.

The following table shows how the seats in the house of representatives would be divided between the Republicans and fusionists on the vote of last fall:

Elevator Constructors Meet.

Representatives of the leading elevator constructors of Pittsburgh and the country, and the wage scale committee of local union No. 6 of the International Union of Elevator Constructors, held a conference at the Hotel Henry yesterday with about 40 delegates present. This is the annual conference of the two bodies to decide upon wages and working conditions for the coming year. It is understood that an amicable adjustment of the wage question was attained, though those who took part refused to be quoted on exactly what change in working conditions and wages had been settled upon.

Dr. W. H. W. Rees Refuses Call.

The Rev. Dr. W. H. W. Rees, pastor of the Smithfield Street Methodist Episcopal church, has received a call to become pastor of a large congregation in the west. Although the salary is $1,000 more a year than he is now receiving, Dr. Rees will refuse the call. The Dravosburg Christian church yesterday extended a unanimous call to the Rev. F. M. Pitman of East Liverpool.

John M. Rowe Held for Court.

John M. Rowe of 7315 Race street was held for court yesterday by Alderman Negley on charges of running a gambling house and selling liquor without a license. The alleged gambling house is at 7310 Hamilton avenue, which was raided by the police on Sunday. The 34 men caught in the house were fined $1 and costs.

Willie Britt is Shot By Soldiers.

SAN FRANCISCO, April 23.—(Special.)—Willie Britt, the pugilistic manager, was one of the victims of the indiscriminate shooting. He was in an automobile when shot by soldiers.

Local People Hurry Home.

CHICAGO, April 23.—Among the passengers leaving Port Richmond, Cal., on the Santa Fe road last night, were G. H. Hartness, Braddock, Pa.; Amel Kein, Cleveland, O., and E. A. Willebrant, Homestead, Pa.

The Death Roll.

Eugene Bliss Barry.

Eugene Bliss Barry, aged 29, son of the Rev. and Mrs. B. R. P. Barry of Hardleton, Pa., died at 2 o'clock yesterday afternoon at the Passavant hospital, of typhoid pneumonia. He was a member of the Barry Company, printers, and with several other members of the family has lived in Pittsburgh for 12 years. He leaves, besides his parents, one brother, Fred W. Barry, a theological student at the Susquehanna university, and six sisters, F. May, I. Myrtle, Cora R., Sue B., Birdie Alice and Olive L. D. Mr. Barry was very active in church work and was a member of the First Lutheran church in Grant street, where the funeral service will be held this evening at 7:30 o'clock. The interment will be at Hardleton, Pa., on Friday.

Mrs. Mary Tanski.

Mrs. Mary Tanski, whose husband, Dr. N. T. Tanski, died four months ago in Cincinnati, is dead at her home in Washington avenue, Braddock. She was a well-known Polish woman and was 57 years old. She had been in this country 30 years and was a member of Sacred Heart Polish Catholic church, Braddock. The cremation of her husband's body in Cincinnati created a stir, for the widow protested against that method. It is said that he had requested a society to which he belonged, to have his body burned. The widow hurried to Cincinnati and tried to have the authorities interfere, but she was too late. Mrs. Tanski leaves three daughters and three sons.

Charles R. Barchfeld.

Charles R. Barchfeld, aged 54, died yesterday at 6:15 p. m. at his home, 1519 Garfield avenue, Allegheny. For the past seven years Mr. Barchfeld has traveled for Kennedy, Willing & Co. of Philadelphia, harness and blanket merchants. Seventeen years ago he married Miss Clara Custer of Allegheny. During his entire lifetime Mr. Barchfeld was a resident of Allegheny, and was well known. He is survived by his widow and one daughter, Sarah Custer Barchfeld, 14 years of age. No arrangements have yet been made for the funeral.

Alexander Robert Anderson.

Alexander Robert Anderson is dead at the home of his parents, 937 Park street, Allegheny, aged 27. He is the brother of Charles Anderson, an employe of The Gazette composing room. The funeral will take place Wednesday afternoon at 2 o'clock.

Obituary Notes.

YOUNGSTOWN—William Edmunds, aged 90, one of the oldest puddlers in the Mahoning valley, is dead. He came here from Wales in 1854. He is survived by one son, James H. Edmunds.

MEYERSDALE—Mrs. Mary Beachley, widow of Dr. Urias M. Beachley, is dead at the home where she had lived for more than 50 years. She was 75 years old and is survived by six children.

The body of Mrs. J. W. Paul, who died at Grassmere, Fla., arrived yesterday at her late home in Oakmont. Funeral services will be held this afternoon at St. Thomas' Protestant Episcopal church, with interment following in the Allegheny cemetery.

Alba Fisk Brown, aged 53, is dead at his home in Seventh street, Oakmont. He was a son of the late Rev. John G. Brown, a Presbyterian minister. His wife, two daughters and a son survive him. He was a member of the Presbyterian church.

Mrs. Arlisa Mulholland is dead at her home in Eighteenth street, Sharpsburg, aged 75. She had been a resident of Sharpsburg for 33 years. She was a member of the Methodist Episcopal church. Eight children, 20 grandchildren and 20 great grandchildren survive her.

Dr. James Lindsay Trader, aged 59, died at his home in Connellsville from appoplexy. He was born in Uniontown. In the early seventies he served two terms as coroner of Fayette county. His widow, who was formerly Miss Carrie Porter of Perryopolis, Pa., and one son, John P. Trader, survive him.

Mrs. Eliza Ridgley, widow of Thomas Ridgley, who died five months ago, died yesterday at her home in Sheraden. She was born in Pittsburgh 65 years ago, and lived here until she removed to Sheraden, 21 years ago. She was a member of the Protestant Episcopal church. The only survivors are two nieces.

PAYS LOCKHART BEQUESTS.

Orphans Court Distributes $950,000 Among Heirs and a Number of Charities.

Orphans' court made an order yesterday distributing the funds in the hands of the accountants, as shown by the first account filed by the executors of the estate of the late Charles Lockhart. By this decree charitable bequests under the will are paid, and in addition to these the legacies to the two sons and the trust fund to Mrs. Eleanor Lockhart, a daughter, are also distributed. After these amounts are paid a balance of $89,990 remains. Distribution of this is suspended by the court until further order. This account showed a balance of $995,000. Under this decree the following bequests were paid: West Penn hospital, $10,000; Homeopathic hospital, $25,000; Passavant hospital, $20,000; Passavant Home for Epileptics, $20,000; Allegheny General hospital, $20,000; United Presbyterian Memorial for Women and Children, $15,000; Home for Incurables, $10,000; United Presbyterian Home for the Aged, $10,000; Western Pennsylvania Humane society, $10,000; Pittsburgh Association for the Improvement of the Poor, $10,000; Young Men's Christian association, Pittsburgh, $50,000. RECOMMENDS RURAL DELIVERY FOR LIBRARY

WASHINGTON, April 23.—(Special.)—Representative Barchfeld has recommended to the postoffice department that a free rural delivery route be established out of Library, Allegheny county. The town is now served by rural delivery from Venetia, Washington county, and during bad weather the citizens sometimes go two or three days without receiving their mail.

Pardee Wires Thanks to Pennypacker.

HARRISBURG, PA., April 23.—(Special.)—Gov. Pennypacker today received the following telegram from Gov. Pardee of California, accepting his offer of aid for the relief of the San Francisco sufferers: "Thank you. Distress great and increasing. Thousands of homeless, unemployed people must be cared for for many weeks. Will appreciate aid."

Castro Has Stroke of Paralysis.

WILLEMSTAD, CURACAO, April 23.—(Special Cable, Herald Copyright.)—Former President Castro has had a slight stroke of paralysis, but now has recovered. President Gomez said there will be no change in the policy or conduct of the government. This settles the rumor he ousted President Castro and indicates he sees a trap. He celebrated his accession to office by losing $35,000 at a cock fight.

DEATH STRIKES VETERAN PATRIOT

August Pollack, Defender of the Union and Pioneer Manufacturer, Passes Away.

WAS FORMERLY A MERCHANT

[SPECIAL TELEGRAM TO THE GAZETTE.]

WHEELING, W. VA., April 23.—Augustus Pollack, the well-known stogie manufacturer, died suddenly this morning aged 76. His business career started in Baltimore in 1850. He came to Wheeling a few years later and was one of the founders of the Pittsburgh, Cincinnati, Chicago & St. Louis railroad. In the tobacco business he made a large fortune.

Augustus Pollack gained more fame by his course during the civil war than has ever come to him through the manufacture of an "honest Wheeling stogie."

He settled in Wheeling in 1854. In 1860 he established in that city a well known notion house, in connection with his general trading store at Grafton, West Virginia, which then became an important point on account of the completion of the Northwestern Virginia railroad, from Grafton to Parkersburg, now the property of the Baltimore & Ohio company.

Whatever fame attends Mr. Pollack's memory in a business way it is overshadowed by his supreme patriotism, when in 1861 he tendered his Grafton buildings to the United States government. This signal act of devotion to the union was acknowledged by Simon Cameron of Pennsylvania, secretary of war, who in a letter to Mr. Pollack said: "I have the honor to acknowledge the receipt of your letter of June 18, 1861, addressed to the President and by him referred to this department, tendering the use of your property to the service of the government; and in reply beg leave to return to you the thanks of the department for the patriotic and liberal offer."

That was not his only sacrifice and service to the union cause in the dark days of that portion of Virginia that was struggling to remain true to the government. He encouraged by cash and example the formation of the first German company of Wheeling volunteers in the union army. While attending to his business he also furnished the Home Guards with equipments and enlisting himself as a private.

Not satisfied with these endeavors towards preserving the union he established a German newspaper in Wheeling, very properly named the Patriot, which molded German sentiment in favor of the integrity of the nation.

What he did then may look insignificant in the light of the greater events that transpired in that awful four years' conflict, yet his humble efforts at that time were as consequential as the great victories won on the fields of Winchester, West Virginia, or Gettysburg.

That is one side of an honorable career that is worth remembering. His business career and success is too well known in this city to require more than the simple announcement that he was the most prominent manufacturer of stogies in West Virginia.

MANY MURDER CASES.

Grand Jury Reconvenes and Will Have Nine Homicide Trials for Its Consideration.

The grand jury reconvened yesterday after a recess of nearly six weeks. Judge Kennedy told the members that only cases where the defendants are confined in jail would be brought before it, as it is the intention to clean out the jail. Nine murder cases are to be considered. They include Joseph Walker and Andrew J. Able, charged with causing the death of their wives.

The following true bills were found: Larceny, Joseph Betiejewski, Thomas Doyle, Stephen Florentiano, John Freeman (2), William Miller, John Swager, Joseph Splane, John Shanefelt, John Wance, Leroy Whiteley (2); aggravated assault and battery, Pet. Buchnowski, Fred Campbell, Philip Mathews; assault and battery, Robert Henningray, Jefferson Lewellyn, Thomas Reed; entering a building, John Martin, Joseph Splane (3), Wooster Young; felonious assault and battery, Antonio Martinis, John Rudaugh, Sam Popia, David Hancock, Niel Bonner; selling liquor without a license, Robert Bowie, Cliff Ellis; selling liquor on Sunday, Robert Bowie, Cliff Ellis; misdemeanor, Thomas Glitzsiser; receiving stolen goods, Jacob Kessler; carrying concealed weapons, Antonio Martinis; entering a freight car, George A. Paten.

REDUCES ITS CAPITAL.

Pittsburgh Stove & Range Co. Stockholders Vote for Proposed Plan.

Stockholders of the Pittsburgh Stove & Range Company met yesterday and sanctioned the proposed plan to have its $1,000,000 in preferred and $1,000,000 in common stock absorbed by the newly-created Pittsburgh Stove Company, with a capital stock of $500,000 and a bond issue of $600,000.

Two shares of the old stock will be exchanged for one share of the new a pro rata share of the bonds, while the $100,000 additional in bonds will be used as working capital. Officers of the company are: John D. Nicholson, president; George W. J. Bissell, vice president, and John S. Graham, secretary-treasurer.

PITTSBURGHERS GET OFFICIAL POSITIONS

Robison, J. B. Yohe, W. B. Morris, Samuel Moody, Pittsburgh; W. S. McKinnon, L. Hills, B. W. Baldwin, A. F. Galpin, Frank Fortune, Ashtabula. Officers were chosen as follows: L. A. Robison, Pittsburgh, president; W. B. Morris, Pittsburgh, secretary; B. B. Seymour, Ashtabula, treasurer.

Doe Estate Loses $5,000,000.

SAN FRANCISCO, April 23.—Representatives of the Doe estate say their losses by fire are between $5,000,000 and $6,000,000. Bartlett Doe, head of the lumber firm of B. and J. S. Doe, and owner of the St. Nicholas hotel, died last Wednesday, several hours after the earthquake. He had been in poor health for several months.

Etna Has $5,000 Fire.

Fire was discovered in the office of the Spang-Chalfant Company, at Etna, last night. The blaze started from a defective flue in the cellar. Before the fire department arrived most of the store house was gutted by the flames. The loss was about $5,000.

A BUSY WOMAN

Can Do the Work of 3 or 4 If Well Fed.

An energetic young woman living just outside of N. Y., writes:

"I am at present doing all the housework of a dairy farm, caring for 2 children, a vegetable and flower garden, a large number of fowls, besides managing an extensive exchange business through the mails and pursuing my regular avocation as a writer for several newspapers and magazines (designing fancy work for the latter) and all the energy and ability to do this I owe to Grape-Nuts food.

"It was not always so, and a year ago when the shock of my nursing baby's death utterly prostrated me and deranged my stomach and nerves so that I could not assimilate as much as a mouthful of solid food, and was in even worse condition mentally, he would have been a rash prophet who would have predicted that it ever would be so.

"Prior to this great grief I had suffered for years with impaired digestion, insomnia, agonizing cramps in the stomach, pain in the side, constipation, and other bowel derangements, all these were familiar to my daily life. Medicines gave me no relief—nothing did, until a few months ago, at a friend's suggestion, I began to use Grape-Nuts food, and subsequently gave up coffee entirely and adopted Postum Food Coffee at all my meals.

"Today I am free from all the troubles I have enumerated. My digestion is simply perfect, I assimilate my food without the least distress, enjoy sweet, restful sleep, and have a buoyant feeling of pleasure in my varied duties. In fact, I am a new woman, entirely made over, and I repeat, I owe it all to Grape-Nuts and Postum Coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs.

LEADING CITIZEN SHOT BY PATROL

Maj. Tilden of Gov. Pardee's Staff Killed in His Automobile by Excited Men.

CAUSES GREAT INDIGNATION

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN FRANCISCO, April 23.—H. C. Tilden, one of the most prominent members of the general relief committee, was shot and almost instantly killed in his automobile this morning, at Twenty-second and Guerrero streets, while returning from Menlo Park. He was shot by men wearing khaki uniforms and members of the citizens patrol.

Hugo Alltschul, a coachman, who was in the automobile, was cut in the face by a bullet, and another ball pierced the seat and struck in the back of R. G. Seaman, acting lieutenant of the Second company of the signal corps. The force of the bullet was spent, and Seaman suffered no injury.

Maj. Tilden was a prominent commission merchant of this city, a member of Gov. Pardee's staff and one of the foremost workers in the general relief work. He had taken his three children and a nurse from the Fourteen-Mile house, where they had been since the earthquake, to Menlo Park, where he has a summer cottage.

His automobile had been used as an ambulance in conveying sick and wounded to the hospitals and the Red Cross flag was displayed on his car. Besides this, he had the Red Cross insigna on his right arm.

Shot Without Warning.

According to Seaman, six men stood in the middle of the road at Twenty-second and Guerrero streets, separating when the car got within 50 feet of them. When the car was within 10 feet of the guard, Seaman says, the guard began shooting without warning or challenge, and kept up firing after the car had passed them.

"The machine had gone about 50 feet past the patrol," said Seaman, "when the car stopped suddenly. Tilden, who was operating the car, fell toward me, saying: 'Well, they got me—they killed me!' He then dropped back in the seat and rolled out of the car.

"I sprang out and fired five shots in quick succession at those who were still shooting behind us. A doctor came running from a house nearby and, after examining Tilden, said he was dead. Several policeman came running up and arrested three of the men who did the shooting. The men were in khaki uniform."

The body of Tilden was placed in the car and taken to the Central police station, at Bush and Fillmore streets, being removed later to the Elks' Emergency hospital in Bush street.

Prisoners' Story Different.

Alltschul, whose righ cheek is swollen where one of the shots grazed it, stated that Tilden stopped the machine when the shooting began, jumped out of the car, saying:

"I am shot; they have killed me!" ran to the sidewalk and fell dead.

The three men under arrest are E. S. Boynton, a telephone inspector in the employ of the Pacific States Telephone Company, George W. Simmons and Malcolm Vance. All are young men and members of the citizens patrol. Boynton declares that he did not see the Red Cross flag on Tilden's car, and when the latter did not stop when challenged he fired. The coachman in the car then began shooting, and Simmons and Vance replied. The killing of Tilden has created the greatest indignation.

The three men arrested were taken by Chief of Police Dinan in an automobile to Ft. Mason and turned over to Gen. Funston.

GOLD AND SILVER ARE ABUNDANT

Mint Is Prepared to Coin All the Money Needed in San Francisco.

BANKS' NEEDS TO BE SUPPLIED

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN FRANCISCO, April 23.—One fortunate condition still remains with San Francisco. There is an abundance of gold and silver coin available in the vaults of the United States branch mint in this city. The mint had almost completed its coinage for the fiscal year when the earthquake and fire interrupted this operation. The furnaces and grate chimneys will be ready to start up at an hour's notice if suitable power can be obtained, and it is possible that a speedy make-shift for power may be soon arranged if the early future should warrant such a step. Mr. Leach, superintendent of the branch mint, said today:

"The mint is intact. No damage has been done to the inside either by earthquake or fire. We are ready to resume business just as soon as the public wants us to do so. All of our men have been at their posts since Wednesday ready to meet any demand, but the outside financial system is not yet in shape to use money. We have in the vaults of the mint an abundance of money, in fact more than San Francisco needs.

Secretary of the Treasury Shaw is fully alive to the situation, and has instructed me to turn over money to banking institutions wherever needed. Sub-Treasurer James opened his office in the mint building today. Until he can get his books and papers the mint will make necessary transfers of money.

"Thus far we have had no demands for money. We will give up all our spare room for commercial purposes. I have conferred with all of the representative bankers, and will continue to keep in touch with their needs. They desire to get everything in shape first.

"All that they ask from the secretary of the treasury is the prompt transfer of funds, and this is something that Secretary Shaw is most anxious for. One of the first things he did was to instruct me to consult with the bankers and see what was needed."

A significant indication of the early restoration of law and order and safety is the fact that there is not a soldier or city police officer guarding the many millions of dollars in the vaults of the mint. The soldiers and other guards were dispensed with the first day of the fire, and only those of the special police officers regularly connected with the mint have since been on duty there.

It was stated today by officials of the mint that the early reports of the shooting and attempts to break into the mint by looters were the purest nonsense. There has been no disturbance whatever about the building, and there is no prospect of future trouble.

CHICAGO, April 23.—"There is no reasonable limit on the amount of money which the national government is ready to transfer to San Francisco, to be available for rebuilding the city," said Secretary of the Treasury Shaw, who is in Chicago on private business. Mr. Shaw continued: "The offices of the San Francisco sub-treasury will be re-established temporarily in the mint, and transfers of money will be made through it. There will be no expense for exchange, money borrowed in the east being paid from the San Francisco sub-treasury."

SIMPLE HERBS AS REMEDIES.

WONDERFUL CURES REPORTED IN GERMANY.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic medicines has been revived very widely of late. In Germany a new school of physicians has arisen, which throws out almost the whole of the pharmacopeia and relies on an adaptation of the methods of wild animals in curing themselves. Somewhat similar systems have arisen in large numbers in America, and they are daily adding to their adherents. While the chief feature of the Nature treatment is the use of water, heat, cold and light, a few simple roots are used as medicines with very interesting results.—*New York World.*

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., who first advocated the extended use of some of our native roots, Golden Seal, for instance—which was only taken up within the last decade and recommended to Allopathic Physicians by Dr. Bartholow, has been the chief ingredient in Dr. Pierce's Golden Medical Discovery for forty years.

So much has been written by the standard medical authorities, of all the several schools of practice, in praise of the native, or American, medicinal plants which enter into the composition of Dr. Pierce's Golden Medical Discovery, that in attempting to quote from the various works on *Materia Medica* one hardly knows where to commence, since they are so voluminous that only the briefest and most imperfect reference can be presented in a short article like this.

Briefly then let us say that the "Golden Medical Discovery" was named from the sturdy little plant Golden Seal, the root of which enters largely into its composition. Besides this most valuable ingredient, it contains glyceric extracts of Stone root, Queen's root, Black Cherrybark, Bloodroot and Mandrake root.

Finley Ellingwood, M. D., an eminent practitioner of Chicago and Professor of *Materia Medica* in the Bennett Medical College of that city, in his recently published work on Therapeutics, says of Golded Seal root: "It is the most natural of stimulants to the normal functions of digestion. Its influence upon the mucous surfaces renders it most important in catarrhal gastritis (inflammation of stomach) and gastric (stomach) ulceration."

Many other authorities as well as Dr. Ellingwood extol the Hydrastis (Golden Seal), as a remedy for catarrhal diseases of the nasal passages, stomach, bronchia, gall ducts, kidneys, intestines and bladder. Among these, we may mention Prof. John King, M. D., author of the American Dispensatory; Prof. J. M. Scudder, M. D., in his "Specific Medication"; Dr. Hale of the Hahnemann Medical College of Chicago; Grover Coe, M. D., of New York, in his "Organic Medicines"; Dr. Bartholow of Jefferson Medical College and scores of other leading medical writers and teachers.

All the foregoing eminent authorities extol the curative virtues of Golden Seal in cases of stomach, liver and intestinal weakness, torpor and ulceration of bowels. Dr. Ellingwood recommends it most highly, "In those cases of atonic dyspepsia when the entire apparatus, including the liver, is stagnant and inoperative." He also extols it most highly in the many weaknesses and derangements peculiar to women and says, "It is a most important remedy in many disorders of the womb." Golden Seal root (Hydrastis), is an important ingredient of Dr. Pierce's Favorite Prescription for weak, nervous, "rundown" women.

But to return to the "Golden Medical Discovery." It may be said that its curative properties are not wholly dependent upon Golden Seal, valuable as it is, as other equally potent ingredients add greatly to its value and in fact are not less important than the Hydrastis, or Golden Seal.

In all bronchial, throat, lung and kindred ailments, Stone root, Black Cherrybark, Queen's root and Bloodroot, each plays as important a part in effecting the phenominal cures of "Golden Medical Discovery" as does Golden Seal. All these ingredients have the endorsement of prominent practitioners of all schools of medicine for the cure of diseases of the bronchia, throat and lungs.

Of Queen's root, Prof. King says: "An alterative (blood purifier) unsurpassed by few if any other of the known alteratives. Most successful in skin and scrofulous affections; beneficial in bronchial affections; permanently cures bronchitis; relieves irritations; an important cough remedy; coughs of years' standing being cured; aids in blood-making and nutrition and may be taken without harm for long periods."

Queen's root, Golden Seal root, Stone root, Black Cherrybark and Bloodroot, all articles extolled by leading practitioners of all the schools, as the very best of cough medicines, are made especially valuable when combined with chemically pure glycerine which greatly enhances the curative action of all these ingredients in all bronchial, throat and lung affections, severe coughs and kindred ailments.

Who can doubt the efficacy of such a compound, when scientifically made up, as in Dr. Pierce's Golden Medical Discovery? Who can doubt that it is a most effective remedy for the several diseases for which its ingredients are so highly recommended by the formost writers on *Materia Medica.*

It is in the cure of the more chronic or lingering, persistent, and obstinate cases of bronchial, laryngial and lung affections, attended by hoarseness and severe cough, which if neglected or badly treated would generally have run into consumption, that "Golden Medical Discovery" has won the highest praise from all who have observed its marvelous control over these and kindred affections.

It will be seen from the above brief extracts how well "Golden Medical Discovery" is adapted for the cure of all blood diseases, as scrofulous and skin affections, eruptions, blotches, pimples and kindred ailments; also that it is equally good in all Catarrhal affections no matter where seated, and for all cases of indigestion, or dyspepsia, torpid liver, or biliousness; and as a tonic and invigorator in all manner of weaknesses, and in nervous debility and prostration, the above extracts amply show.

Much further information as to the properties and uses of "Golden Medical Discovery" and Dr. Pierce's Favorite Prescription for weak women, will be found in a little booklet of extracts from standard medical books which will be mailed *free* to any address on request, by letter or postal card, sent to Dr. R. V. Pierce, Buffalo, N. Y.

How to Fool a Lazy Liver with Artificial Exercise

EVERY serious Sickness has a small beginning.

And, in nine cases out of ten that small beginning is made in the Bowels.

Indigestion is the beginning of most diseases.

It paves the way for all others.

Lack of exercise, hasty eating, improper food, are its first causes.

Laziness, and postponement, permits it to grow into Chronic Constipation, which means life-long Discomfort.

It isn't necessary to be sick-a-bed, you know, in order to be mighty uncomfortable.

Even slight indigestion affects the nerves, dulls the mind, and obscures the merry sunshine of Life.

And, Indigestion once started, grows fast, corrodes temperament, and discounts happiness, good cheer, capacity.

It does that long before it puts you on the Sick list.

Every thinking Doctor knows why.

* * *

Professor Rand knew it.

That's why he framed up for students his famous formula for Happiness, viz.: "Trust in God, and keep your Bowels open."

The Bowels need adjustment from time to time, just like a clock, or a watch.

No "Good time" is humanly possible without this.

And, the time to adjust the watch is not when it has run down, nor when the main spring is broken, but at the very minute adjustment is discovered necessary.

The time to adjust the Bowels is not merely when your Head Aches, when your Liver is Sick, your Stomach in Revolt, and Nature's Food Process retarded for 24 hours or longer.

The proper time to adjust them is the very minute you suspect they need adjustment.

—If your tongue is slightly coated,
—If your breath is under suspicion,
—If your Head feels a trifle heavy or dull,
—If digestion seems even a little slow,
—If Heartburn, Belching, Colic or Restlessness begin to show themselves,
—That's the time to eat a Cascaret.

* * *

Don't imagine the Cascaret is ineffective because it is pleasant to eat as Candy.

It acts as pleasantly as it tastes. It is as congenial to your Bowels as it is to your Palate.

It is not a "Bile-driver," which floods out your stomach today with fluid juices needed for tomorrow.

But, it acts like Exercise, instead.

It stimulates the muscular lining of the Bowels and Intestines, so that they mechanically digest food and drive out the waste.

* * *

The time to use a Cascaret is when you first suspect you need one.

The only way to have them ready to use precisely when you need them is to carry them constantly in your pocket, as you do a Watch or a Lead pencil.

The ten cent box of Cascarets is made thin, flat, round-edged, and small, for this precise purpose.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

NOW THE OWNERS' TURN IS COMING

Police Will Visit Assessors' Office and Learn to Whom the Raided Houses Belong.

WHAT ANTI-VICE MOVE MEANS

Another move in the city administration's war upon vice and the men who encourage and profit by it, will be made today, but with no dramatic features attached. Forty-seven disorderly houses were raided last Saturday night. Today the police will learn who owns 44 of the houses.

Three of the owners are known; they are the women who operated the houses. But the other 44 houses were all leased property. The proprietresses would not tell who own the houses; in fact in many cases they do not know who the owners are, the rents being collected by real estate agents or by men not in the realty business who control the houses, although not owning them.

The information sought by the police will be obtained, it is expected, at the assessors' office in city hall. The list of the houses will be taken to the assessors' office and from the books the names of the owners will be learned. Director Ridgway would not say yesterday whether the owners would be prosecuted if they have knowledge of the purpose for which their houses were used.

Mayor Guthrie is determined to break up the partnership existing between many proprietresses of disorderly houses and certain men, some of them politicians, others members of councils. The movement against vice is one phase in line with Mayor Guthrie's wish to build up a model city. The question whether the social evil can be erradicated entirely is not bothering the administration, nor the question in what part of the city the remnant of vice which may still exist shall be quartered. If it is impossible to do away entirely with vicious resorts, the administration does not expect to attain the impossible. It believes that any reduction in vice it can accomplish is so much gained.

The syndicate system under which vice is made profitable in Pittsburgh has far-reaching effects, it is asserted, for city administrations have connived at it in order to secure votes in councils for corporation franchises and other measures which were against the public interest. It is maintained that it acts deleteriously on the police force, because the syndicates could formerly punish any policeman who had the temerity to interfere with their graft or even to arrest their hangers-on, many of them suspicious characters, thieves, men who live off the earnings of disreputable women. By preventing the unlawful sale of liquor, by showing through criminal suits that it is dangerous to lease houses for disorderly purposes, by proving that no political influence can save the vicious resorts, it is hoped to effect a great reform.

The police are not to permit vice driven out of one section of the city to resort to residence districts. A watch will be kept, and as fast as the attempt is made to start new centers it will be headed off.

Three women and two men were caught yesterday in an alleged disorderly house in Webster avenue, raided by Police Inspector Robinson and Capt. Bartley. The proprietress escaped capture, being at the matinee.

GRIEF IS GENERAL OVER POPULAR PRIEST'S DEATH

Father Miskiewicz Member of Nobility, and Wealthiest Man on South Side, Passes Away.

The Rev. L. M. A. Miskiewicz, who for a quarter of a century has been the pastor of St. Adalbert's Polish Roman Catholic church, South Side, died yesterday morning at the parochial residence, 162 South Fifteenth street, aged 49. His death was caused by heart failure, induced by rheumatism, from which he has been a sufferer for over a year.

Probably no man on the South Side was better known or more beloved than Father Miskiewicz. He was of noble parentage and inherited a considerable fortune in Poland, where he was born. He was carefully educated in the best schools of that country, as befitted his rank, and at an early age, evinced a desire for the priesthood. He took his orders when about 24 years of age, and shortly afterward came to this country to take charge of St. Adalberts' congregation. At that time it was composed of the poorest Polish families, and was worshiping in a crude edifice. Father Miskiewicz labored tirelessly in his efforts to better his countrymen, and it was largely his own money that built the handsome edifice that now stands in South Fifteenth street. The money was later returned to him by the congregation. He also built the parochial school which stands across the street from the church, and which has done much toward educating the Polish children.

St. Adalbert's congregation today numbers 2,500 families and is the largest Polish congregation in the city. Hundreds of the members of the congregation went to the parochial residence last night, and clamored for admission to take a last look at their beloved pastor. Surrounded by many flowers, his body lay in state in the parlor, and the people were permitted to file in and view the dead priest.

Father Miskiewicz was rated as the wealthiest man on the South Side. The large fortune which he inherited in Poland has been increased by several judicious investments notwithstanding that he was charitably inclined and gave largely to aid unfortunate members of his flock. One brother, the Rev. Francis E. Miskiewicz, who is rector of a Polish church in Homestead, survives. The funeral services will take place on Thursday morning, and high requiem mass will be said in the church. A large number of priests from all sections of the country will be present and Bishop Canevin is expected to take a prominent part in the services. A number of the Polish societies will take part in the parade from the church to the cemetery.

JAIL THICKLY POPULATED.

Prisoners to the Number of 519 Are There This Morning, Breaking Previous Record.

The population of the Pittsburgh jail had a sudden increase yesterday, because of the presence of 70 of the men and women arrested in the raids on disorderly houses Saturday night. After they were put away in cells the best record was broken.

The greatest number of prisoners ever before in the jail was 490. Last night 519 men and women slept there. There are only 310 cells, so it required some thinking on the part of Warden Lewis and his deputies to stow the prisoners away. The daily population of the jail for some weeks past has been from 450 to 500.

The women added yesterday as a result of the raids made the female population 83. This is just twice as many women as the jail has ever before harbored. Besides, 70 prisoners were discharged, and these are not included in the total population which broke the record.

WEARS SAME SLIPPERS ACROSS THE CONTINENT

NEW YORK, April 23.—Olive Fremstad and Josephine Jacoby, members of the Metropolitan opera company, who were in San Francisco during the earthquake, arrived here today. Miss Jacoby said, while describing some of her experiences: "The slippers on my feet are those in which I played Carmen the night before the earthquake. I have worn them all the way across the country."

Another Kearsarge Seaman Dies.

WASHINGTON, D. C., April 23.—William King, an ordinary seaman, who was among the injured on the Kearsarge, died today, bringing the list of dead from the fire on that ship up to 10, embracing eight enlisted men and two officers. King was from Appleton City, Mo., and his next of kin is Mrs. Alice Cox of that town.

TESTING SCHEME OF CLARK AT THE POINT

Surveys for Temporary Connection of Elevated With Old Freight Station.

Director Clark said yesterday that the Pennsylvania railroad engineers are making surveys at the Point to ascertain if it is feasible for a connection to be made with the new elevated road along Duquesne way and the old Duquesne freight station in Liberty avenue, as has been suggested to the company by the director.

The company claims it is impossible to remove its tracks from Liberty avenue until the new inbound and outbound freight stations below Third street are ready for use by the elevated line, but Director Clark claims the Liberty avenue tracks can be removed and a temporary connection made with the elevated and the present freight station until the new stations are finished. He said this could be done by connecting an emergency switch, now extending into the yards for loading and unloading of wagons from the cars, with a switch running from the old Duquesne station along Third street under the elevated.

If the company cannot make the connection suggested by Director Clark, it will renew its request for an extension of time. The railroad company claims it has been retarded in the construction of the new freight houses by labor strikes.

ALL DOCTORS AND NURSES NEEDED ON THE GROUND

Red Cross Is Advised Clothing, Shelter and Warmth Are Now Most in Demand.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, April 23.—Working in conjunction the governmental agencies and the Red Cross is rapidly perfecting plans for the relief of the situation in San Francisco. Today the National association received a remittance of $300,000 from the New York branch of the Red Cross. Inquiries were made through Surgeon General O'Reilly as to the need in San Francisco for doctors or female nurses. From Lieut.-Col. Torney, chief surgeon in charge of the medical department at San Francisco, came this answer:

"In reference to need of doctors and female nurses, the conclusion has been reached that they will not be required, as physicians from San Francisco and the outlying cities of the states are offering their services freely."

About 1,300 doctors are available in San Francisco and Oakland, sufficient for all needs.

Miss Boardman was informed by the surgeon-general of the army that he had arranged to provide all needed medicaments for three months for 200,000 people, and no more would be required at present.

There is need, however, for clothing and shelter and warmth, and the Red Cross is looking to these ends. Today arrangements were made with the army contractors who supply blankets to send many thousand blankets to Dr. Edward T. Devine of San Francisco, which the manufacturers agreed to do at the low government contract rate.

Quartermaster-General Humphrey was advised that 4,000 stoves with piping were being unloaded and tentage was coming in by boat and rail at a rate that would probably afford protection by tomorrow night for all sufferers.

STILL IN CONFERENCE.

Miners and Operators Fail to Agree on Wage Scale—Dolan Postpones Abdication Until Today.

Officials of the miners' organization and the operators continued their wage scale deliberations in the Hotel Henry yesterday, but failed to reach a conclusion. It was announced that no vote had yet been taken on any of the propositions, but that the time so far spent has been applied in open discussion over the contentions of both sides. Miners and operators declare some sort of agreeable adjustment will be reached.

Patrick Dolan, former president of the district organization of miners, was to have formally abdicated yesterday by turning over the books and funds of the organization to John Hurley, the newly-elected secretary-treasurer. Dolan remained in his home in McDonald, however, and telephoned that he was indisposed and would probably carry out the program today.

INSPECTION OF BATTERY B.

Pittsburgh Artillerymen Make Fine Showing Before Col. Sheldon Potter.

Battery B, of the Pennsylvania National Guard passed a splendid inspection last night. It was made by Col. Sheldon Potter, of the governor's staff, and Maj. H. Rowan of the artillery corps of the United States army, Governor's Island, Department of the East.

The battery paraded 63 men and officers. Col. Potter inspected the men in the foot movements and the school of the soldier. No attempt was made to work the men at the guns, as the battery had them packed, waiting for the arrival of its new guns from Rock Island.

Col. Potter was very much pleased with the inspection. At the close, he said, "The command is the best I have seen in the Guard. The officers are intelligent and the command is a credit to Pittsburgh."

Maj. H. Rowan said, "I am not here to make any criticisms, but I am very much pleased with the showing made by this battery."

REGISTRAR W. R. BATT HERE.

Confers With Superintendents of Local Health Bureaus on Vital Statistics.

Dr. Wilbur R. Batt, the state registrar of vital statistics, was in Pittsburgh yesterday and conferred with Supt. Moore and Dr. B. A. Booth of the Pittsburgh bureau of health, and with Dr. Hamilton Beatty, superintendent of the Allegheny bureau of health. Dr. Beatty and Mr. Moore are deputy state registrars and Dr. B. A. Booth is an assistant deputy.

Dr. Batt said the new health law was working smoothly, and the health statistics were being forwarded promptly to Harrisburg from boroughs, townships and cities. There were some details, he said, which had not been perfectly understood by the deputies scattered throughout the state, but they were all comprehended now.

Ford Will Drill Policemen.

Special Policeman John J. Ford has been appointed drill master of the police force. Ford, who resigned from the force under Director Moore, was recently reinstated, and in talking with him Director Ridgway discovered that he had served nine years in the army, both in the cavalry and infantry, and for 11 months had been on special detail drilling "rookies." Just at present Ford is drilling the patrolmen in the way to give the military salute, which is now obligatory on every patrolman when he meets a superior officer.

Italians Murder an American.

ELKINS, W. VA., April 23.—(Special.)—A mistaken idea of four Italians that three Americans had made insulting remarks led to a fight at Gladys yesterday in which James Hawks, one of the Americans, was murdered. The Italians are under arrest and the residents of the town fear an outbreak.

PRESIDENT IS ASKED TO STOP

Californians Will Accept Aid from Any Source and Foreign Sympathy Sought.

GERMANS ARE INDIGNANT

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, April 23.—Gaylord Wilshire has issued a statement in which he criticises President Roosevelt and labor unions for their attitude in the relief of stricken San Francisco. He is chairman of one of the committees of the relief association in this city, and in his opinion it matters not to disaster sufferers whether the relief money comes from foreign lands or the flour for bread is ground in non-union mills.

Wilshire's statement is the result of President Roosevelt's refusing to receive $25,000 from the Hamburg-American steamship line and the Minnesota trades unions protesting against non-union flours. Wilshire says in conclusion:

"If the Hamburg-American line is still in the mood of subscribing the aforesaid $25,000 our association will be very glad to see that it reaches the destination wished for, and that it will be gratefully received by the people of California."

BERLIN, April 23.—The various projects for expressing in an organized, public manner German sympathy with the sufferers from the San Francisco disaster, and forwarding material aid, have been abandoned owing to President Roosevelt's dispatches to the Hamburg-American Steamship Company and the North German Lloyd Steamship Company saying that such contributions are not necessary.

Several newspapers commented editorially rather bitterly on the refusal of German assistance, taking the view that the offer and acceptance of such help is a credit both to the giver and the receiver, and that a refusal to accept such offers seems ungracious to those freely offering, implying that if it is improper to receive it, it was improper to offer.

LONDON, April 23.—The San Francisco earthquake relief fund being raised by Americans here is approaching $17,500. Sir Thomas Lipton has cabled to Mayor Schmitz of San Francisco offering to contribute $5,000 to the relief fund.

DUBLIN, April 23.—At a public meeting here this afternoon a fund was opened for the relief of the destitute of San Francisco. The subscriptions amounted to $1,500.

FIRST VIGILANCE COMMITTEE SINCE DAYS OF EARLY 50'S

SAN FRANCISCO, April 23.—San Francisco has a vigilance committee, the first organization of the kind since the early fifties. Dr. Donald McCullough Gedge 's the chief. He fought in the French army, the United States navy and the China war. His chief of staff is ex-Auditor Harry Bachr. One hundred and thirty persons have joined the organization. The committee has charge of the Golden Gate valley district near the Presidio.

AT THE PLAY LAST NIGHT

Nixon—Olga Nethersole in "The Labyrinth."

Wholly apart from the fact that Miss Olga Nethersole seems determined to play the erratic woman almost exclusively in recent years, it is distressing to find her own and the talents of her admirable company devoted to so hopeless a task as trying to give vitality to Paul Hervieu's lugubrious drama, "The Labyrinth," which had its premier Pittsburgh performance at the Nixon last night. It is several years since the English actress was seen here. Her earlier visits were fraught with much promise, and I believe Miss Nethersole has always regarded this city as somewhat of an American mascot. The touch of time has given her a more matured appearance, and long association with the drab stage heroine has robbed her art of much of its spontaneity and freshness; but she still displays remarkable gifts of emotionalism and one could easily imagine her supremacy in this field if permitted to have a view of her work unobsturcted by the hateful sex sensationalism that seems to be the goal of her strongest endeavors. "The Labyrinth" is in thesis and logical intent an argument in favor of the indestructibility of the marriage tie where children have resulted from the union. This central theme is susceptible of strong and interesting treatment, but as it appears in English form and in Miss Nethersole's hands the thought has been so warped by dramatic sensationalism on the one hand, and made so maudlinly hysterical by the sequences that the author permits himself on the other, that I doubt whether the reasonably large audience at the Nixon last night understood what all the gloom and talk was about. I shall not occupy space by a useless attempt to prove the dramatic weakness of "The Labyrinth." It is a viewpoint of the sacredness of marriage and the validity of divorce wholly French in its moral tone and pervaded by ecclesiastical interpretations that are hardly appreciated by the ordinary American audiences. A woman who divorces a husband, marries another man, and commits (presumably) adultery with her first husband afterward, and ends by having one murder the other and then commit suicide, does not present a feminine study of sufficiently pleasing character to justify all the weeping and gloom that pervades the four acts of this play.

From first to last the play oozes grief. It is played in a monotone and the introduction of a stricken mother in mourning in the third act puts a climax of lugubriousness on a play that is theatric artifical and played more with reference to the sex sensationalism that is suggested than offered as a thesis on any vital human philosophy.

If "The Labyrinth" didn't have the conclusion of the third act all its boasted power as a treatise on the sacredness of marriage would not have suggested its presentation. It is a gloomy, weepy, Frenchified attempt to interest sane-minded, cheerful people in the mixed up marital mess of adulterers and adulteresses, and I, for one, am sick of the attempt to foster this stuff in on theaters under the guise of dramatic art. This particular play is an especially bad example because it is deluged in gloom and punctuated in the end by the baldest sort of Kremercism as to astonish and amuse rather than teach any wholesome lesson.

Miss Nethersole's acting, so far as the minor chord of the role gave her opportunity, is clear, facile and full of tonal suggestions as of yore. Her acting poise and voice has been brought within the psychic compass of the roles she plays so persistently with a skill that is marvelous. One follows her constantly, however, with the inward prayer that she may yet devote that splendid equipment to other and nobler psychiological environment. Her Marianne in "The Labyrinth" is excessively monotone and nowhere is she given a chance to let the lightning of varied emotion lift the role into more pleasant view. It is a morbid, oozy, melodramatic and artificial role theatrically played without great artistic sincerity, because that is impossibe. The supporting company is English and in the main good. Mr. Revelle is thinner than when here last year. Mr. Farren plays a French role with a decidedly cockney accent. The production is handsome, the last scene with a falling stream in the distance being especially good.

All the scenes are at night and there is a sense of gloom and doubtful moral status about the various characters that arouses no sympathy and creates no interest.

CHARLES M. BREGG.

Belasco—"The Prince Chap."

For the second time this season "The Prince Chap" is at the Belasco to delight all who may happen to see the production. Its simple and effective way of touching the finer sentiments of men and women is enough to win for it the high place which it holds in the minds of local theatergoers. Such a play will bear repetition often, as was clearly shown by the frequent and sincere bits of commendation that came from the spectators last night. One reason for this is not hard to find this week, for a new Claudia, the young ward at 18, appears in the person of Grayce Scott, who originated the role in New York, but who is a stranger in Pittsburgh. She has a pensive charm of manner and a piquant grace that give her the delicate touches of art necessary for portraying the difficult and hazardous role of a bewitching and perplexed girl who is just blossoming into womanhood. Her juniors are in their own way clever to the point of general admiration. The new Claudia, older and wiser, makes of her part a charming bit of young womanhood.

Alvin—"York State Folk."

To the theatergoer who has grown weary of the problem play, with its heroine of doubtful morals, "York State Folks" is recommended. It is a good, clean, wholesome, rag-carpet sort of a drama, with scenery pleasing to the eye and sayings pleasant to the ear, regular "good-mother" play.

The company is the same one that appeared at the Empire earlier in the season. James Lackaye repeated his success as Simon Peter Martin, a good man with a will of iron, and a heart of gold. Ray L. Royce, as the kind old organist Myron Cooper, played the part in a way that won all hearts. Joseph Crowell's portrayal of the character of the Widow Miller is a fine piece of acting. Virginia Ackerman makes a sweet and pleasing Jennie. Eleanor Sidman as Emeline Hubbard is deserving of praise. There are two very clever children in the play and a boy choir that is well worth hearing.

Grand—Vaudeville.

If the "continuous" entertainment at the Grand this week is not so uniformly good as on several recent occasions, it still maintains a pretty fair standard of typical vaudeville acts Tim McMahon has put quite a clever idea into an act in which nine young ladies do a "first half" minstrel act. The "end men," interlocutor and vocalists are all graceful young girls, who, if not possessed of superior voices, sing negro melodies and present a novel appearance in "black face." The stage effect accompanying a watermelon song is striking, and the act ended better than it at first promised. Perhaps the greatest merriment of the Grand bill is aroused by James J. Morton, "Crazy Jim Morton," who has added a few frills to the bunch of nonsense that he hands out. The Five Provenians furnish a startlingly fine bicycle act, one of the best seen here. Johnny Hyams and Lelia McIntyre have an act that has the value only of the specialties for which these clever young musical comedy stars are famous. Miss McIntyre has grown more matronly in appearance, but she still sings baby songs with pleasing effect. The little playlet by the Hoch, Elton Company is not of much account, but the players do the several parts well. Barry and Halvers also have a weak farce, saved largely by specialties. Our old friends, McMahon and Chappelle, who have not been in Pittsburgh for some time, create considerable merriment in their laughing conversation and songs. The Three Dumonds, who are the American edition of the Melani Trio, furnish a thoroughly enjoyable music act, the violin playing is especially fine. Redford and Winchester do a juggling comedy act that is of the best. The comedy work made a hit with the audience. Conlon and Hastings, Wilson and Mae Brothers Griff, gymnasts, and Hills and Wilson complete the bill.

Empire—"The Funny Mr. Dooley."

"The Funny Mr. Dooley" began a week's engagement at the Empire last night to a packed and appreciative house. The play could be termed a musical comedy with no plot and but few amusing situations other than the clever work of the star. There was probably never a show at this play house that had so little dialogue and so much good music and so much cleverness in the book. If a more capable cast had presented the piece it would have made still a more decided hit. The book was written by Paul Quinn, the star, and the music by Frank D. Bryan. Both book and music are far above the average.

By far the cleverest song in the performance was that "I Love Them All," which was capably sung by Robert E. Clark, who had too little to do, and if he had been given a better part the performance would have been enhanced. In this piece, Miss Genevive Gibson, as a Japanese maid, was very refreshing. Marie Richmond, as the prima donna, also deserves special mention.

Gayety—Trans-Atlantic Extravaganza Company.

The Gayety management places its standard of excellence in entertainment still a notch higher this week with the engagement of the Transatlantic Extravaganza company, and the special engagement of the clever Jackson family of trick cyclists. The latter feature is one of the most extensive of its kind, and when the eight young men and women riders go through their many difficult evolutions the stage is a scintillating mass of gleam and color. It is the best vaudeville act presented at the Gayety this season. The performance proper is strong enough without any strengthening features, both in the comedy and vaudeville departments, not to mention the regular chorus of good-looking girls. Mark Bennett and Harry Koler act the comedy leads and do it well. Almost every stunt that has ever made a laugh in burlesque is worked in, and the result is fun continuous. Al Hall introduces a novel turn in his "Incubator Girls" act, in which he matures dashing dancing girls from incubators that look business-like. Black and McCome call their acrobatic act "Rough House," and will be seen all week if nothing breaks. Other good acts are Reid and Wilson, who caught the house in their singing and dancing act, and Mark Bennett in new illustrated songs.

Academy—Miner's Americans.

The Academy patrons continue to be pleased by the weekly attractions, Miner's Americans being the drawing card this week in "A Yankee Doodle Girl," a two-act burlesque of the regulation type. In the fun-making parts Fred Bulla and George Betts seemed to have the lead in the audience favor, and in the beauty department Gladys Clark received more than the usual share of attention. The scenes are laid around a yacht club and also upon a yacht, and the attending humor and musical numbers are appropriately laid on nautical lines. The chorus is dressed in a variety of nice costumes which everyone looked over and pronounced very much all right. By way of vaudeville diversion Joe Goodwin appeared as a monologist, and was extra well received. Betts, Reynolds and Fox made the hit of the program in their singing sketch. May Butler was not far behind with pleasing songs illustrated with appropriate pictures. Fisher and Clark did well in their comedy sketch, while the "Breakaway Barlows" wound up the specialties with their clever aerial act.

GRAND'S SPECIAL MATINEE.

Manager Davis Expects to Realize Large Sum for San Francisco Sufferers.

The matinee at the Grand for the benefit of the San Francisco sufferers will be given next Friday afternoon as originally announced. Manager Davis has arranged to have the house tastefully decorated for the occasion and will have a representative of the city relief committee, appointed by Mayor Guthrie, in attendance, to give the performance official character. The complete vaudeville show at the Grand this week will be given, commencing at 1:30 o'clock.

In addition to the sale of tickets by women canvassers, Mr. Davis has placed tickets on sale at a number of prominent hotels, drug stores and cigar stands in the downtown district.

New Opera Presented.

PHILADELPHIA, April 23.—"Rosalie," the new Willard Spenser opera, was presented at the Chestnut Street theater tonight, and made a most favorable impression. The author of "Princess Bonnie" and "Miss Bob White" seems to have scored again.

The action of the opera transpires in Manchuria, during the Russo-Japanese war, and tells a pretty story of a young society girl who has gone on to the field as a Red Cross nurse in order to forget her love for her sweetheart Arthur, with whom she has quarrelled. Her lover follows her to Manchuria, only to fall into the hands of the Russian general, who has become an admirer of Rosalie and covets her as his wife. Rosalie agrees to marry the general in order to save Arthur, but the villain's plans are circumvented by the fairies, who have also been instrumental in winning Japan's many battles with the Russians. Messrs. Nixon & Zimmerman have given the piece a fine setting.

Sacred Concert for Sufferers.

Plans for the sacred concert to be given in the Empire theater, Sunday night, April 29, for the San Francisco relief fund are progressing nicely for a most brilliant array of instrumental and vocal selections. A few of the ladies and gentlemen who have kindly volunteered their services are Miss Gertrude Shuman Thomas, contralto of Wilkinsburg; Mr. Maurice and his daughter of Pittsburgh in a cornet solo, the Imperial quartet of Pittsburgh, Miss Marie Tener of Pittsburgh, Miss De Long, late soprano of the Floradora company; Miss Ada Henry and Mr. McCabe of the Hooligan in New York company, and Mr. Henry Boeckner and his augmented orchestra.

Party of First Nighters at the Alvin.

Manager W. C. Cunningham of Dream City park was host last night for a "first night" theater party at the Alvin. He controls the rights of "York State Folks," this week's attraction at the Alvin, for the territory west of the Missouri river, and tendered the party as a courtesy to Manager Fred E. Wright of the company. Among the guests were Mr. and Mrs. M. G. Hibbs of Crafton, Mr. and Mrs. Stanley C. Vickers of Crafton, Mr. George R. McNary of Wilkinsburg and Mr. and Mrs. F. M. Kattenstroth and W. F. Hamilton, designer and builder of the park.

Louis Mann and Clara Lipman.

Having recently terminated a successful engagement of 14 weeks at Fields' theater, New York city, Mr. Louis Mann and Miss Clara Lipman will begin a week's engagement at the Belasco theater on Monday, April 30, in Clara Lipman's comedy, "Julie Bonbon." In this four-act comedy Mr. Mann will be seen in another of his delightful character creations which has in the past made him a reputation as one of our best character actors.

"Checkers" Return.

"Checkers," which recently finished its fourteenth engagement in New York, will play a return engagement of one week commencing next Monday evening at the Alvin, with the entire cast just seen in New York. The play, which made a hit wherever seen the last two seasons, is the dramatization of Henry M. Blossom, Jr.'s well-known book, "Checkers," and it is of such a character as to make the stage story complete in itself, and the reading of the book unnecessary.

Vaudeville Next Week.

Among the features announced for next week by Manager Davis at the Grand are the following: Billy Van, the minstrel man, who is doing an original monologue; Barney Fagan and Henriette Byron, in songs and dances of high class; Broekman, Mack and Belmont, in a musical society comedy, entitled "The Count on Mothers' Account;" the eight Bedouin Arabs, in whirlwind acrobatic stunts.

Bijou—"Queen of the Convicts."

Selma Herman in this extravagant melodrama does some excellent work and gives a distinction to the play that it doesn't deserve. The audiences yesterday were well pleased at the striking and astonishing scenes, however, and the piece has a better setting than many of the melodramas one sees.

THINGS LOOK BIG FOR COMBINATION MATINEE

Great Program Arranged for Immense Benefit Performance at the Nixon on Friday Afternoon.

Pittsburgh's contribution for the relief of the earthquake victims is to be swelled Friday afternoon by the proceeds of an immense benefit entertainment in the Nixon theater. No only the attractions of the week in all the city theaters will be represented in the bill, but, should they be wanted, stars will come from out of town to amplify what is already the most attractive benefit bill ever put together in this city. William A. Brady sent this wire to the meeting of theatrical managers.

"If you need Mr. Mantell in your bill, send special train to bring him from Niagara Falls. I'll settle the cost."

Tim Murphy, who will be in Wheeling on Friday, wired as follows:

"Let me know if a monologue, my imitations, or an act of 'A Corner in Coffee' would be of any use in the cause."

S. F. Nixon, owner of the beautiful playhouse bearing his name, wired from Philadelphia to Resident Manager Kirk: "This is my carte blanche to you. Leave nothing undone to make Friday's benefit a record-breaker in all respects."

Messages of similar import were received from C. B. Dillingham, manager of Olga Nethersole; Walter N. Lawrence, of "The Prince Chap;" the Shuberts, of Louis Mann and Clara Lipman, and other managers. But the bill, as outlined at the Sunday meeting, would seem to be sufficient for all purposes. Some ofthe features will be: Act I. of "The Prince Chap," with Cyril Scott, from the Belasco; Act IV. of "Camille," with Miss Nethersole, from the Nixon; Act IV. of "York State Folks," with James Lackaye and Ray L. Royce, from the Alvin; the Eight Jacksons, sensational cyclists, from the Gayety; all the headliners of the week in the Academy of Music; ditto in the Grand Opera house; a recitation by Miss Selma Herman, star of "The Queen of the Convicts" company at the Bijou, and Paul Quinn of "The Funny Mr. Dooley," at the Empire.

Edith Speare and Helen Pullman, the clever child actresses of "The Prince Chap," are to go down to the Stock exchange today and dispose of tickets to the members. The show girls of "The Funny Mr. Dooley" also are to resolve themselves into a committee of ticket sellers and invade the business district.

An offer of free carriages for the use of all concerned has been received from the Wabash Transfer Company, and several prominent firms of printers sent word that they would work night and day, if necessary, in getting ready posters and display cards for advertising the benefit. Representatives of hotels called to say that their places might be used as branch ticket offices. All the offers were accepted. Louis Nethersole, personal manager of Miss Nethersole, his sister, placed his order for $100 worth of tickets at the meeting, and then turned the lot back to be sold again.

Basing prediction on the preliminaries, the strength of the program to be given, and the reputation of Pittsburgh for a ready, sympathetic patronage of everything having to do with real charity, it would seem as if Friday's benefit ought to realize Mr. Nixon's wish that it shall be a record-breaker.

ROCERETO'S MEN TO HELP.

Great Sacred Concert at the Bijou Theater Next Sunday for Suffering San Franciscans.

More than 20 musicians have contributed their services to Conductor Rocereto of the Rocereto Italian band for a concert to be given at the Bijou theater next Sunday afternoon for the benefit of those of Italian birth who suffered in the great San Francisco horror. These musicians, in addition to the 40 men playing regularly with Rocereto's band, will form one of the greatest musical organizations ever heard in this city.

The box office sale yesterday at the Bijou showed that the concert is certain to be one of the notable events of this charitable season. There were hundreds of tickets sold and some checks were handed in for which seats were not wanted. It was decided to make this a popular concert, and tickets will range from 25 cents to $1.

In addition to the concert by the band Miss Nellie Grundy, who is known as one of the most proficient violinists in the city, will appear in two solo numbers, and Miss Katherine McAllister, the soprano, will be heard. Their accompaniments will be played by the band.

Mantell's Engagement.

Interest in Mr. Robert Mantell's engagement next week, at the Nixon theater, is foreshadowed in the requests for information concerning his arrangement of plays here and in the plentiful mail order reservation of seats. "King Lear," the sheer novelty of the engagement, will be played twice, Monday and Friday nights, and "Macbeth," too, will be played twice, Tuesday night and Saturday afternoon. The other plays are "Hamlet," Wednesday night; "Othello," Thursday night," and "King Richard III.," Saturday night. "Richelieu" will be played at the Wednesday matinee.

Banda Rossa at Luna Park.

The list of bands booked for appearance at Luna park this season comprises the majority of the best known musical organizations in the country. Among the first to be heard here is the famous Banda Rosa, led by Eugenio Sorrentino.

MAJ. DAVIS IS IN WASHINGTON.

Most Promising of the Postoffice Candidates Will Call Upon the Members of Congress.

WASHINGTON, April 23.—(Special.)—Major W. H. Davis, who is considered the most promising candidate for the Pittsburgh postoffice, arrived here this evening and tomorrow will call upon the Pittsburgh members of the house and the Pennsylvania senators. He has a large number of indorsements and petitions which he will submit to the President and the postoffice department.

Representative James F. Burke did not return from Pittsburgh today, but is expected in the morning and then he and Messrs. Barchfeld and Dalzell will consider the postoffice question, and it is expected that within a few days they will arrive at a decision. Dewitt Dilworth, who is also a candidate for the appointment, was here today in consultation with Representatives Dalzell and Barchfeld regarding the position.

HARD TO DROP
But Many Drop It.

A young Calif. wife talks about coffee: "It was hard to drop Mocha and Java and give Postum Food Coffee a trial, but my nerves were so shattered that I was a nervous wreck and of course that means all kinds of ails.

"At first I thought bicycle riding caused it and I gave it up, but my condition remained unchanged. I did not want to acknowledge coffee caused the trouble for I was very fond of it. At that time a friend came to live with us, and I noticed that after he had been with us a week he would not drink his coffee any more. I asked him the reason. He replied, 'I have not had a headache since I left off coffee drinking, some months ago, till last week, when I began again, here at your table. I don't see how anyone can like coffee, anyway, after drinking Postum!'

"I said nothing, but at once ordered a package of Postum. That was five months ago, and we have drank no other coffee since, except on two occasions when we had company and the result each time was that my husband could not sleep, but lay awake and tossed and talked half the night. We were convinced that coffee caused his suffering, so he returned to Postum Food Coffee, convinced that the old kind was an enemy, instead of a friend, and he is troubled no more by insomnia.

"I, myself, have gained 8 pounds in weight, and my nerves have ceased to quiver. It seems so easy now to quit the old coffee that caused our aches and ails and take up Postum." Name given by Postum Co., Battle Creek, Mich. There's a reason.

THE MARATHON MYSTERY

By BURTON E. STEVENSON,

Author of "The Holladay Case," "Cadets of Gascony," Etc.

Copyright, 1904, by Henry Holt & Co.

(Continued from Yesterday.)

Public interest waned and dwindled, and passed on to other things. Even with me, living at the very scene of the crime, it faded in an astonishing way; it no longer occupied my thoughts; over my evening pipe, it was not the details of the mystery I conjured up, but a vision of a dark face——

An inquiry of the janitor developed the fact that it was my neighbors, Mr. and Mrs. Tremaine, whom I had met that evening as I left the elevator. They had the apartment just across the hall from mine, and I had thought, of course, that I must meet them frequently; but three days had passed and I had caught not a glimpse of them; their hours for coming and going seemed radically different from

So it was with a sense of disappointment somewhat foolishly excessive that I sat in my room and watched the smoke circle up around the chandelier and wondered at the whim which had brought me to this apartment. Not but that it was comfortable enough; yet I was vaguely restless, uneasy; I had not that homelike sense of comfort and quiet which had marked my sojourn with Mrs. Fitch. There was nothing to be discovered here concerning the tragedy; the rooms had been stripped bare of evidence before my arrival; it was absurd to suppose——

I heard the sudden opening of a door; a scream, shrill, full of terror——

Rarely have I been so startled as I was by that voice. In an instant, I was in the hall. A red light streamed through the open door of the apartment opposite, silhouetting a woman's figure, staring with clasped hands——

I sprang past her, pulled down the burning curtains and threw them into the hall, where Higgins, who had run up the stairs, stamped out the flames. The room was full of smoke, but it was evident that the fire had spread no farther. I opened the window, and the smoke was whirled away.

"That was lucky," was Higgins' comment, as he stood panting in the doorway. "By cricky! I'm all in a tremble. I thought it was another murder!"

I couldn't help laughing as I looked at him gasping excitedly for breath.

"You've got murder on the brain," I said. "I hope there won't be any more at the Marathon."

"So do I," he agreed, and gathering up the fragments of the curtains, turned to go.

"Ah, bon die!" cried Mrs. Tremaine, in a queerly broken but very charming mixture of French and English. "What a chance! What good fortune that you were in your room, missie!"

She had closed the window with a nervous shiver at the cold, and then stepped back into the full light. I fairly gasped as I looked at her. Charming she had been gowned according to the New York fashion; now she was radiant in a costume whose gorgeousness seemed just the setting her beauty needed. At the moment, it completely dazzled me, but I was able afterwards, in a calmer mood, to analyse it—the crimson petticoat, the embroidered chemise with its fold upon fold of lace, showing through the silken shoulderscarf; the necklace of gold beads, and bracelets, studs, brooches—what not. The sight of Higgins standing staring at this vision with open mouth brought me to my senses.

"I am very happy to have been there, madame,' I said, and started toward the door.

"But you will not go," she protested. "Missie Tremaine will be here in a moment. He wil desire to thank you."

The words were accompanied by a smile there was no resisting. I faltered, stopped——

Higgins was still staring from the hall. Mrs. Tremaine stepped forward and calmly shut the door in his face.

In that instant a shiver ran through me, as though I had been suddenly imprisoned with a wild beast— shiver that had in it something fearfully delightful. And let me add here that the emotion which Cecily, for so I came to know her, raised in me was not in the least admiration in the ordinary sense of the term, but rather an overpowering fascination, such as one sometimes feels in watching a magnificent tigress pacing back and forth in her cage. Such, I believe, was the feeling she inspired in most men; even in Tremaine himself.

She smiled at me again as she swept past me to a couch in one corner, and sank upon it.

"Sit, Missie," she said, and motioned me to a chair close at hand. "I was very lonesome; I was weary of talking to my own body."

I cannot reproduce the soft dialect she spoke; any effort to do so makes it appear grotesque, so I shall not try. At first, it puzzled me occasionally, but I soon came to understand her perfectly.

"So was I," I said, smiling at the quaint expression. "I was growing very sick of my own body. Have you been in New York long?"

"Less than a month, missie; and I do not like it—it is too cold—too grey."

"Ah, you have come in a bad time," I said, wondering at her almost childish expression of misery. "Wait until June—then you will see!"

"June! Ah, we shall not remain so long—I, at least! I have promised to stay one month longer, but more than that—impossible!"

She reached out and took up a cigarette from a pile which lay on a tamouret beside the couch.

"It was thus the curtains caught," she laughed, and, after a whiff or two, flung the still blazing taper over her shoulder. "Pouf!—and they were all in flame. A moment before, I was longing for excitement—any excitement whatever—but that sudden burst of fire frightened me—I rushed out—cried for help—and," she finished with a charming little gesture, "spolled your smoke. Try one of these."

There was no resisting her—it was like playing with fire. I took a cigarete and lighted it.

"At Fonde-Corre there was much to do," she continued with a litle sigh. "Here there is nothing but to smoke, smoke!"

"Fond-Corre?" I queried.

"Just beyond St. Pierre," she explained, closing her eyes with delight at the memory. "There was our home—I can see it again, in its grove of cocoa trees running down to the grey sand, with the waves lapping gently over it. Tambou! how I sigh for it!" and she stretched her arms above her head with a gesture of infinite longing.

Looking at her, I began to believe I was dreaming all this; that I had fallen asleep in my chair and been transported to the land of Haroun-el-Raschid. I had never seen a woman like her—so full of colour, of passion, of——

A key rattled in the lock, the door opened and a man came in. It was quite in keeping with the dream—the enraged husband with naked cimeter—even here in New York it was hardly the proper thing to be discovered thus, though not till that instant had I thought of it.

"Ah, now," I said to myself, "stilettos and pistols! you're in a ticklish place, my friend."

But before I could rise, Cecily had sprung from the couch and thrown her arms about his neck.

"Oh, coument ou ye, doudoux?" she asked, in a voice like—well, I have never heard anything to compare with it.

"Toutt douce, che—et ou?" he answered, and kissed her; then he perceived me, seemingly for the first time, though this I somehow doubted. "Good-evening, sir," he said, standing with his arm still about his wife and gazing at me with a look so sharp that I found myself for an instant unable to meet it, as though I had really been guilty of some fault.

His wife uttered in his ear a sentence so rapid that I was utterly unable to catch the words, but I suppose it explained the reason of my presence, for he turned to me instantly with outstretched hand.

"Cecily tells me that your presence of mind prevented a general conflagration, Mr.——"

"Lester," I said. "I am your neighbor across the hall."

"My name is Tremaine, and I'm exceedingly glad to meet you," he continued, with a courtesy which charmed me from the first moment. "We must pour a libation to honor the escape."

Cecily, who had ben hanging on his lips, flew to the next room and was back in a moment with decanter and glasses—three of them—and she joined us with an imperturbable matter-of-course air which somewhat surprised me. Only I noticed she left a little wine in her glass, and with it she approached a square cage of fine gilt mesh hanging over the radiator in the warmest corner of the room.

I happened to look at Tremaine and was astonished at the intensity of the glance he sent after her. So absorbed was he that for the first time I had the opportunity to examine him closely. It was impossible to tell his age, there was about him such an air of exhaustless youth—he might have been anywhere from 30 to 45 He was a handsome man, with a dark, fascinating face, which somehow matched his wife's. The power of his eye I had already experienced, and the square jaw and clear-cut lips bespoke an extraordinary power of will to match. He perhaps felt my scrutiny, for he turned to me, shaking off with an effort the spell that held him.

"She's a most extraordinary woman," he said, with a smile that seemed a little forced. "She's about to do what no other woman in the world would dare do, and she thinks nothing of it. Come and see."

Cecily had already reached the cage, and was bending over it, humming a weird little refrain that rose and fell and turned upon itself, reminding me faintly of the negro spirituals I had once heard at a campmeeting in the Jersey woods. After a moment, I saw a movement within the cage, and a head erected itself, a broad, triangular head, deep orange barred with black, with eyes like coals of fire. It swayed to and fro, to and fro, as Cecily fited words to the refrain—queer, chopped-ok Creole words.

CHICAGO, April 23.—(Special.)—Cubs and Pirates rested this afternoon giving way to the White Sox and Cleveland teams on the South Side grounds. The Cubs were put through their paces on the West Side this morning and then told that they could have the afternoon to themselves. Most all of them elected to go to the South Side to watch the game there, and most of the Pirates were eager to sit in the grandstand and to do the rooting act. Some of the Pirates came over here from Pittsburgh without their overcoats and they did not attempt to go to the game this afternoon, but stuck close to the hotel, for the sharp winds off Lake Michigan made it extremely uncomfortable for them to be out of doors.

The battle for the series between the Cubs and Pirates will continue on the West Side tomorrow afternoon. There will be a game on Wednesday also between the two teams.

President Murphy of the Cubs announced today that "Bull" Smith, the promising young outfielder of the Cubs, has been released to the St. Paul club of the American association.

The addition of Gessler from the Brooklyn team in trade for Pitcher Oscar Knolls will make the local outfield complete without Smith, and the deal to let Smith go to St. Paul is closed, with the understanding that the team is to have an opportunity to get him back next fall if it wants him. Smith came to Chicago this spring from the Wheeling club of the Central league. He has shown exceptional progress in the early spring games of the Cubs, but Manager Chance has had too little opportunity to see him work in scheduled games, and decided that he would rather take Gessler of the Brooklyn team as a utility outfielder, as he has had much more experience, and is a good man to have on the bench for emergencies.

On account of the cold weather, the Pirates had no kick coming because no game was played. They are going to make a desperate attempt to win tomorrow and Wednesday. They will leave for home on Wednesday night to begin a series of three games with the St. Louis Cardinals.

Vic Willis will likely be on the rubber for the Pittsburghs in tomorrow's game. It is hard to guess who the Chicago pitcher will be.

There are seven more conflicting dates here between the American and National league teams and of these four will affect the Pirates. All four conflicts are on Sundays.

The trade between the Chicago and Brooklyn clubs whereby Gessler will come here and Knolls go to Brooklyn came as a surprise. Gessler is a favorite player, whereas Knolls is a mere experiment. What the club will do with Gessler is a mystery. He will hardly supplant Chance at first, and the outfield will be left intact. However, he will be a good man to have lying around.

OPENING OF OAKMONT CLUB.

The Date Has Been Set for May 10, Both for House and Grounds.

Announcement is just made by the board of governors of the Oakmont Country club that the house and grounds of the club will be open for the accommodation of members Thursday, May 10. It was expected to have the opening a week earlier, but the latter date was later thought advisable.

SPORTING NOTES.

The Pirates will today again tackle the Chicago Colts. Willis will pitch for Pittsburgh.

Klem and Carpenter are umpiring at Cincinnati.

Jacob Smith, the Herron Hill lad, gave Cleveland only four hits and won his game handsomely.

It will be a cold day at Chicago today—for the Colts.

On account of bad weather only 540 people attended the game at Boston.

Overall is still unable to locate the plate. He lost to St. Louis yesterday.

The Pirates will be at home every day in May except May 1, 2 and 6. In June they will be away from home except on three days, June 1, 2 and 23.

Brownie Gessler will hardly like his transfer to Chicago. At Brooklyn he was given work every day; at Chicago he will witness the majority of the games from the bench.

Gunther-Jackson Bout Postponed.

NEW CASTLE, PA., April 23.—(Special.)—The six-round bout between George Gunther of this city and Young Peter Jackson which was scheduled to take place at Altoona on April 27, has been postponed until May 1, so as not to conflict with the opening away from home of the Altoona baseball club.

AMERICAN ATHLETES ARE DOING WELL IN PRACTICE

ATHENS, April 23.—The day was spent in deciding minor events on the program of the Olympic games, including football, lawn tennis, shooting and cycling, in which the Americans did not compete. The rowing and swimming competitions and a continuation of the shooting contests are on the program for tomorrow.

All the members of the American Olympic games' teams were out practicing today and doing well except the invalids, Parsons, Moulton, Mitchell and Hillman, who are in rather shaky condition. Though these latter will undoubtedly in the events in which they are entered, on account of their form will be somewhat impaired. The most noticeable characteristic of the Americans and Englishmen as compared with the other athletes is an earnestness which will not allow anything to interfere with their training, practice and diet.

COLUMBIA BOAT CLUB PRESENTED WITH A SHELL

At a meeting of the Columbia Boat club last night, Chris Hauch, an old member, presented the club with a single shell. Messrs. Howard Cavett, W. J. Snyder and M. G. Wolf were appointed a committee to accept the present. The committee will wait on Mr. Hauch at noon today. The Columbia Boat club is in a prosperous condition. A new hull for the boat house has been made at a good round cost. The club intends to be heard of this season.

JOHNSTON AND PHENECIE MATCHED FOR A BIG PURSE

Harry Johnston and Jock Phenecie were last night matched to meet on May 10 for $250 a side. They are to go 25 rounds, weigh in at 114 pounds at 3 o'clock on the day of the battle. If no club offers inducement, the fight will take place in private. This will be one of the most interesting contests of the year hereabouts. Johnston is one of the best feathers in this section, and Phenecie is considered a comer.

DUNC. WORRELL TO RUN IN THE RELAY RACE

Pittsburgh High School Captain Has Parents' Permission to Participate in Event.

PROF. H. B. COOPER RESIGNS

Duncan Worrell.

Pittsburgh High school's chances for getting a good position in the finish of the mile championship relay race Saturday in the U. of P. games, were enhanced yesterday when Duncan Worrell, the captain, announced that he had received permission from his parents to accompany the team and run in the race.

Worrell had not been practicing with the relay team because his father, Dr. J. W. Worrell, had forbidden him competing in long-distance events, although he allowed him to participate in the sprints. Coach Joe Thompson was delighted when he learned that Worrell will run for high school in this event.

The Pittsburghers will be in the championship races and will have to meet the best prep school relay team of the east and the Wendell Phillips team of Chicago, the western representatives, which won its race in the trials Saturday at Chicago in 3:25 4-5. Thompson says Pittsburgh will negotiate the distance in about 3:36.

Worrell will start the race Saturday and Bill Page will run the second quarter with Schmidt the third. Smith will run the final quarter.

The high school team did not practice yesterday because of the cold weather, but will be out this afternoon. All the men are in good shape. Before going to Friendship Park this afternoon all the high school athletes and most all the students will assemble in the Central building to help give Prof. H. B. Cooper a royal send-off. Prof. Cooper, who has been an earnest worker for the success of high school in all athletics and other matters pertaining to the school, has resigned to enter business. His departure is regreted by all high school and its friends.

Principal Edward Rynerson has been chosen to manage the track team in Cooper's stead and Foster Ralston will be his assistant.

E. R. WINGARD TO COACH W. U. P. FOOTBALL TEAM

Local Institution Gets Athletic Instructor from Butler University.

E. R. Wingard of the Butler university at Indianapolis, will coach the W. U. P. football team next fall. He will also have charge of all W. U. P. athletic teams next year.

His selection was the result of a special meeting of the W. U. P. athletic committee held at Chancellor McCormick's office last night. There were other names suggested for the coachship. The next leading candidate was Turner, who was assistant coach at Michigan last year. Turner is a football man only, and Winegard was given the preference, as he is a general man, the kind W. U. P. wanted.

Winegard is a graduate of Susquehanna university and a post graduate of U. of P. and Harvard. He coached the Ohio Northern university in 1902-03, and the following years at Butler. He is a personal friend of Yost and his style of coaching is similar to that of the famous Michigander. He was highly recommended to W. U. P.

ANOTHER CHINESE SUIT.

"Nigger" Tom Has Detectives Raid a Boarding House in Grant Street.

Another skirmish between the Chinese merchants and the members of the Hep Sing Tong or highbinders took place last night, when the county detectives, armed with a warrant sworn out before Alderman Toole arrested Gee How, Yee Kee, Yee Dun Soy and Lee Hong at the boarding house of Yee How, 312 Grant street. "Nigger" Tom, a Chinaman whom the local Chinese say, has been driven out of other cities for disturbing the peace of Chinatown, is said to have furnished information for the warrants.

The Chinese arrested are charged with gambling although it is vigorously denied that the men under arrest are other than hardworking members of the Grant street colony. They were held for court in $1,000 bail. It is claimed "Nigger" Tom is trying to tax the local Chinese merchants $3.50 for the privilege of doing business without having their throats cut and that when they refuse gambling and opium smoking charges are made again them. This is about the fourth cross suit. "Nigger" Tom now being under bail to appear in court upon a charge of gambling.

AIDS THE WOMEN'S CLUBS.

Wilkinsburg's Council Does the Gallant and Effectually Kills the Curfew Measure.

The Wilkinsburg council at its meeting last night appropriated $200 to the joint committee of Women's clubs for the benevolent work it is undertaking in the boroughs. It was decided to make an annual appropriation to this committee, the amount to be fixed by an ordinance.

Dr. Stephens, president of the board of health, stated it would be a month before litigation could be begun against the Pennsylvania Water Company in pursuance of council's instructions at the last meeting. The borough solicitor was instructed to secure the services of an associate attorney.

The curfew ordinance was defeated by a unanimous vote. The fire committee recommended the organization of another fire company in Hay street. Its report was adopted.

Mother of an Italian Consul Dies.

CHICAGO, April 23.—Mrs. Rachael Rozwadowski, mother of the late Count Anthony L. Rozwadowski, Italian consul in Chicago, was found dead in bed today. She had been killed by gas. She was 86 years old and feeble, and is believed to have only partly turned off the gas when she retired last night.

"Gil" Brown is training the Washington and Jefferson relay team for their race in Philadelphia, April 28. Kennedy is showing good form, and it is thought with proper training he will turn out to be one of the fastest quarter-milers who ever ran for W. and J. His main fault is in sprinting too soon on the home stretch, and although he possesses plenty of nerve and grit, such a long sprint is too wearing. It is Brown's opinion that by June Kennedy will be able to do a quarter in 50 seconds, which is just one-half second from the record.

Pittsburgh High school will play Wilkinsburg High school at Friendship park this afternoon at 3:30 o'clock. At practice yesterday Coach Wentz shifted several of the men to different positions and tried out other candidates. Orr, Campbell, Beegle, Watterson and Robinson are the only players who are sure of being in the lineup today. It has not been decided who will pitch for High school. King will likely be given a rest so his arm will be in good shape for the game with W. and J. academy.

Because of the cold weather yesterday the Shadyside Tech. school game was not played. Trinity Hall will play at Shadyside May 9.

EASTLEY WILL JOIN STEUBENVILLE CLUB

Young Pitcher Refused to Go to Haverhill and Returns to the P. O. M. League.

Frank Eastley, the young pitcher who joined the Harrisburg Tri-State league club this spring, is home. Eastley was let out Saturday night by Manager Hamilton, who said Eastley "had everything and is promising, but too light." Eastley will join the Steubenville club of the P. O. M. league this week. Before going to Harrisburg Eastley signed with Steubenville. Eastley said last night that "Red" Calhoun of Allegheny, who is captain of the Harrisburg team, is playing great ball in the practice games and that Charlie Starr has all his competitors beaten for shortstop. Eastley was pleased with the treatment given him by Hamilton and Calhoun.

Hamilton wanted to keep a string on Eastley by sending him to the Haverhill New England league club until later in the season, when he would be recalled, but the offer was declined, as he preferred Steubenville. Arch Osborne was traded to Johnstown for Infielder Bill Lauterborn, who was in the Pacific coast league last year. Osborne refuses to join Johnstown and will sign with Waynesburg.

KEEPS DOCTORS BUSY.

Two Score Girls in Christian Home, Duquesne Way, Are Suddenly Taken Ill.

The Christian Home for Working Girls Duquesne Way, was thrown into excitement yesterdaw morning when 40 girls who live there were taken violently ill. A number of physicians were called in and after hard work all were pronounced out of danger.

During the excitement someone telephoned to Dr. A. Booth, city physician, and he hurried to the scene. He made a careful examination but was unable to fix the blame on any particular article of food served recently in the home. The Rev. E. M. Sandys, superintendent of the home expressed indignation because of a report that the illness was caused by food served at the home. Four of the girls were still confined to bed last night.

Carnegie Tech Schools Win Prizes.

Students of the Carnegie Technical schools are gratified over the fact that in the competition of the Beaux Art society of New York, in which schools from all parts of the United States were entered, they received first and second rank and special mention. The first and second rank were received in the Eskeysse competition, which required eight hours work. The special mention was in the order and plan problem.

Is Arrested Upon a Charge of Fraud.

On complaint made by the Pittsburgh Association of Credit Men Max Phillips, a former merchant of Glen Campbell, was arrested yesterday by United States Marshal Stone, on a charge of defrauding his creditors by concealing assets after going into bankruptcy in November of last year. He will be brought to Pittsburgh today, when a time will be set for his hearing before the United States district court.

DUCK PIN MATCH OF MUCH INTEREST

Pittsburgh and East Liverpool Teams to Meet in the First of a Series.

LATEST NEWS OF THE ALLEYS

One of the greatest duckpin matches which ever took place in this section will be rolled on the Wylie avenue alleys tonight, between the Pittsburgh Lyceums and the Crescents of East Liverpool for a purse of $100. The Lyceum ducklets are an undefeated team, and the East Liverpools have about the same reputation. The match is a home-and-home series and it is expected that a big crowd will journey down to see the second series at East Liverpool next Tuesday night. The Lyceum players have an average close to the 500 mark and if the Crescents are successful they will undoubtedly make some world's records.

The largest crowd ever assembled on the Wylie avenue alley is expected to witness the contest tonight. The following players are eligible on each team:

Lyceum—M. Steinel, W. Steinel, McGrath, McTigh, Penn, Devore, Penten and Boehler.

East Liverpool—McDonald, Pilgrem, Courtney, Williams, Wells, Barr, Smith, Knowles and Rumberger.

The South Side Independents challenge the winner for a series of six games, three games to be rolled on the Southern alley, three on the alleys of the winners. It is likely the Independents will be accommodated.

An exceedingly interesting game of duckpins took place last night on Adams' alleys between the Mt. Olivers and Homesteads and Homestead won two out of three games. The last game was a tie and in the roll-off Homestead was successful by 18 pins. Excellent scores were the result all around. Scores:

JAKE SCHAEFER A BEATEN MAN

George Sutton Defeats the Wizard by a Score of 500 to 287.

WINNER'S HIGH SCORE IS 191

NEW YORK, April 23.—George Sutton of this city defeated Jacob Schaefer of Chicago in the final game of the International billiard tournament here tonight by a score of 500 to 287. The two were tied for second place.

Sutton played a steady game, while Schaefer only appeared to advantage in two innings. Sutton made a run of 191 in his eighth inning. Last week he ran 234 and 222 points in separate games, so that with tonight's big tally he has the distinction of having made the highest runs in the tournament.

Schaefer met with some hard luck, some of Sutton's "leaves" being almost impossible problems. He caught up to Sutton in the seventh inning, but after that he was almost hopelessly beaten. Sutton ran out in the seventeenth inning with an unfinished 28. The scores:

Sutton—28, 0, 18, 13, 40, 13, 0, 191, 7, 26, 53, 34, 11, 6, 4, 31, 28—Total, 500. Average, 29 7-17.

Schaefer—10, 2, 11, 14, 1, 29, 57, 14, 0, 1, 3, 27, 40, 7, 107—Total, 287. Average, 17 15-16.

The standing of the players to date is as follows:

	Won.	Lost.	Best Winning Average.	Grand Average.	High Run.
G. Slosson	5	1	33 5-15	18.26	153
G. Sutton	4	2	100	24.14	234

Monahan .... 175 125 167 149 163—778

There is a movement on foot to organize a league of alley managers. This should prove interesting, as several top-notchers are included in this category, such as George Metzger, Billy Lee, Miles McGrath and Andy Kramer. A meeting will shortly be called to complete the organization.

The St. Michael Junior team would like to arrange a series of games with the St. Joseph Juniors and the St. Charles Juniors. Answer through The Gazette, or call up Bell 'phone 38 Hazel and ask for Baldauf.

On the Braddock alleys last night, in a match game, Riley defeated Billy Seng by a good margin. The scores:

Riley .... 178 203 180 190 192—943
Wm. Seng .... 160 166 185 193 169—873

Section B will roll Section E on the East Pittsburgh alleys tonight.

Wolfe of East Pittsburgh, if his match with Hartley for tonight is a go, call 29-4 Turtle Creek and ask for Votel.

Section S clerks would like to hear from Section S-3.

Morphine, Not "Booze."

Frank McCarthy of 230 North avenue, Allegheny, was arrested last night at Sixth street and Penn avenue on a charge of intoxication. At the central station it was found that he was not drunk, but had taken morphine. He was sent to the Homeopathic hospital, but his condition was not considered serious.

Aged Man Is Drowned.

SHARON, PA., April 23.—(Special.)—Samuel Davis, Sr., who had been missing since last Wednesday was found dead in the Mahoning river at Girard this afternoon. Whether death was due to an accident or suicide cannot be determined.

Why Perfect Beer Means Health

Good Beer is Possible Only With Eight-Day Malt—a Scientific Fact.

A perfect beer is healthful—it builds up strength, promotes health, aids digestion and acts as a tonic in giving renewed vitality. A perfect beer is possible only with perfect malt, and a perfect malt can only be made by the eight-day process used by Pabst.

Malt is made from barley. Barley contains in its elementary form the constituents that go to build up the human system, bone, muscle, blood and brain. The process of making malt, as some of our readers may know, is much the same as the process of digestion. The grain is started growing the same as if planted in the ground. The chemical changes that take place in the growth of the rootlets when it sprouts are similar to the action of the digestive fluids in the body if the grain were eaten. The Pabst eight-day malting process thus retains in predigested form in the beer all of the nutritious, life-giving elements of the grain.

Pabst has proven by scientific experiments and years of practical brewing that eight days are required in making malt to bring about those necessary chemical changes by which the perfect predigested malt is produced. In many breweries the old shorter process is still used. This covers a period of not more than three or four days and the malt is of forced, unnatural development, lacks in nutrition and is in all ways inferior, much of the vital nutriment of the grain being lost.

Pabst eight-day malt, the perfect malt, doubles the cost of brewing—but Pabst Malt, with the exclusive Pabst method of brewing, makes Pabst Blue Ribbon Beer superior as a nourishing tonic and a delicious beverage.

MUD HORSES ARE IN DEMAND

Only One First Choice Lands in Front on the Track at Aqueduct.

RESULTS ON ALL COURSES

NEW YORK, April 23.—Mud runners were in great demand at the Aqueduct track today, as the heavy rains made the track fetlock deep. Gambol, in the third race, was the only successful first choice. Hermitage took the lead in the Peconic handicap and, holding his advantage to the finish, won by 1½ lengths from the favorite, Inquisitor, with Israfel third. Mansaniello, who won the fifth race, was sold to J. L. McGinnes for $1,400. Summaries:

First race, 6½ furlongs—Verenese, 93 (Miller), 9 to 5 and 2 to 5, won; Yazed, 90 (Pieratt), 7 to 1 and 6 to 5, second; Mouet, 124 (B. Smith), 4 to 5 and 1 to 3, third. Time, 1:22 2-5. Pretension also ran.

Second race, steeplechase, about 2 miles—Red, White and Blue, 136 (Walcott), 7 to 2 and 4 to 5, won; Saltines, 139 (Holman), 3 to 1 and 7 to 10, second; Tom Cogan, 148 (Ray), 4 to 5 and 1 to 3, third. Time, 5:10. Belligerent also ran.

Third race, selling, 4½ furlongs—Gambol, 99 (Miller), 5 to 2 and even, won; Isidor Hirsch, 101 (Sewell), 7 to 2 and 7 to 5, second; Chamblet, 102 (Wishard), 12 to 1 and 5 to 1, third. Time, :54 4-5. J. C. Core, Affinity, Killochan, Ry Boy, Ellovar, Arlington, Salvisa, Higginbotham, Irene A. Theodora and Gartens also ran.

Fourth race, the Peconic handicap, 7 furlongs—Hermitage, 100 (Notter), 5 to 1 and 7 to 5, won; Inquisitor, 100 (Miller), 7 to 5 and 1 to 2, second; Israfel, 114 (Radtke), 13 to 5 and 7 to 10, third. Time, 1:30 2-5. Battleax and Ava also ran.

Fifth race, selling, 7 furlongs—Masaniello, 102 (Gerdes), 7 to 2 and 6 to 5, won; Lawsonian, 110 (Truebel), 20 to 1 and 8 to 1, second; Colossal, 107 (Miller), 11 to 5 and even, third. Time, 1:31 1-5. Explorer, Vanguard, Riggs, Torchello, Ocean Spray, Lilita and Gentian also ran.

Sixth race, 4 furlongs—Fay, 112 (Radtke), 2 to 1 and 3 to 5, won; Clare Russell, 102 (J. Hennessey), 9 to 10 and 2 to 5, second; Sally Preston, 102 (Powers), 30 to 1 and 7 to 10, third. Time, :48. Sparta, Cavatina and Loring also ran.

BIG BETS ON THE BROOKLYN HANDICAP

CINCINNATI, April 23.—(Special.)—Two large commissions for the Brooklyn handicap, to be run four weeks hence, have reached B. J. Welle's future book here since the close of last week's racing, and have caused him to again revise his prices. One was $2,000 on Sysonby straight at 6 to 1, and $1,000 for the place at 5 to 2. The other $1,000 each way, straight and show, on Ram's Horn, at 10 and 2. He has cut Sysonby's price to 5 to 1 and Ram's Horn's to 8 to 1. The odds against all the others he has increased from 5 to 10 points each, excepting The Picket, at 8, Merry Lark, Hermis, Santa Catalana, Tanya and Whimsical, at 15 each, and Proper and Oxford at 20.

ONLY ONE RACE MEETING ALLOWED AT LOUISVILLE

LEXINGTON, KY., April 23.—The Kentucky state racing commission, just organized here today, refused to grant dates to the Western Jockey club for a race meet at Douglass park in Louisville. The application had been made for dates beginning May 12 and running till June 15. Chairman Jack Chinn stated that the commission would refuse to grant any dates that would cause two tracks to operate in Kentucky at the same time. The Western Jockey club has just completed a new steel grandstand at Douglass park and has expended in improvements at the course $210,000 to date. Douglass park is at present the only track in the central west controlled by the Western Jockey club.

Church League Organized.

At a meeting of the clubs in the Church league in the Puritan Congregational church, South Side, two teams dropped out. On account of all teams not being present, election of permanent officers was deferred until a later date. C. W. Croasman was elected temporary chairman. The league is intended for all church teams in Pittsburgh, Allegheny or any town near Pittsburgh that can be reached by street cars. Adress C. W. Croasman, 435 Sixth avenue, city.

ALLEGHENY EMPLOYES ARE BECOMING UNEASY

Directors Swan and Grenet Enter Denial That Wholesale Changes Will Be Made.

There is a feeling of unrest among the city employes on the North Side owing to the shadow of the official ax which is hanging over their heads. While Mayor Kirschler declined to discuss the subject yesterday, and took no decided action, it is none the less certain that a large number of the employes of the police and fire bureaus, department of public works, and bureau of health, must go. The mayor is disposed to act slowly.

Both Director Grenet of the public safety department, and Director Swan of the public works department, denied yesterday they were contemplating any wholesale changes. They admitted, however, that some changes would be made, and said that it would not be for political reasons, but for the good of the service.

Director Swan yesterday dismissed two employes, Frank Howard, who was a pumpman at the Howard street station, and Joseph Becker, who held a like position at the Troy Hill station. He also announced two appointments, Jacob Dietz, of the Third ward, to be watchman at the Riverview park, and Joseph Patterson, as machinist at the Howard street pumping station.

Watson, Gill, Know, Barr, Griffin, Gush and Sam Coombs. For games address H. Anshutz, Cedar ave., Allegheny.

TO RAISE MONEY FOR STRICKEN CHURCHES

Local Ministers Discuss Plans to Help San Francisco Congregations Rebuild.

Plans for relieving the San Francisco sufferers were discussed at all the ministerial meetings yesterday morning. That immediate subscriptions of cash should be made for individuals and later collections be made for aiding the churches of the various denominations to rebuild was the concensus of opinion.

The meetings were slimly attended. The Methodist ministers listened to addresses by Bishop Oldham of India, and Bishop Foss of Philadelphia, the former speaking on general plans for the celebration of the golden jubilee of the missionary efforts of the denomination in India. It is proposed to raise a fund of $150,000 or $200,000 to be expended in new church and educational buildings in that country. Bishop Foss spoke of the encouraging outlook for Christianity and gave an outline of the reform movement in Philadelphia.

The Rev. A. M. Cleland, who is engaged in missionary work at Trevaskin, read a paper at the United Presbyterian meeting on "Our Foreign Speaking Neighbors." It was decided to take special collections in the churches next Sunday for the relief of churches of this denomination destroyed at San Francisco. "The Voice of Scripture on Capital Punishment," was the subject of a paper by the Rev. Dr. J. Thomas Davis of Tarentum, at the Baptist meeting. The Rev. Dr. G. C. Shepherd of Washington, Pa., read a paper on "The Bible and the Modern Critic," at the Methodist Protestant meeting. H. P. Freese, a missionary of Utah, addressed the Presbyterian ministers on "Christianity and Mormonism Cannot Exist in the Same Country." Mrs. W. S. Rounds read a paper on "Faith Healing" at the meeting of the Christian ministers, her husband, Dr. Rounds, being confined to his home in Crafton by illness. The Rev. Albert C. Dieffenbach addressed the Reformed ministers on "Shall the Twentieth Century New Testament be Read in the Church Services?"

COLLEGE GIRLS WEARING RED CROSS UNIFORMS

University of California Gives Up Stadium, Ball Field and All Halls to Refugees.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

BERKELEY, CAL., April 23.—This morning, when there were prospects of inclement weather, arrangements were made to throw open more of the university buildings and private houses in Berkeley. The camp that was established on the baseball field is being removed to California field, the university's athletic stadium, where board floors are being provided for tents.

Hearst hall, one of the largest buildings of the university campus, is being used as a hospital, and scores of college girls have donned Red Cross uniforms and are doing remarkably fine work as nurses. A great many men students are also doing Red Cross work. Harmon gymnasium is being used as a great indoor recreation place, and the physiological laboratory has been converted into a dormitory.

LA FOLLETTE CLOSES RAILROAD RATE SPEECH

Wisconsin Senator Takes Up the Greater Part of the Day in the Senate.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, April 23.—The day marked the conclusion of Mr. La Follette's speech on the railroad rate bill. He occupied the greater part of the time today, as he had done on Saturday, rendering it one of the longest speeches in recent years in the senate. When Mr. LaFollette concluded there was some applause in the galleries, but it was quickly suppressed by the chair. A number of his colleagues gathered around Mr. La Follette and congratulated him.

The railroad rate bill was temporarily laid aside, and the conference report on the bill providing for the election of a delegate in congress from Alaska was agreed to without discussion.

SAY M'KENNA LACKS JUDICIAL TEMPERAMENT

Members of Island Bar Are Responsible for Pittsburgh Judge's Resignation.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN JUAN, PORTO RICO, April 23.—The resignation of Charles F. McKenna from the position of judge of the federal court of Porto Rico was induced by pressure from the American members of the island bar association, who charge he lacked judicial temperament, and there was growing dissatisfaction with the court's methods.

WASHINGTON, April 23.—(Special.)—No information has yet been received to show the reason why Charles F. McKenna of Pittsburgh has resigned his position as United States judge for the district of Porto Rico. Senator Knox and Representative Dalzell have each received a cable from Judge McKenna stating he has forwarded his resignation to take effect June 15, and the department of justice has received a like information, although it is understood his formal letter of resignation is coming by mail.

It is the opinion here that Judge McKenna has been displeased with the critical action of the Porto Rico Bar association and he has found his labors in the island surrounded with too much prejudice against an American judge to be satisfactory.

Mr. Dalzell stated today he had no candidate to succeed Mr. McKenna. He does not know whether the place will be given to another Pennsylvanian or whether the President will concede the wishes of the Porto Rican lawyers and appoint a member of their own bar.

COLD PLUNGE IN OHIO NOT TOO MUCH FOR SAILOR MIKE

Daring Russian at Anchor in Allegheny Adopts Novel Method for Making Money.

In order to win a wager of $25, "Mike" Klosvasky, who is said to be a Russian sailor, but who is now in port in Hilk's row, Allegheny, last night shortly after 7 o'clock, swam the Ohio river from a point in lower Allegheny to McKees Rocks. This feat was performed without apparent injury or fatigue to the sailor, who says he will swim all day long for that much money.

Clad only in Russian modesty, he plunged into the cold waters of the Ohio, and started for the other side, while a large number of people gathered on the bank and watched his efforts.

When the $25 was turned over to "Mike," he started to celebrate the event in Russian style. Going to the house of a friend in McKees Rocks, he started to spend his money just like a "sailor." He succeeded in this, and this morning is possibly feeling the need of another cold plunge.

NOT STOPPED BY EARTHQUAKE

Eastern People Still Show Disposition to Move to California.

The earthquake in California has evidently not spread such terror of the country through the east as to deter people from going there to live. J. W. Erwin, a resident of California, but who spent the winter in Pittsburgh in the interests of the Golden State, says he has been surprised as well as gratified at the number of people who have called at his office in this city since last Wednesday who say they are still determined to go to California to live.

Among the first of these will be the family of LeRoy Babcock, an architect and builder of Wilkinsburg. They will leave next Monday, April 30, for the Santa Clara Valley, where their future home will be. Mr. Babcock had been making his plans for some time to move to California, and closed with Mr. Erwin for a piece of Santa Clara Valley property the day after the earthquake.

OTHER MEMBERS ARE IN DANGER

Klein Says Evidence of Grafting Will Be Produced Against Two More Councilmen.

COMMITTEE ASSISTS MAYOR

"We have evidence against two other councilmen who are accused of grafting in connection with the market house leases and we will produce the evidence at the next meeting of the committee," said Capt. John F. Klein, chairman of the special investigating committee of councils, yesterday.

While Mayor Guthrie and Director Ridgway are accumulating evidence against certain councilmen and other politicians alleged to be getting graft out of the resorts of vice, councils are probing the market leases where it is said a big scandal is concealed. Mayor Guthrie is credited with starting both movements and it is stated that they are expected to lead to the prosecution of certain councilmen. Impeachment proceedings, it is announced, are likely to be instituted soon.

"It was at Mayor Guthrie's solicitation that the investigation into the market leases was begun," stated Chairman Klein, "and we will consult the mayor as we progress and secure his assistance. Our recommendations to councils will be largely based upon his judgment as he is a good lawyer and will know the best course to pursue. The whole purpose of this investigation, I understand, is to stop grafting and to bring the grafters to justice.

"There is danger of some members losing their seat in councils. Our committee will have at least a half a dozen more meetings. We expect to have before the committee every stand and stall holder in the market and some of the former market people who lost their stands for political or other reasons. We are determined to get at the bottom of this thing and we invite any person who has any evidence to place it before the committee."

Laws enacted by the state are very severe on councilmen convicted of grafting. The Wallace act provides that a member of councils who shall solicit, demand or receive, or consent to receive, directly or indirectly for himself or another, from any company, corporation or person, any money, office, appointment, employment, testimonial, reward, thing of value or enjoyment, of personal advantage or promise thereof, for his vote or political influence, or for withholding the same, or with an understanding expressed or implied that his vote or official action shall be in any way influenced thereby, or who shall solicit or demand any such money or other advantage as the consideration of his vote or official influence, shall be guilty of bribery, and upon conviction thereof be punished by a fine not exceeding $10,000, and by separate and solitary confinement at labor for a period not exceeding five years and shall forever be incapable of holding any place of profit or trust in the commonwealth.

The city charter act of 1901 provides that a municipal officer shall be liable to impeachment, suspension or removal from office for any corrupt act or practice, and that impeachment proceedings may be instituted by the written complaint of not less than 20 freeholders to the court of common pleas of the county. The court shall appoint a committee of five reputable citizens to investigate the charges and if they are well-founded the court shall certify the same to select council, which shall sit as a jury in trial of the accused councilmen. The president judge of the court of common pleas or an associate judge shall preside at the trial and if the accused is found guilty his office shall be declared vacant by select council.

Keep Your Nerve
It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.
You can keep the system strong with Dr. Miles' Nervine. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.
"I take pleasure in recommending Dr. Miles' Nervine to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

Goes to Princeton for Bride.

The Rev. John B. Kelso, Ph. D., of the faculty of the Western Theological seminary, left last night for Princeton, N. J., where on Wednesday evening at 5 o'clock he will be married to Miss Edith Kellogg of that city. The wedding will be a quiet one and will be solemnized at the home of the bride's mother, Mrs. Elizabeth Kellogg. The pastor of the First Presbyterian church of Princeton will officiate. Dr. Kelso is well known in educational and ministerial circles in Pittsburgh. He was graduated from Washington and Jefferson college, class of '94. He taught three years at the Kiskiminetas Springs school at Saltsburg and there received his degree of doctor of philosophy, after a course of two years at the University of Leipsic, Germany. Dr. Kelso was graduated from the Western Theological seminary in 1904. He has for a number of years conducted tours for Americans through Europe and the orient. Dr. Kelso has just accepted the professorship of Greek at Grove City college. He is a son the the Rev. Dr. A. P. Kelso, who has been a missionary in India for nearly 40 years, and is a brother of the Rev. Dr. James A. Kelso, professor of Hebrew and Old Testament literature at the Western Theological seminary. Miss Kellogg is well known in Pittsburgh, having formerly resided in this city. She is a daughter of the late Rev. Dr. S. H. Kellogg, formerly pastor of the Third Presbyterian church of Pittsburgh, and who for 10 years was professor of systematic theology at the Western Theological seminary. He was engaged in missionary and educational work in India for 10 years, where his death occurred. Miss Kellogg is a graduate of the Pittsburgh School of Art, and had charge as instructor of the art department of the Hollidaysburg seminary for one year. Dr. Kelso and his bride will sail Thursday morning from New York for an extended honeymoon in Germany. While abroad Dr. Kelso will take a special course in Greek at the University of Berlin, preparatory to taking up his new position at Grove City college.

Marital Announcements.

Miss Dorothy Stahl, daughter of Mr. and Mrs. G. B. Stahl of Oakgrove avenue, Allegheny, and Fred N. Harsh were married at 7 o'clock last evening at the residence of the officiating clergyman, the Rev. Dr. John W. Hoffman, pastor of the California Avenue Methodist Episcopal church, in Davis avenue, Allegheny. Immediately after the young couple left for a short eastern trip. They will be at home after May 1 in North avenue, Allegheny.

Mrs. Margaret Hammill of Forty-first street, Lawrenceville, announces the marriage of her daughter, Miss Nellie Hammill, to Henry Steffan, last Tuesday evening, by the Rev. Father James O'Connor, of St. Mary's Roman Catholic church.

The marriage of Miss Nellie R. Funk and Robert M. Crow was quietly solemnized at 4 o'clock last Saturday afternoon in the Smithfield Street Methodist Episcopal church by the pastor, the Rev. Dr. W. H. Rees.

Announcement has been made of the marriage of Miss Pearl Darr of Hazlewood, and Charles Hamlin Moore of Homestead, which took place last week at the home of the bride's parents, Mr. and Mrs. Michael Darr, in Hazlewood avenue. The bride was attended by her cousin, Miss Mary Darr of Steubenville, O., while the groom's brother, Walter Moore, served as best man. The Rev. Mr. Bean performed the ceremony. The young couple are now in the east. They will make their home at 209 Hazlewood avenue. Mr. Moore is a son of Mrs. Mary Moore of Homestead.

Mrs. Martha Caldwell of Allegheny announces the marriage of her daughter, Miss Estelle Caldwell, to E. G. Couch, on April 14, by the Rev. J. W. Harska, pastor of the United Presbyterian church, Knoxville.

Announcement is made of the engagement of Miss Maude E. Blair, daughter of Brice S. Blair of Wilkes-Barre, and Richard W. Owen of Pittsburgh.

Mr. and Mrs. James W. Conwell announce the engagement of their daughter, Miss Mary Idella McConnell, to Martin C. Hess of Uniontown, which will be followed by a May wedding at their country home in New Salem.

All Ready for the Dog Show.

Miss Chalfant, president of the Farmington society, and other members were at the Hotel Schenley yesterday afternoon making final arrangements for the toy dog show which will be held tomorrow in the ball room of the hotel.

G. Washington Moore was also present and gave some practical hints as to how the dogs should be benched. The toys will be shown in baskets on tables down the center of the room. The exhibitors of toys will be required to provide their own baskets. The breeds that will be shown in baskets are: English toy spaniels, Japanese spaniels, Pomeranians, Yorkshire terriers, toy poodles, black and tan terriers, griffon Bruxellois and Maltese terriers. All the other breeds will be benched.

A wedding and ball will occupy the ball room till late tonight. After the ball carpenters will be put at work and the benching will go up. The Joseph Horne Co. will do the decorating and will send sufficient force to complete the work and have the hall ready for the dogs at 9 o'clock. All the dogs benched will be separated by canvas or muslin partitions in the colors of the society, yellow and white.

In each corner of the ball room booths will be erected. In one tickets will be sold in the voting contest for the most popular dog in the show. This booth will be presided over by Miss Marjorie Rea. In the other booth programs will be on sale.

It is important to note exhibitors will be required to care for and feed their own dogs. The dogs may be removed from the benches between 12 and 1 o'clock and from 6 to 7 o'clock. The judging will be done in the morning and afternoon, and the awards will be announced at night. The cup and ribbon winners will have their places decorated at night with the prizes won.

Entertained Theological Students.

The Rev. Dr. and Mrs. Matthew Brown Riddle gave a reception last evening, from 8 until 11 o'clock, at their home in Ridge avenue, Allegheny, for the members of the senior and middle classes of the Western Theological seminary, in which Dr. Riddle is professor of New Testament literature and exegesis. The host and hostess received alone, but were assisted during the evening by a party of aids, including the Rev. Dr. and Mrs. Henry D. Lindsay, Mrs. L. H. Willard and her daughter, Mrs. John H. Morse of North Andover, Mass.; Mrs. John R. Gregg and the Misses Gregg, Miss Anne S. and Miss Margaret E. Phillips, Miss Katherine Gregg, Mrs. Arthur Davis, the Misses Hay, Mrs. George B. Logan and the Misses Logan, Miss Stewart and Miss Nell Stewart. The members of the classes entertained were Howard Claberg Cooper, William Reed Craig, Claysville; Thompson Ewing Duffield, Brainerd Foreman Heany, Stanislav Bohumil Hochman, Christian Edward Ludwig, Walter Pringle McConkey, Alexander Nizankowski, Merrill Peter Steele, Theodore Scott Stuart, Thomas McMaster Tweest Willson, Samuel Blacker, John Watson Christie, William Warden Dinsmore, William Carl Ferver, Charles Daniel Fraser, William Elliott Fulton, Clarence Edwin Houk, Athanas Toleff Hristoff, James Way Huey, Joseph Kardoss, George Willis Kaufman, William E. Lewis, Samuel Mayne, George Crawford Miller, Paul Golden Miller, Michael Myers McDivitt, Plummer Nathaniel Osborne, Adam Gyula Schodl, William Jacob Snyder, Gilbert Wright Stewart, Clarence Burchfield Wible and Francis Ives Woollett.

Edward Thaw Is Married in Detroit.

Miss Jane Olmsted, of New York, a well-known pianist, was married in Detroit yesterday, at the residence of her aunt, to Edward Thaw of Pittsburgh, brother of the countess of Yarmouth. Mr. Thaw's mother and several other members of his family were present at the wedding, which was quietly celebrated owing to the illnes of Miss Olmsted's mother. The wedding did not come as a surprise to friends in Pittsburgh, although they were reticent regarding any details. Mrs. William Thaw, the mother of the groom, was in New York last week to see her daughter, the countess of Yarmouth, before she sailed for England. Mrs. Thaw returned to Pittsburgh early this morning. Edward Thaw and his bride may spend their honeymoon in Europe. His first wife was Frieda L. Marsh of New York, whom he wedded a little over 10 years ago. A few months ago they were divorced. The former Mrs. Thaw has since married again. Edward Thaw is a son of the late William Thaw and Mrs. Mary Copley Thaw, a brother of Harry Kendall Thaw and Josiah Copley Thaw, and a step-brother of Benjamin Thaw. He has made New York his home for a number of years.

East End Rehearsal Dinner.

Mr. and Mrs. Robert R. Scott of Finley and Meadow streets, East End, entertained at dinner last evening, preceding the rehearsal for the marriage of their daughter, Miss Olivia Rodgers Scott, and Dr. Clarke M. George, to be solemnized tomorrow evening at 7:30 o'clock in the Sixth United Presbyterian church, North Highland avenue. Covers were laid for the bridal attendants, including Mrs. Harry M. Edwards, formerly Miss Eleanor Louise Scott, Dr. William B. Irish, Thomas M. Scott, William McK. Scott, Dr. Ross Andrews, Dr. S. N. Pool, William L. Costin, Elliott E. Farjeon, Dr. George L. Hays and Dr. James D. Heard, and Miss Helen, Miss Ida and Miss Margaret Scott, cousins of the bride, and Miss Louthan of Beaver Falls.

To Entertain for Dresden Niece.

Cards were issued yesterday for an informal 4 o'clock tea to be given on Friday next by Mrs. Samuel Severance, Jr., of Aiken avenue, Shadyside, to meet her niece, Miss Eleanor Quimby of Dresden, Germany, who arrived in Pittsburgh last Thursday to join her mother and brother, Mrs. E. M. Quimby and E. M. Quimby, Jr., who arrived earlier in the month. Mrs. Severance's guests will include the debutante and younger sets.

Songs and Stories of the South.

Mrs. Martha S. Gielow appears this afternoon and evening in Miss Stuart's school, Fifth avenue, for the benefit of the Pittsburgh Hospital for Children. Her program on both occasions will be composed largely of original stories and songs of the plantation days before the war. Mrs. Gielow is president of the Southern Educational association and is much interested in educational work throughout the south.

Musicale in Edgeworth.

A delightful recital was given last evening at the home of Mr. and Mrs. J. Wilkinson Elliott in Edgeworth. Luigi von Kunits, the concert meister of the Pittsburgh orchestra, and Saxerin O. Frank, pianist, of the von Kunits school of music, gave the program which was an unusually attractive one. The guests were principally from the Sewickley valley.

Personal Mention.

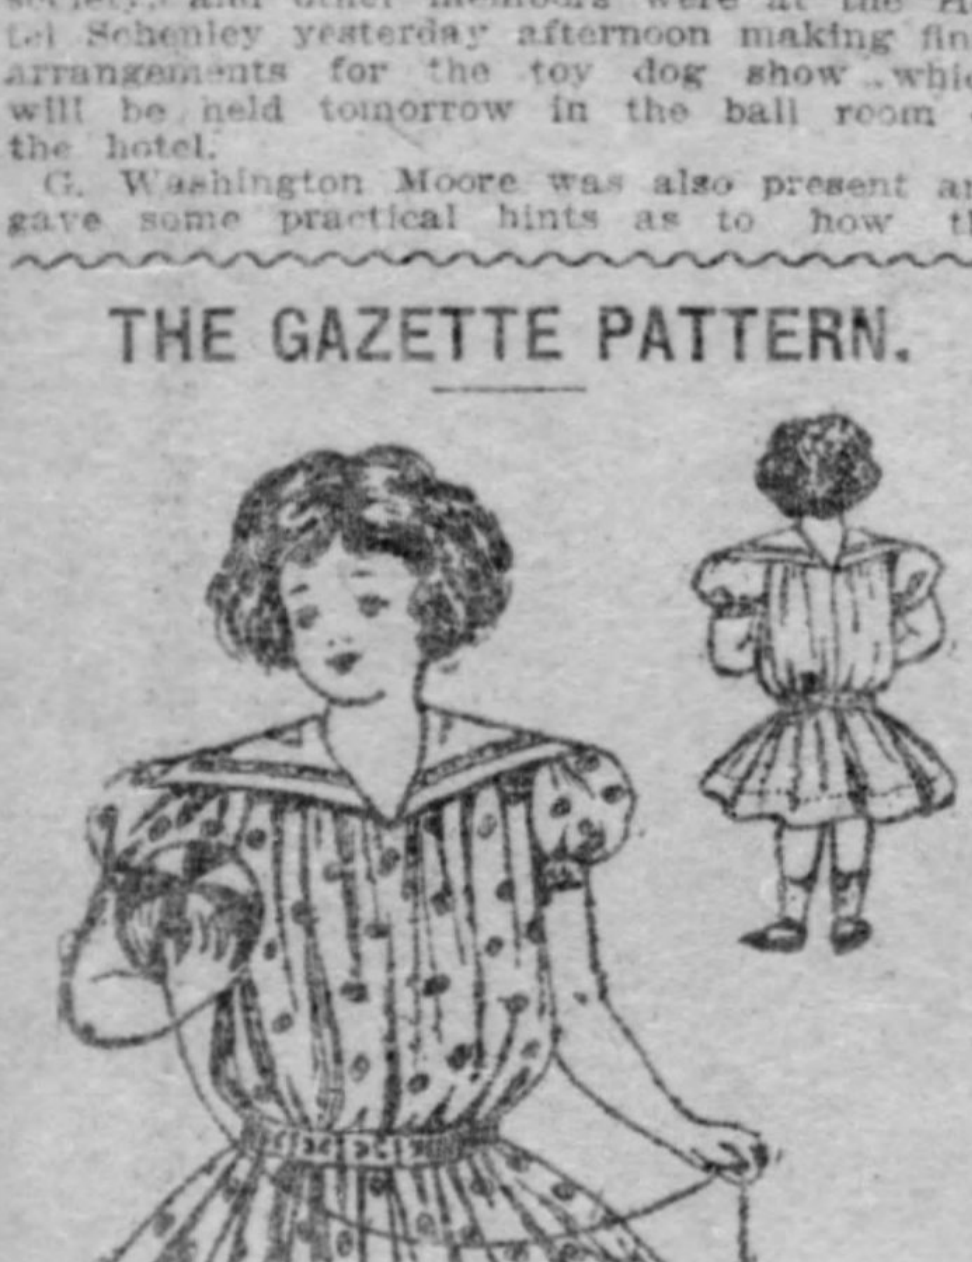
Mr. and Mrs. W. D. George of Shields are spending a week at Atlantic City.

Mrs. S. Florsheim and Miss Belle Florsheim will leave this morning for New York, whence they will sail on Thursday for a four months' sojourn in Italy.

Miss Duff of Bond street, East End, is entertaining her cousin, Miss Emily Parker or Duncanville.

Dr. and Mrs. G. W. Allyn and the latter's sister, Miss Mary Forse of Morewood avenue, Shadyside, will sail today for Naples. Their intention is to remain away four months and their itinerary will include Sicily, the Rivera and Paris. Studies of classical architecture, especially in Sicily, will be made and photographs taken.

THE GAZETTE PATTERN.



(No. 5474) Child's Dress.

The blouse modes still retain their popularity for children, and a very simple, yet stylish design is here illustrated, that will make up effectively in any of the washable fabrics. The full waist is mounted on a fitted body lining, and a broad pointed collar completes the V-shaped neck and extends out over the short puff sleeve. The straight full skirt is attached to the waist and finished by a deep hem. Gingham, lawn, dimity, madras and linen are all appropriate. The medium size will require 2½ yards of 36-inch material. Child's dress No. 5474: Sizes for 3, 4, 5, 6, 7, 8 and 9 years.

SPRING STYLES FOR YOUNG GIRLS.

Plaid Panama Cloth is an undisputed favorite for young girls' costumes this year, and this design shows one of the many stylish ways of using it. The short box coat is stitched with fancy silk braid, which forms decorative designs about the front beyond a vest of plain white cloth. There are the regulation coat sleeves with deep cuffs of the same material stitched with braid. A circular skirt accompanies the jacket and repeats the braided trimming, with the addition of a double row of fancy silk buttons.

This suit can be successfully carried out in heavy linen or any of the more substantial tubbable materials of the season. Smart frocks for young women are either tailored or hand-made, but there is little difference as far as the cost is concerned. Not infrequently there is substituted for the coat of same material as a plaid skirt, an Eton of silk. The color corresponds with the predominating tone of the plaid and the combination is an effective one. Black silk Etons are much in favor, owing to the great revival of black and white checks and plaids, but for the really novel and chic, there is nothing more refreshing for girls yet in their teens than the little coats which run to the Empire and Directoire styles.

SCHOOL FOR SPOOKS

The very newest wrinkle pedagogically is a school for spooks. Most women and some men are just a bit fearful of these uncanny visitants, but it appears if your knowledge and appreciation of occult phenomena is sufficiently developed—and you are not at all up-to-date if it is not—you not only lose this childish disinclination to association with ghosts, but can recognize them in any company and on most occasions.

Mrs. Endicott, who has been conducting a series of "occult saloons" in the Westminster Palace hotel, is responsible for this statement. Her meetings are largely attended, and she undertakes to explain many things which to the ordinary mortal have long been inexplicable.

Houses, she says, are haunted because the ghosts are consumed with a burning love of the dwellings and persons of those they haunt.

A serious warning is addressed to those who go hunting through pedigrees. It is a habit which brings all manner of ghosts about your head.

Another was against cutting passages out of books and placing them under pillows. It may not be generally known that this is a diversion common to womankind, but Mrs. Endicott relates the case of a woman who adopted this practice and was awakened in the night by the presence of a girl with red eyes who refused to go away.

Mrs. Endicott asserts that countless ghosts come to her for instruction on things pertaining to the higher life. Most of them when they "passed over" were politicians, club women and society leaders, who in this primal existence had no time to devote to matters concerning the occult world, and now find themselves handicapped in the race. Whether or not this points the moral that one should remedy this omission earlier, is not stated.

Oatmeal Cookies.

Take one cup of sugar, one half cup of butter, one quarter cup of lard, three beaten eggs, a half cup of well-sifted flour, two cupfuls of oatmeal, one teaspoonful of cinnamon, one and a half cups of raisins coarsely chopped, one half a teaspoon of baking soda mixed with a tablespoonful of vinegar.

Drop the batter by spoonfuls on greased pans in a quick oven. The cookies will shape themselves.

You can always depend upon it. Pilene positively cures Piles. All druggists sell it.

Planning for Mrs. Kelley's Visit.

The Western Pennsylvania Branch of the Consumers League of America is arranging for a series of talks to be given by Mrs. Florence Kelley, national secretary, during her visit to this city in May. Mrs. Kelley will arrive Sunday, May 20, for a visit of four days. On Tuesday she will speak under the auspices of the Columbian Council of Jewish Women, in the Bellefield club house, North Craig street. The Woman's club of Sewickley will have her speak on Wednesday, May 22, in the Edgeworth club house, Sewickley. There is some uncertainty whether her four days will include Thursday of that week or will terminate Wednesday evening. Should she be able to remain over Thursday she will speak Monday downtown, and on Thursday in the East End. Because of this uncertainty no announcement can be made about the place of her address on Monday until further word has been received from her. The purpose of this visit to Pittsburgh under the direction of the local branch of the Consumers league is to increase the knowledge of people in this city regarding the work of the league throughout the country and to arouse more interest in the special work which the Western Pennsylvania branch has taken up. Mrs. Kelley will have much to tell about the industrial conditions and child labor, as well as the sweat-shop system, the low wages for women in various factories and shops and needed improvement in the sanitary conditions and the moral environment of employees in the large department stores and manufacturing establishments.

Columbian Council to Meet.

The Columbian Council of Jewish Women will hold its annual meeting next Monday afternoon at 2 o'clock in the Chamber of Commerce rooms. In addition to the giving of annual reports and the election of officers the meeting will be an important one, for the new work of the Immigration aid committee will be inaugurated. This is a line of work to be taken up during the coming year in co-operation with other sections of the National Council throughout the country. Several new committees will be appointed to take up other new lines of work, among them being child labor and civics. The committee on civics will look after legislation in favor of improvement along civic lines. The Juvenile Court Aid society, organized by the Columbia Council of Jewish Women, held monthly meeting yesterday morning in McCreery's. Miss Nannie Oppenheimer, the probation officer, made her report for the past month. She has made 59 visits during the month, and spoke particularly of five cases for special investigation which have come under her attention.

Collecting Clothing for Sufferers.

At a special meeting of the board of directors of the Wimodausis club Saturday afternoon, in the home of the president, Mrs. John H. Armstrong, Hampton street, the board appropriated $100 to the California relief fund. It was also decided to collect a large supply of clothing, shoes, hats and other articles of apparel to be sent on in a few days to the sufferers from the earthquake in and about San Francisco. A meeting will be held this evening, when a systematic plan will be put into operation for collecting and forwarding of the supplies. The Wimodausis club yesterday afternoon attended in a body the funeral of Mrs. J. J. Green, a member of its board of directors and a past president of the club. The club was represented by almost 100 women out of its membership of over 400.

Meeting of Red Cross Committee.

The Red Cross committee, which worked during the typhoid fever epidemic in Butler, a couple of years ago, will meet this afternoon at 2 o'clock in the Woman's Industrial exchange. The call has been issued by the chairman, Mrs. J. L. Anderson. The committee has in its treasury about $900 which it is suggested might be turned over to the California relief fund. Action regarding this suggestion is the only matter which is to come before the members of the committe.

Give Concert for Charity.

The Tuesday Musical club gave its annual concert for charity last evening in the ballroom of the Hotel Schenley. The room was filled with people who enjoyed the program arranged by the retiring president, Miss Anne Phillips. It was of exceptional interest and was opened with the last three movements of Beethoven's symphony, Opus 31, No. 3, played by Miss Lucy P. Hine. The vocalists were Miss Duffin, Miss Katherine Ellis and Mrs. J. J. Patton. Miss Olive Wheat sang an obligato to Bartlett's "Slumber Song," sung by the club choral. The numbers by the club choral under the direction of James Stephen Martin also included "Faith, Hope and Love," and an old Scotch melody. The pianists were Mrs. Lawrence Litchfield and Mrs. Sturkow-Ryder. The concert was an artistic success, netting as well a handsome sum to be given to the work of the East End Visiting Nurses association. The associate members of the club acted as patronesses for the evening.

Need a Larger Lot.

J. Boyd Duff, president of the board of managers of the Soho public baths, is in Washington, D. C., trying to negotiate for additional property in Fifth avenue upon which to erect the Soho public baths in this city. The property wanted belongs to the Rush estate, and adjoins the plot of ground purchased some months ago for the site of the proposed bath house. Delay in commencing to build is caused by the wish to acquire the additional property and to erect a larger and more completely equipped building than can be done on the present lot. The monthly meeting of the board of managers of the Soho public baths was not held on Saturday, though the managers assembled, because of the absence of Mr. Duff, and also of Gilbert Packer, the chairman of the building committee.

Read Over New Program.

Colloquium club yesterday listened to the report of the program committee for next year. The new program will take up the Renaissance in art and literature in Florence. Yesterday afternoon Mrs. G. B. Sweeney gave a sketch of Ibsen and the tendencies of his work, which was followed by a reading from "A Doll's House," arranged by Miss Grace Hamilton, who was assisted by Mrs. Robert Linton, Mrs. George Porter, Mrs. W. A. Magee and Miss Jean Lyon.

Lecture by Dr. Levy.

Dr. J. Leonard Levy will lecture this evening before the Woman's club of Wilkinsburg on "Observations." During the afternoon the club will hold its regular meeting.

Says the Body Is Like a Watch

If You Do Not Keep It "Wound Up" It Is Certain to "Run Down."

A physician writing of the human body compares it to a watch. The heart is the main spring, the stomach the regulator and what we put into it is the key by which the machine is wound up. According to the quality of what we eat and how we digest it will be the pace of the pulse and the action of the system in general.

Good food well digested, will give you strength and energy. Without good food which your stomach can digest easily you will "run down," just like a watch runs down if it is not wound, and just as surely.

No other food is so rich in nutrition as Malta-Vita, and we know of no other so easily digested. This is why Malta-Vita gives the human body so much strength and energy.

Malta-Vita is the whole of the best white wheat, cooked and steamed, mixed with pure barley malt extract, then rolled into little wafer flakes and baked crisp and brown. The wheat contains every food element required by the human body. In its natural form, however, the wheat is not easy to digest because of its starch. The exclusive Malta-Vita process overcomes this disadvantage and turns the wheat into "The Perfect Food."

The thorough cooking and steaming breaks down the starch cells and the malt extract converts the starch into maltose, or malt sugar. Maltose is highly nutritious and the weakest stomach digests it easily. All its elements of strength and energy are taken up by the system, forming rich, red blood and supplying the body with vitality.

And Malta-Vita is so good to eat! No other food has that delicate, satisfying Malta-Vita taste. Just as delicious as wholesome. All grocers sell Malta-Vita. Now 10 cents.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." ED. G. HARTJE, Attorney-at-Law, St. Nicholas building, Pittsburgh, Pa. In the court of common pleas No. 1 of Allegheny county, No. 271, June term, 1906. Ida M. Calvin vs. Gregor Melchior Vogt, Ann Elizabeth Braehler and Adam J. Braehler, her husband, Maria Franzisca Reinhard and Joseph Reinhard, her husband, Maria Antonia Kimmel and Felix Kimmel, her husband. To the above named defendants: You are hereby notified that a bill in equity has been filed against you at the above number and term praying for an order for the perpetuation of testimony to establish the good faith of a sale of real estate situate on Sandusky street, Allegheny city, by Frank Vogt and Conrad Reinhard as attorneys in fact for the above named defendants, and to establish the further fact that the said Ida M. Calvin and her predecessors in title have been in open, notorious and adverse possession of said property for more than 25 years. And the said court has made the following order: "And now, to-wit, April 14, 1906, it appearing to the court by affidavit hereto attached that the defendants in the bill filed in this case cannot, upon diligent inquiry, be found; and it appearing that the testimony desired to be taken relates to real estate situate within the jurisdiction of this court, thereupon on motion of counsel for plaintiff it is ordered that service on defendants be made by publication once each week before May 6, 1906, in The Pittsburgh Gazette and the Pittsburgh Legal Journal, requiring them to appear in court on May 7, 1906, to make their answer on oath or affirmation to the bill filed in this case. STOCK MARKET WEAK, CLOSING AT THE LOWEST

Heavy Liquidation Occurred During the Afternoon, in the Absence of Bad News—Local Stock Market Also Closed Lower.

By JOHN O. BAGLIN, Financial Editor.

The New York stock market was weak almost from start to finish yesterday. During the morning session trading was dull, and some effort was made to support the market. In the afternoon trading was more active, and increased in volume to the close, which was at the lowest prices of the day. The sales for the first half of the session were only 360,000 shares, while the total for the day foot up 1,213,700 shares.

There was no news to account for the weakness and liquidation, but when it became apparent that the selling pressure was increasing, the bears added the weight of their operations, and at one time the market was semi-demoralized. Call loan rates did not get higher than 5¼ per cent, and subsequently declined to 3½ per cent, closing at 4 per cent, but the bears made much of the shipments of currency to the west and the transfers through the sub-treasury. The total of these shipments and transfers for the day was about $2,000,000, partially offset by the engagement of $1,500,000 more gold for import.

The impression is growing, however, that the expected easy money market will not be realized this spring and summer, and the firmness of time loans suggests that the large commission houses are supplying a portion of their needs in anticipation of much higher rates next fall.

Doubtless one of the influences in yesterday's market was the reported offering of bonds of the class carried by domestic and foreign fire insurance companies. While the San Francisco losses may not be adjusted for months, the companies which have losses to meet would not wait until the last day to provide for the payment of the same. On the contrary, in the present state of the money market, they would be justified in selling now and loaning the proceeds on call until the losses are adjusted and the companies are ready to pay. It was reported that some of the offerings were made "seller 15 days," which meant that the sellers would have 15 days after the sale in which to make deliveries. These offerings, it was thought, were for account of foreign fire insurance companies.

Another contingency which Wall street discussed was the probable amount of forced liquidation which would occur as soon as the vaults of the San Francisco banks and safe deposit companies were recovered from the ruins and opened. It is reasonable to suppose that there will be more or less selling of investments by Pacific coast investors just as soon as they can recover possession of their securities.

At the opening the San Francisco stocks, notably United Railroads and Pacific Coast, made strong advances over Saturday's closing prices. These gains were not held, however, Pacific Coast closing 3 per cent lower and United Railroads preferred 2 per cent lower. Union Pacific and Southern Pacific made fractional advances in the initial trading, but later turned decidedly weak. Union Pacific declined to 149¼, closing with a net loss of 3½ per cent. Northern Pacific closed 2 lower, Northwestern 2½, Great Northern preferred 6¼ and New York Central 3½ per cent lower than on Saturday.

Reading was the most active of its group, and at one time was well supported, but it finally broke to 123½, and closed at 124, a loss for the day of 4⅜ per cent. Pennsylvania closed 1¾ lower and Baltimore & Ohio 1⅝ lower.

The United States Steel stocks, which held up so well last week, sympathized with the weakness late in the day, and each closed at a net loss of 1⅜ per cent. The copper stocks and American Smelting were also weak and closed at or near the lowest. The largest declines in the minor industrials were 4 per cent for Sloss-Sheffield and American Locomotive.

Tonopah Extension was the only stock in the local market which resisted the declining tendency and closed at a good advance. The stock rallied $1.50 a share to 11¼, and closed at 11. Cable Consolidated sold to the extent of 5,075 shares at 67c to 69. United Copper was weak, opening lower at 64½, selling down to 63. Just before the close it was offered down to 61, with 60 bid. Crucible Steel preferred was the most active of the regular industrial list, selling off from 80¼ to 79⅝, closing at 79½. The common was inactive and closed unchanged at 14½. Pittsburgh Coal common sold at 15 and closed offered at 14½, while the preferred was a fraction lower at 57. A small lot of Pittsburgh Oil and Gas sold at 40, which was unchanged from the last previous sale. The annual report of the company fully accounts for the recent decline in the stock. Manufacturers Light and Heat declined to and closed at 30½. Ohio Fuel Supply was unchanged at 35¾. National Fire Proofing preferred declined a fraction to 26½. There were no transactions in the common. In the bond department Independent Brewing 6s sold at 108, an advance of ¼ per cent, while Pittsburgh, McKeesport & Connellsville 5s were unchanged at 105.

NOTES AND COMMENT.

"If there can be such a thing as benefit growing out of a calamity like that which overwhelmed San Francisco, then Pittsburgh will derive a greater share of that benefit than any other city," remarked a local financier yesterday. "The reason is that Pittsburgh is the largest producer of the material which enters into the reconstruction of a city. For instance, I am told that one jobber lost 150,000 boxes of window glass which he was carrying in warehouse in San Francisco. That is one little item as compared with the whole, but it is the multiplication of similar items which count for an enormous volume of business coming to this city. I imagine it will be months before there are any actual deliveries of structural steel for new buildings in San Francisco, but it will not be that long before specifications for new work will be prepared and orders placed, and Pittsburgh mills should get the largest proportion of such orders. I think it was this which helped to hold United States Steel stocks so well last week."

The new Russian loan to an amount equivalent to $440,000,000 is ready for issuance today. In London there will be a public issue of £13,000,000 by Baring Bros & Co., limited. The issue price will be 89 per cent. The bonds bear interest at 5 per cent, are irredeemable for ten years, and after ten years may be taken up by drawings calculated to redeem the entire loan by 1956, although the government reserves the privilege of increasing the drawings. The bonds are to be issued in denominations of £19 17s, £99 5s and £198 10s.

The stockholders of the Pittsburgh Oil & Gas Company yesterday authorized the issue of $1,200,000 bonds recommended by the board of directors for the purpose of liquidating a like amount of floating debt. The quarterly dividend of 1 per cent on the stock was suspended, an event which has been foreshadowed by the decline in the market. The company acquired during the year 15,983.14 acres of oil and gas leases and surrendered 75,002.17 acres that proved unproductive, leaving a total of 172,523.08 acres now held. In its fiscal year the company completed 206 wells, of which 35 were unproductive. At the present time the company has 1,319 producing wells in operation. The sum of $483,000 was expended during the year in the erection of a pumping station, the equipping of a plant at Marion, Ind., for the manufacture of gas from oil, and for laying 54 miles of pipe. The number of consumers of gas increased 2,410, the total now being 19,355. Following is the financial report for the year ended March 31, 1906:

Mr. Thomas W. Pomeroy, formerly connected with the Equitable Trust Company, has been elected assistant cashier of the Fort Pitt National bank.

The initial transaction in Tonopah Extension was a block of 1,905 shares at 10½, Morris, Brown & Co. to Speer Bros. The price later advanced to 11¼ and reacted to 11, 500 shares changing hands at the latter figure. The stock also advanced in New York curb market, but there was no news to account for the movement.

This week's Philadelphia bank statement shows a decrease of $1,293,000 in loans, an increase of $3,900,000 in deposits, and an increase of $2,942,000 in surplus reserve.

This week's Boston bank statement shows an increase in the local reserve of $305,283, and an increase in the reserve carried in New York of $3,789,000.

The annual report of the Nova Scotia Steel and Coal Company shows a profit and loss surplus of $706,335, against $695,750 at the close of the previous fiscal year.

Gross earnings of Chicago-Northwestern for March were $5,067,396, an increase of $305,517 over the same month last year.

English consols closed a fraction higher for both money and account, but home securities were weak, and London was a seller in the New York market.

The New York syndicate bankers interested in the deal lay great stress upon the value of the Philadelphia company system in making good some of the loss to the United Railways Investment Company on account of damage to the property of the United railroads of San Francisco. Inasmuch as the Investment Company owns 420,000 shares Philadelphia Company common stock, holders of the latter who did not assent to the conversion into new securities feel their position strengthened, because dividends must be paid on Philadelphia Company common stock if the security-holding company is to derive benefit from control of the property.

The latest estimate of the fire loss in San Francisco is $300,000,000, and the insurance loss $175,000,000. The manner in which the insurance companies will make payment is a matter which Wall street stock market operators are now trying to discount.

The quarterly report of the United States Steel Corporation will be made this afternoon. Guesses as to the amount of the net earnings ranged all the way from $36,000,000 to $40,000,000.

The heavy liquidation which occurred in the New York stock market yesterday afternoon, forcing a decline of from 1 to 4 points, was not based upon any special news event, but upon a growing appreciation of the possible consequences of the San Francisco calamity. It is beginning to be recognized that as soon as the banks in the unfortunate city resume business, the world at large will have a better idea of the effect of the disaster upon financial affairs, and that in order to avert any disturbance, an immense amount of money will flow toward the Pacific coast. Possibly a considerable amount of securities now held there will come east into a market that already has hanging over it numerous bond issues which underwriters have been waiting for a favorable opportunity on which to unload. Of course the burden will not fall entirely upon the New York money market. London will bear part of it, on account of the obligations of the foreign fire insurance companies, and the continental money markets will be affected by financial conditions in London. A prominent New York banker who was in Pittsburgh yesterday expressed the opinion that average rates for money in Wall street this spring and summer will be higher than at the same season last year, while there was, in his opinion, a likelihood of extreme stringency next fall. While last week's event may not have any important bearing upon commercial and industrial affairs, it has introduced a new problem into the money market, and the latter exercises a dominating influence upon the stock market.

STOCKS BREAK AFTER IRREGULAR INTERVAL

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, April 24.—The Herald this (Tuesday) morning says:

Stocks broke violently yesterday, after an interval of irregularity and hesitation which was marked by a heavy tendency. Closing prices were practically the lowest of the day, and reflected declines which ranged all the way from a fraction to 10 points. The latter was in Anaconda Copper, which has been behaving in a manner recently that suggested that the pool was in anything but a comfortable position. Losses of from 2 to 4 points were quite common in the active standard shares.

Liquidation in the market was unmistakable, and the selling became somewhat hysterical toward the close. Of course, the short interest helped the decline along, but bear traders covered repeatedly, only to find that the market was apparently "full of stock." After the early trading supporting orders were withdrawn from the market, as it was found a hopeless task to stem the selling movement. Thereafter large interests contented themselves with buying on a scaledown, with the view of steadying the market on any panicky break.

In well informed banking circles yesterday there was no mystery as to the reasons for yesterday's break in prices. It was due to the enormous destruction of wealth at San Francisco and the influence of this on the large fire underwriting companies. Speculative Wall street has been looking for the most part at the spectacular side of the disaster—the fire itself. On Saturday and yesterday various of the fire insurance companies have been consulting with banks and bankers as to what they should do, sell securities or borrow money upon them.

Some of them, particularly some of the Connecticut companies, figured upon the formation of a $25,000,000 or $50,000,000 bankers' money pool secured by underwriters' collateral. In the state of the money market this was not found feasible, and at best the companies were informed that they could not borrow year money at better than 6 per cent. It was pointed out to them that some of the stocks they carried were at a price which netted some 3 to 4 per cent on the market price. It was shown to some underwriters that it was more advantageous to sell securities than borrow money, and they sold.

The anticipated bankruptcy of from 15 to 20 of the fire underwriters, as a result of the San Francisco disaster, was probably the chief influencing factor in yesterday's market. Many persons, in anticipation of the winding up of underwriting companies, some of them fire insurance men, directors in the corporations, presumably, and bankers who were apprised of the problem which confronted the companies, whether they should sell securities or borrow money at 6 per cent, liquidated their own holdings or went short of the market for a time.

The short selling is really a blessing, as it furnishes some support to the market. The influential news of the day centered entirely around the fire insurance problem, and to the various phases of the money market growing out of the San Francisco disaster. Mr. Harriman's dispatch saying: "Impossible to describe destruction; all parts of the city affected is total loss," was interpreted in Wall street as very bearish, and to it was attributed the heavy decline of Union Pacific. Crop news and traffic reports were good, but no attention was paid to these features.

An Error Corrected.

Attention is directed to a typographical error in yesterday's advertisement of O. F. Jonasson & Company, Brokers, Machesney building, in The Gazette. Reference was made to the willingness of the company to furnish information on "any" mining property. The "my" was erroneously substituted for "any," making it appear that the firm was offering shares in which it was directly interested. This is not the case, O. F. Jonasson acting strictly as commission brokers in all mining and curb stocks.

BUILDING NEW TOWN AT MIDLAND

Over 1,000 Men Are Rushing Work on Great Steel Plant and Business Blocks.

GOOD SALES ON THE HEIGHTS

Almost unknown to the realty-buying public in Pittsburgh the new steel town of Midland, down the Ohio river, is fast taking form. That it will equal Trafford City in the money-making opportunities it affords is the opinion of the few dozen shrewd investors who have quietly slipped into the field the last few days and bought right and left on the main streets. Over 100 lots have been sold to residents of Beaver alone, who have watched the development of the Midland Steel Company's great project at close range. Buyers from East Liverpool, Wheeling and other down-river towns, with a few Pittsburgh investors, have brought the total number of lots sold up to 240 out of a total of 500, which it was expected would be put on the market May 1. The residence lots are all 50 feet wide and 140 feet deep to an alley, and are selling at from $5 to $16 a foot. The business lots, most of which face in Midland avenue, are 24x120 feet and are going fast at $22 a foot. The entire management of the lot plan has been turned over by the Midland Steel Company to W. C. Rice of Swissvale, who expects now to put on at least 900 more lots than were first projected as soon as the street improvements are in good shape.

It will be recalled that last year the Midland Steel Company bought about 1,300 acres of land 10 miles below Beaver and seven miles above East Liverpool as the site for a steel plant to cost several millions. Over 1,000 men are now working on the construction of this plant. About 250 coke ovens are nearly done. One furnace and four stoves are under way, and the furnace will be blown in June 1. Forty men are working double turn in the machine shop. The plants of the company will be built along the Ohio river bank while the remainder of the property running back from the river by a gentle slope is being laid out for the town site. Midland avenue, along which the street car line will be built this summer from East Liverpool to Beaver, is 65 feet wide, and the residence streets are 50 feet wide. Work was started yesterday on a $25,000 hotel in Midland avenue. The First National bank of Midland has been organized by Beaver capitalists and the $50,000 stock is already over-subscribed. Plans are now being drawn by a Beaver architect for a $20,000 bank building in Midland avenue, where the foundations are also being laid for a $10,000 store building.

Buying on the Heights.

The first evidences of spring buying on the heights overlooking the Ohio river came to notice yesterday in three sales, two of which were made by Samuel Gaston, the Sewickley broker, through the offices of George Brothers. A Pittsburgh capitalist is the buyer of both properties, and both of them will be held for an investment. One property is the well-known Robert McPherson farm of 33.25 acres on Sewickley Heights, for which the price was $11,000 net, or about $346 an acre. It fronts in the extension of the old Camp Meeting road, about 3.5 miles back from Leetsdale station, on the Pittsburgh, Ft. Wayne & Chicago railroad. The farm is a little over a mile from the camp meeting grounds and almost touches the Dairy farm. Two years ago George Brothers and D. H. Wallace secured several desirable tracts in this locality, and more recently H. W. Klein of Allegheny bought 17 acres immediately back of the McPherson farm for $400 an acre.

The other property sold by Mr. Gaston was the James McFadden farm of 275 acres, situated one mile from Moon postoffice on the road to Imperial. It is four miles from Stoops Ferry and one mile from the end of the macadamized road on Coraopolis Heights. Adjoining it are the Joseph Harper, George Springer and Linton farms. The price was $16,500, or $60 an acre.

Another farm in this locality that changed owners recently is the John McKinley property, 60 acres, one mile back of Stoops Ferry, which James McNally, the Pittsburgh woolen goods man, secured for $15,000, or $250 an acre. It adjoins the Gaston farm but does not come out to the macadamized road.

Confectionery Firm Buys Site.

Price Brothers, the confectioners, have bought through the Real Estate Savings & Trust Company an "L" shaped property at Main and Cherry streets, Fourth ward, Allegheny, for $13,500. It belonged to N. S. Ayres and adjoins the candy factory of the purchasers which is at the corner of the two streets named. The piece bought measures 30 feet in Main street and 62 feet in Cherry street, and has a depth of 166 feet back to Sawmill alley, runing around the factory. Two old brick warehouses now rented for $1,050 a year occupy the site. The leases on these run for two years longer, when the buyers expect to improve the lot with a big candy factory.

HAROLD W. WATKINS.

Harold W. Watkins is secretary of the Real Estate Savings & Trust Company of Allegheny, one of the most flourishing institutions in Greater Pittsburgh. He took his first lessons in real estate from John K. Ewing. Later he became a partner in the firm of Watkins & Textor which, in 1902, was merged into the Allegheny Real Estate Company.

The same brokers sold for Harry B. Naylor, real estate agent for Henry Phipps, to Thomas Wilkinson, his residence at 21 Riverview avenue, Fifteenth ward, Allegheny, for $10,000. The house is a modern ten-room reception hall brick residence on 40x135 feet.

Rebecca Brown has purchased from Lawrence A. Thompson about one acre of vacant frontage measuring 74x233 feet on the south side of Marshall avenue, Tenth ward, Allegheny, for $10,000.

Samuel McKnight has got his deed for the David Gregg Metheny property at the southwest corner of Federal and Robinson streets, Allegheny, which he recently purchased through Howard Brown & Brother for $160,000, the price named in the deed. The building is a very substantial four-story brick with stone front on a lot 38x100 feet.

The Granite Improvement Company, a purchasing company for the Pennsylvania Lines west, has secured title to the properties lately purchased through the Commonwealth Real Estate Company from Francis J. Torrance and the Schenley estate. They front in Preble avenue, Ninth ward, Allegheny, and the price was $80,000 each.

Clears $5,500 on East End Houses.

Henry S. Way clears $5,500 by the sale of ten houses in the Twenty-first ward which he bought three months ago from Fred R. Babcock for $39,500, and has sold to Thomas Watson for $45,000. Both deals were made by John A. Sharp. The houses are seven-room bricks, substantially built, and stand on lots 25x100 feet, each facing on the north side of Upland street between Lincoln and Lang avenues. They are all rented for $35 a month each.

What appears like an anomaly in the sale of downtown property is the price of $10,000 named in the deed for 24x65 feet at 524 Third avenue. The property belonged to Sophronia McKnight and was bought by William Walton. It is situated on the south side of the avenue between Grant and Ross streets, the house being an ordinary three-story brick, well rented. The price named is only $416 a front foot, which may be accounted for in part by the shallow depth of the lot.

Through the Aronson-Friedman Company Attorney Howard Zacharias of the firm of Diamond & Zacharias, has sold to a well known business man the properties at 6731-6733 McPherson street, for $15,000. The lot measures 50x140 feet, and has on it two brick houses of 11 rooms each.

The same brokers sold for James and Edward McLaughlin to a local investor nine solid brick houses on 100x120 feet in Priscilla avenue, Duquesne, for $12,000. The property is rented for $1,200 a year.

The Real Estate Trust Company sold for Israel Click to a downtown merchant the property at 1038 Forbes street, for $15,500. It is located between Chestnut and Magee streets, and consists of 24x131 feet, improved with two brick houses which are rented for $900 a year.

New School House at Mt. Pleasant.

Bids are being taken by Lloyd Bros., architects, on the six-room brick school house which will be built this summer at Mt. Pleasant at an estimated cost of $20,000. The same architects have plans for a store and apartment building for William Lowe, at Mt. Lebanon, to cost $10,000.

Architect Thomas J. Herron has plans for a three-story brick apartment house to be erected in California avenue, Alleghény, for James Brown.

Architects Rutan & Russell have awarded the contract to J. Lauer & Son for a residence for Mrs. Louise Fowler on Maple Heights. They are also taking estimates on a shingle residence for J. M. Tate, Jr., at Sewickley.

Swissvale: C. T. Marsh bought from E. J. Weitzel a business lot, 24x120 feet, in Monongahela avenue, near Duquesne avenue, Swissvale, for $1,900. This is the only vacant lot left in this square, the others being improved with good business blocks.

Wylie avenue: The Aronson Realty Company sold to J. Olt 2517-2519 Wylie avenue, near Junilla street, two brick buildings on 40x112 feet, for $7,800.

Arthur street: Louis Washbudsky sold to Hyman Saul an improved lot, 31x144 feet, on the west side of Arthur street, near Center avenue, Eleventh ward, for $6,500.

South Side: Charlotte Seauf sold to John Fischer an improved lot, 20x74 feet, on the west side of South Seventeenth street, near Sarah street, Twenty-eighth ward, for $6,200.

Steuben street: Anna M. Forster sold to W. Dragowski an improved lot, 20x75 feet, on the south side of Steuben street, Thirty-sixth ward, for $3,800.

Lambert street: Ella Smith sold to Mrs. Elizabeth Wallace an improved lot, 20x100 feet, in Lambert street, Twenty-first ward, for $4,500.

Shields street: Elizabeth O'Donnell sold to John Wuadagne an improved lot, 24.5x79.5 feet, on the east side of Shields street, Twenty-third ward, for $3,500.

Lang avenue: Theodore Cappell sold to James L. Richardson an improved lot, 27x100 feet, in Lang avenue, near Ray street, Twenty-second ward, for $6,000.

Wylie avenue: Agnes Carnahan sold to Esther Wilkifsky an improved lot, 21x79 feet, in Wylie avenue, Eleventh ward, for $6,000.

Building permits were issued yesterday to J. C. Earhart for a frame eight-room dwelling in Webster avenue, Thirteenth ward, to cost $3,000, and to H. D. Parker for a frame dwelling in Westmoreland avenue, Twenty-first ward, to cost $1,800.

VEGETABLES CONTINUE ON DOWNWARD TREND

Strawberries Are at Last Getting Cheaper as Southern Arrivals Are Still Good.

The downward trend of vegetables of all descriptions continues. The arrivals are generally large on Mondays, thus stocking the markets. Many changes were noticeable yesterday, noticeably in strawberries. They have been a luxury up to this time, but yesterday they dropped down to 18 and 20 cents a quart by the crate, and are probably as cheap as they will be for the next 30 days. The berries are of the Alabama variety and are the best ones shown this year in the local markets. The arrival of a car on Saturday and another yesterday had something to do with their cheapness.

Spinach is cheaper and was quoted yesterday at 40 and 50 cents, with prospects of it getting much lower in the near future. Rhubarb, both of the hot house and field varieties, took a drop.

Two weeks ago new peas were selling for $5 and $7 a bushel in Pittsburgh markets. Yesterday they were selling for $2 and $2 50 a bushel, and the quality is better. This change is caused by the supply from the south and the fact that already home planted peas are showing above the ground.

There is no change in the egg market and the present price will be maintained during the summer with only slight variations in either direction. Already thousands of cases of eggs are being packed in the west and this supply is cut off. There are large numbers of eggs being shipped into the city from the surrounding neighborhood, but few western eggs are in sight. The local supply is about equal to the demand during the summer months.

HAY AND GRAIN.

Receipts.

Receipts bulletined yesterday were: Pennsylvania lines, 54 cars hay, 17 cars oats, 6 cars corn, 4 cars straw, 5 cars feed; Baltimore & Ohio railroad, 34 cars hay, 2 cars oats, 1 car corn, 1 car straw, 1 car feed; Pittsburgh & Lake Erie railroad, 9 cars hay, 3 cars corn, 1 car rye.

Receipts yesterday were larger than for some time, although those given are for both Sunday and Monday. Hay is getting more plentiful, but there is still no change noticeable in the market. Cereals are still in demand and car arrivals are often bought before they get in.

NEWS FROM THE MINES.

The Revenue mine, Ouray's old standby, which suspended work for a day or two during the severe storm of a few weeks ago, when snowslides put its power lines out of working order for the time being, is again working to its full capacity with a working force of more than 300 men.

Stockholders of the Bullfrog-Eclipse Mining Company are to receive 600,000 shares of the new Tramp Consolidated Mining Company at Bullfrog. This will entitle every 1,000 shares of Bullfrog-Eclipse stock to 697½ shares of the new Tramp stock. The distribution will be made on May 5 to stockholders of record of April 25.

John A. Kirby, general manager of the Montana Tonopah Mining Company has issued a report covering the operations of the company in the first three months of the present year, showing that within that period a total of 3,061 feet of exploration work has been performed.

"We are stopping shipping ore," says Mr. Kirby, "on all levels, and are only removing and hoisting what third class or mill ore we encounter in mining the first class. Also have several shoots of first-class ore on different levels that we are not working on account of limited hoisting capacity. We intend continuing development work on the different levels as fast as our machinery will permit, so when the time arrives for steady output and dividends, there will be no delay.

"During the past three months there have been hoisted 2,638 mine cars of shipping ore, 1,161 cars of third-class or mill ore, and 13,422 of waste, making a total of 17,221 cars.

"The new steel gallows frame has arrived and is now in position, and will be in use in a few days. It has been erected over the old frame, without delaying mine work.

"The new 12-drill Ingersoll-Sergeant Duplex Compound Air Compressor has been shipped, and is expected in a few days. The new hoist will be shipped in the near future. Foundations for the compressor and hoist are now under way.

"Before the next quarter expires our new equipment will all be in running order and ready for mining on an extensive scale. The tests made on our mill ores by Fred M. Field, assayer and metallurgist, have just been completed and are very satisfactory. The method of milling has not been fully decided upon, but rests between the last two tests."

The Metal Market.

NEW YORK, April 23.—There was a strong advance in the London tin market, attributed here to speculative conditions, and spot closed at £178 5s and futures at £175 5s. Locally the market was firm and higher on the cables with spot quoted at $39 05@39 25. Copper was also higher in London, with spot quiet at £85 and futures at £82 10s. PROFIT-TAKING IS THE CAUSE OF SHARP SLUMP

Close of Grain Market Shows Large Decline in Price of May Delivery Wheat.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CHICAGO, April 23.—Profit-taking caused a slump here today in the price of wheat for May delivery, closing quotations showing a net loss of ⅝c. Owing to crop damage reports distant deliveries held firm, the July option closing ⅛c higher. May corn was off ⅛c. Oats were also down ½c. Provisions were 7½@32½c lower.

The wheat market opened firm on fair demand, by commission houses and pit traders, the buying being due chiefly to the firmness displayed by the Liverpool market, notwithstanding the decline here Saturday. Later, several leading commission houses began selling May and this started active profit-taking by local traders.

At the same time there was considerable changing from May to July and September deliveries. This caused a sharp slump in the price of May, and at the same time gave additional strength to July and September. A factor tending to weaken the May option was a lessened demand for cash wheat at Kansas City and Minneapolis. Reports of damage to fall-sown wheat furnished the principal reason for the demand for the distant months.

The Kansas state report claimed that 10 per cent of the area sown to wheat had been abandoned and that the condition was 89. Private reports had previously estimated the condition all the way from 90 to 95. The market closed irregular, the May delivery being rather weak, while other months were strong. May opened ⅛@¼c higher at 79⅜@79½c, sold between 78⅜@78½c and 79½c, and closed at 78¾c; July opened ⅛@¼c to ¼@⅜c higher at 78¼@78⅜c, ranged between 78⅛@78¼c and 78½@78⅝c, and closed at the highest point of the day. Clearances of wheat and flour were equal to 270,000 bushels.

The amount on passage decreased 648,000 bushels, and the visible supply decreased 2,022,000 bushels. Primary receipts were 559,000 bushels, compared with 478,000 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 441 cars, against 416 cars last week and 294 cars a year ago.

Increased acceptances from the country induced profit-taking in May corn, and resulted in weakness for that delivery. Other options were firm. Higher prices at Liverpool tended to strengthen the local market. Other factors that had a bullish influence were a decrease in world's shipments and in the amount on passage. The market closed irregular, with May easy and other months firm. May opened a shade to ⅛@¼c higher at 47¼@47⅜c, sold between 46¾@46⅞c and 47½@47⅝c, and closed at 47⅛c; July opened ⅛@¼c higher at 46@46⅛c, sold up to 46⅜c and closed at 46⅛c. Local receipts were 113 cars, with 8 of contract grade.

The trend of the oats market was similar to that of wheat and corn. Likelihood of an increase in local receipts caused free selling of May and resulted in moderate weakness in that delivery. Other options held steady because of a fair demand by commission houses. May opened at 38⅛c, sold between 31⅞@32c and 32¼@32⅜c, and closed at 32c; July opened a shade higher at 30⅝@30¾c, ranged between 30½c and 30¾c, and closed unchanged at 30⅝c. Local receipts were 147 cars.

Provisions were weak, owing to liquidation due to a 10c decline in the price of live hogs. Local longs were the chief sellers. At the close July pork was off 32½c at $15 90. Lard was off 7½@10c at $8 60. Ribs were also 7½@10c lower at $8 67½@8 70. Estimated receipts for tomorrow: Wheat, 13 cars; corn, 25 cars; oats, 223 cars; hogs, 16,000 head.

Evaporated Fruits.

NEW YORK, April 23.—About the only evaporated apples offering at the present time are a few lots of prime and better. Strictly prime are quoted at 9½@9¾c; choice, 10@10½c. Fancy are quoted at 11c. Prunes are in good demand on spot, with desirable grades held higher, although the general range is unchanged at 4½@8c, according to grade. Apricots are more or less nominal at 12c for choice; 12½c for extra choice; 13¼@13¾c for fancy. Peaches are also unsettled with holders of spot supplies very firm in their views. Choice are quoted at 10½c; extra choice, 10¾@11c; fancy, 11¼@11½c, and extra fancy, 11½@12c. Raisins are unchanged; loose muscatel quoted at 6@6¾c. Seeded raisins, 5¼@7¾c, and London layers at $1 50@1 60. The market for California fruits is still very unsettled, with the tone firm, pending more reliable accounts of the position.

The Drygoods Market.

NEW YORK, April 23.—The dry goods market today was quiet. Orders for new business for California, for quick delivery, began coming in late in the afternoon. San Francisco buyers in this market resumed shipments today.

It never disappoints. Piletta positively cures Piles. All druggists sell it.

Foreign Financial.

LONDON, April 23.—Money was in good demand in the market today. Discounts were firm. They were affected temporarily by the Russian loan, but a more important factor was the weakness of New York exchange. The demand for gold for shipment to New York was still keen and in the absence of supplies in the open market shippers were obliged to obtain the needed eagles from the Bank of England. Prices on the stock exchange were quietly steady at the opening, the settlement being a hindrance to business. Consols were maintained and closed with an improvement. Home rails dropped. Consols for money, 90; consols for account, 90 1-16. Bar silver firm at 30⅜d per ounce. Money, 3@3½ per cent. Discount for short bills, 3½ per cent; discount for three months' bills, 3½ per cent.

ST. PETERSBURG, April 23.—Prices on the bourse today opened steadier and later strengthening slightly. Imperial 4s closed at 74⅝c.

BERLIN, April 23.—Trading on the bourse today was quiet, due to realizations.

PARIS, April 23.—Prices on the bourse today were depressed, owing to the labor agitation in the department of the Pass-de-Calais and the Nord. Russian imperial 4s were quoted at 82 and Russian bonds of 1904 at 495.

RAILROAD EYES ON W. C. BROWN

Prospective President of N. Y. C. Lines and A. R. A. Started as a Wood Chopper.

DR. SWOPE IS CHIEF SURGEON

W. C. Brown is the man most prominent in railroad circles today. He is to become president of the New York Central lines, and he is the strongest candidate for president of the American Railway association. The former office will not be his, it is said, until July 1. The latter is to be determined tomorrow at Chicago, when the association will hold its annual meeting. President Fish of the Illinois Central has been president for the past two years. New York Central lines officers are working hard for Mr. Brown for this office. General Manager Yohe of the Pittsburgh & Lake Erie, went to Cleveland yesterday and joined other New York Central lines men, these officers going on to Chicago to prepare bulwarks and enlist recruits.

W. C. Brown.

The news of Mr. Brown going to New York at a salary of $75,000 a year to become president of the New York Central lines as successor to W. H. Newman, the latter becoming chairman of the board to succeed Senator Depew, was given in The Gazette Sunday. In organizing the operating department, of which Vice President Brown has been the head for the past couple of years, there will be two vice presidents: C. E. Schaff, now general manager of the Big Four, is to be operating vice president for lines west of Buffalo; and A. H. Smith, now general manager of the New York Central & Hudson River railroad, is to be operating vice president for lines east of Buffalo.

Mr. Brown started railroading in June, 1869, cording wood and wooding engines on the Chicago, Milwaukee & St. Paul. The following March he became a telegraph operator. From 1872 to 1875 he was a train dispatcher on the Illinois Central. From the latter date until 1880, he held the same office on the Rock Island. Then he went to the Burlington and rose gradually until he became general manager. From that office he was called to the New York Central lines.

Concentrating Efforts on Connection.

Efforts are being concentrated by construction forces on the Wabash and Union railroads for the connecting line. Vice President Worthington said yesterday that he expects to have this line ready for operations between June 1 and June 10. On the Wabash end the crucial point is the Walker cut, next to the Mifflin yard of the Monongahela Southern road, which is the Union railroad's portion of the connecting line. The remainder of grading on the Wabash end will be done and track laid when the Walker cut is completed. All rails, fastenings and ties are on the ground. There are now five steam shovels, nine locomotives, six teams, 57 cars, 10 foremen and 160 laborers, in addition to other men, engaged on this work. On the Monongahela Southern there are two steam shovels, three locomotives, 28 cars, 14 teams nine foremen and 123 laborers. The shovels are working on the heaviest cut, of which about 150 feet remains to be excavated.

Good progress is being made on the Wabash connecting line at Clairton, which is being built by the manufacturing interests. There are two pile driving machines in service and two forces of men are now excavating for the crossing of the Pennsylvania railroad tracks. This line was contracted to be completed August 1, but it will not be finished until at least a month later.

Optional Lake or Rail Ride.

Joint notice has been issued by General Passenger Agent Herman of the Cleveland & Buffalo Transit Company and General Passenger Agent Smith of the Lake Shore & Michigan Southern, that tickets sold by foreign lines for transportation over the Lake Shore road between Buffalo and Cleveland, will be accepted for passage on the Cleveland & Buffalo line steamers. Through tickets from tickets from points west of Cleveland on the Lake Shore or connecting lines, reading over the Lake Shore to Buffalo, or points beyond, will be exchanged by the conductor for an exchange check good on the first connecting steamer of the Cleveland & Buffalo line from Cleveland to Buffalo. Mr. Herman has been distributing to railroad agents and his friends a neat leather pocketbook and card case—just a handy thing in which to place tickets for passage on the boats.

Col. Moody Says Everybody Works.

Col. Moody left for Chicago last night, where, as general passenger agent of the Pennsylvania lines west, he will preside at a meeting of passenger agents of the western district This will be an important meeting, as it will concern placing men in new offices. Raymond B. Jones, for instance, will leave Pittsbrgh as city passenger agent to become traveling passenger agent at Omaha. New and old men ters at Madison, and W. H. Rowland will leave Crafton as agent to become traveling passenger agent at Omaha. New and old men in the offices where changes have occurred or where changes are to be made May 1, will be in attendance.

"We are just preparing to do some vigorous work," said Col. Moody last evening. "All of us are going to pitch in with our might and main, and it's going to count. That song about everybody working but father may be well enough in some places, but it won't go in this shop. Everybody works here, even father."

Important Wabash Changes.

Official circulars issued by C. C. Needham, real estate and claim agent of the Wabash lines east of Toledo, announcing the appointment of D. L. W. Swope of Pittsburgh as chief surgeon of the lines. Dr. Swope's headquarters as chief surgeon will be in the Park building.

A. C. Hezlep has resigned as engineer of maintenance of way of the Wabash lines east of Toledo. He will engage in private business on his own account in Cleveland. His successor had not been decided on up to last evening.

Testifies Against Counterfeiter.

United States Secret Service Agent John E. Washer returned yesterday from Clarksburg, W. Va., where he appeared as a witness against George M. Menear, whom he arrested in Pittsburgh last December for counterfeiting. Menear pleaded guilty before the United States district court and was sentenced to serve two years in the penitentiary at Moundsville and pay a fine of $250 and costs. John M. Hauger, an alleged accomplice of Menear, will be tried on May 8.

Murderer Learns of His Reprieve.

"Bet" Williams, who was to have been hanged today for the murder of Mamie Quincey, his mother-in-law, was yesterday notified by Sheriff Dickson of his reprieve. Williams' case has been appealed and comes before the board of pardons, which meets tomorrow in Harrisburg.

PLEASING EXHIBITS AT THE HORNE STORES

Great Rooms Are Converted Into Places of Instruction and Entertainment.

The first day of the industrial exhibit which is now making the Joseph Horne Company department store a place of free instruction opened yesterday. The store was thronged all day. Modern machinery operated by skilled workmen has been installed in the store to illustrate the manufacture of the various articles sold in the store. Women may see the exact manner in which silk, linen, woolen and various other fabrics from which their gowns are fashioned are manufactured. A spinning wheel, one actually in use 100 years ago, is operated in one corner by a white-haired grandmother, and forms a striking contrast to the great modern silk weaving loom operated by electricity and tended by stalwart men on the opposite side of the aisle. The display of historical gowns is particularly striking, the following periods being illustrated in the finest fabrics: Gainsborough, Queen Elizabeth, Mary Stuart, Empire and Marie Antoinette.

On the second floor of the store is an exact reproduction of the Old Block house. Souvenir postal cards are manufactured on the spot, with a sample for each visitor. Under the skilled fingers of F. J. Dugan, an expert potter, a lump of shapeless clay on the potters wheel may be seen to rapidly grow into a graceful, long-necked vase or a "little brown jug," corked and ready for use. The Speaking Arc Lamp, a cleverly constructed electric light, with which you may carry on a pleasant conversation, learn the state of the weather, the price of stocks and the fate of your friends in San Francisco, attracts large crowds.

Other things to interest one at the Horne stores this week lie in the making of trunks, manufacturing brooms, umbrellas, shoes, kid gloves and men's collars, wall paper designing, weaving oriental rugs, distilling water, designing and tinting cushion covers, painting pastels and the manufacture of men's hats.

In the Oil Fields.

In the Keener sand pool, on Point Pleasant creek, Ellsworth district, Tyler county, the Southern Oil Company has drilled in its No. 4 on the R. A. Workman farm and has a producer good for 100 barrels a day. This is the third good producer that this company has completed on this farm. No. 4 was started before No. 3. In the upper end of the same district the Melrose Oil and Gas Company has drilled its second test on the W. T. Leazer farm into the Keener sand and has a show for a 40 or 50-barrel producer. Twelve wells have now been completed in the district and all are producers except one. In the Middlebourne district, same county, the Carter Oil Company has drilled its test on the J. T. Ferrell farm through the Big Injun sand and the well is flowing salt water at the rate of 50 or 60 barrels an hour. The well shows a little oil and when the salt water has been exhausted it will probably make a fair producer. On Buffalo run, Grant district, Wetzel county, the Kanawha Oil Company has drilled its No. 3 on the Hart Brothers' farm through the Big Injun and will have an 8 or 10-barrel pumper.

In the Littleton district, Wetzel county, the Hope Natural Gas Company has completed its test on the Anthony Lavelle farm and has a Gordon sand gasser. In the Smithfield district the South Penn Oil Company has drilled its No. 9 on the J. L. Price farm three feet into the Gordon and the hole has filled up 1,800 feet with fluid. In the Folsom district the same company has drilled its second test on the J. W. Edgell farm into the 50-foot and has developed a light gas pressure. In the Fairview district, Marion county, the South Penn company has drilled its test on the Lucinda Wilson farm 16 feet into the Gordon and the well has made one light flow. It is still drilling.

On Silver run, Grant district, Ritchie county, the South Penn Oil Company has completed a third well on the P. M. McGinnis farm and has a duster in the salt sand. The first two wells drilled on this farm are good producers. In the Burning Springs district, Wirt county, Wolfe & O'Brien have completed their No. 20 on the Waite tract and have a five-barrel pumper in the second Cow Run sand at a depth of 612 feet. In the same district W. C. Edwards & Co. have drilled their No. 64 on the Rathbone oil tract through the same formation and have a duster. In the same district Sturm & Co. have started to drill at a test on the William Ash farm. In the Yellow Creek district, Calhoun county, the South Penn Oil Company's No. 15 on the H. I. Jackson farm is holding up at 100 barrels a day. In the Wick district, Tyler county, the Carter Oil Company's No. 4 H. C. Watson and No. 9 on the W. G. Snodgrass farm are holding up at 65 and 80 barrels respectively.

In the Woodsfield district, on the Ohio side, in Monroe county, some light wells have been completed. The Pure Oil Company has drilled its No. 5 on the Dora Bumgartner farm through the Berea grit and has a show for a 10-barrel producer. In the same district the same company has completed No. 11 on the L. B. Christman farm and will not have better than a five-barrel pumper. In the Macksburg field, in Washington county, Levi Hall has completed No. 15 on his own farm and has a five-barrel pumper in the 800-foot sand. In the same district the Cumberland Oil and Mining Company has drilled its No. 4 on the Hammond Burton farm through the Germantown sand and has a gasser. Near Harriettsville, Noble county, S. B. Longfellow & Co. have drilled their test on the Mrs. M. J. Carrilight farm through the Berea grit and has a gasser.

Near Georgetown, Beaver county, Pa., Clark Boughman & Co. have completed and shot their No. 5 on the John Nelson farm and have a light show of oil. At New Galilee, in the same county, the Beaver Valley Clay Company has completed a test on the McKim farm and has a light gasser in the Berea grit.

UNABLE TO READ; LOSES PROPERTY

Aged Woman Makes This Plea in an Endeavor to Have Sale Cancelled.

DENIES CHILD'S PATERNITY

Alleging that unfair means were used to get her property from her because she was unable to read or write and was unfamiliar with business matters, Mrs. Rosie Dougherty, aged 64, filed a bill in equity against the Mercantile Trust Company, as receiver of the Oakland Building & Loan association, the German American Savings & Trust Co., formerly receiver for the association, and Matthew Mawhinney, Robert Thompson, Samuel Montgomery and George F. Kim, officers of the association, to compel the satisfaction of a mortgage and to have reconveyed back to her property which was sold at sheriff's sale. She avers the mortgage had been satisfied by her. She claims to have subscribed for 15 shares of stock in the Oakland Building & Loan association, and to have borrowed $1,500, giving a mortgage and her stock as collateral. Her book was kept at the association and payments and interest credited in it. In 1885, she says she again borrowed $1,500 and took 15 more shares of stock, giving it as collateral, and repeated this same transaction in 1890. She claims she met the payments and that these mortgages were cancelled.

In 1893 the association went into the hands of a receiver, and judgment was secured against her on the old mortgages which had been paid off. A sheriff's sale was ordered and she claims she went to see Kim, who told her to pay no attention to the matter as it was a mistake. The sale later took place. She alleges, despite Kim's assurance, and now she wants her property returned to her.

Wants Childs Parentage Established.

The appeal of Theodore N. Nagle, an Erie, Pa., millionaire, was argued in superior court. He petitioned the quarter sessions court of Philadelphia county to determine the paternity of a child by a jury trial, denying that he was the father. His wife sued him for non-support in September, 1903, alleging he had neglected the child, then nearly 6 years old. He claimed he was separated from his wife in May, 1896, was granted a divorce later on the ground of infidelity by the courts in Erie county, and that the child was born in March, 1897. He claims no demand was made on him to support the child until the suit was about to be entered, when it was then made by Frank W. Lyons, with whom, he says, Mrs. Nagle was living. Mrs. Nagle denies his statements, except as to the separation, and asserts she had no knowledge of the divorce and had made many demands on him for support of the child. The lower court held it had no power to grant a jury trial for non-support.

The appeal of the Marine Coal Company from common pleas No. 3 of this county was argued. It is a suit brought by the Goff-Kirby Coal Company to recover $1,223 35 damages for failure to keep a contract.

In the suit of Elmer W. Moore, receiver of the defunct Iron City Mutual Fire Insurance Company, against Louis Rohrbacker of Wayne county, Judge Reed decided that a jury trial should be had. Rohrbacker was a stockholder and refused to pay an assessment levied by the receiver, who brought the suit. On account of the technicalities involved the lower court had decided against the receiver.

Were Granted Divorces.

Decrees of divorce were made in the cases of Emma Woodhouse against Robert C. Woodhouse; Jeannette Shearer against John B. Shearer, Joseph R. Friend against Lenora E. Friend, all on grounds of desertion.

Libels in divorce were: Charlotte T. Hall against Charles E. Hall, desertion; Mary Umbozzig against Joseph Umbozzig, desertion; Lizzie A. Ulrich against Philip J. Ulrich, indignities; Amelia S. Peasley against Oliver Peasley, desertion; William Alexander against Elizabeth Alexander, desertion.

A voluntary petition in bankruptcy was filed by Thomas F. Whelan, a plumber of Pittsburgh, with $1,088 assets and $3,001 liabilities.

Sign Anglo-Thibetan Treaty.

SHANGHAI, April 23.—The Anglo-Thibetan treaty has been signed at Pekin. It provides for the recognition by Great Britain of the protectorate of China over Thibet. Great Britain will not interefer internally in Thibet unless other powers do.

THE THREE RIVERS

The stage of water at Davis island dam, at 9 o'clock last night, was 6.9 feet and the river was falling.

CINCINNATI, O., April 23.—(Special.)—At 6 p. m. today the stage of the Ohio river at Cincinnati was 22.8 feet and falling. Today's arrivals were: Greenwood and Courier. Owing to the high winds the Tom Dodsworth has been tied to the bank above Cincinnati today. Capt. Menges was in hopes of having the boat proceed on her way south with a tow of coal. Clear, cool and windy.

GREENSBORO.—Eight feet 8 inches; stationary. Fair.

STEUBENVILLE.—Nine feet 4 inches; falling. Clear and cold.

OIL CITY.—Two feet 9 inches; stationary. Cloudy and cold.

MARIETTA.—Nine and a half; falling. Cloudy, cool. Queen City up.

MORGANTOWN.—Nine feet 3 inches; stationary. Cloudy and cool.

PARKERSBURG.—Ten feet, falling. Clear and cool. Queen City left for Pittsburgh.

POINT PLEASANT.—Eleven feet 6 inches; falling. Cloudy and cold. Up—Queen City, Henry M. Stanley, Charles B. Pierce arrived. Down—Virginia.

LOUISVILLE.—Falling; in canal, 8.6 feet; on falls, 6.4 feet; below locks, 24 feet. Clear and cooler.

ASSISTANT FOR MAJOR SIBERT.

Government Orders Lieutenant Boggs to Pittsburgh to Help Local Engineer.

There has been no change in the stage of water favorable to river men, and no coal is being shipped. There was one arrival from the south when the Jim Moren came in last evening with a large tow of empties. In the meantime all the river coal companies are working regularly and when the rise comes one of the largest fleets of the year will go out.

The government intends to rush work on the dams on the Ohio and Monongahela. To this end the secretary of war has given Major Sibert, United States engineer, another assistant, Lieut. Frank Boggs. He will have charge of the building of lock No. 3 on the Monongahela river. Lieut. Johnson will look after the work at No. 4, and Lieut. Spalding will have charge of lock No. 3, Ohio river.

The wharf showed a decided activity yesterday. Three packets, the Ben Hur, Keystone State and Kanawha all arrived, bringing in large cargoes, part of which were eggs, nearly 5,000 cases being aboard the three boats. Farm products and some live stock were also included.

OFFICIAL—PITTSBURGH.

Department of Public Works,
Pittsburgh, Pa., April 18, 1906.

SEALED PROPOSALS will be received at the office of the city controller until Monday, April 30, 1906, at 10 o'clock a. m., for repairs to Diamond markets.

Plans and specifications may be seen and blanks for bidding may be obtained at the general office of the department of public works.

Each proposal must be accompanied by a bond with two (2) sureties, probated before the city clerk or assistant city clerk, or the bond of a surety trust company which has complied with the ordinances for furnishing bonds for city contracts.

The mayor and the director of the department of public works reserve the right to reject any or all bids.

Proposals will be opened in common council chamber, Municipal hall, Monday, April 30, A. D. 1906, at 10:30 o'clock a. m.

GEORGE W. GUTHRIE,
Mayor,
JAMES W. CLARK,
Director Department of Public Works.
